Summary of the Proposed Information Collection

Public Law 103-62, the Government Performance and Results Act of 1993, enacted on August 3, 1993, sets forth objectives for Federal agencies to, among other things, initiate measures to improve information on program performance, and specifically, to focus on evaluating results, quality, and customer satisfaction. The one-page survey asks for voluntary input from respondents by circling responses that indicate an assessment of reader satisfaction regarding the value and quality of Commission reports. The "tear-out" survey is being placed inside the cover of certain reports issued by the Commission (excluding Title VII reports for which a separate survey is being designed), including all public studies requested by the Congress and the United States Trade Representative, or reports conducted by the USITC on its own motion, pursuant to section 332 of the Tariff Act of 1930 (19 U.S.C. 1332(g)), and other public reports that meet agency program requirements for a research program set forth in its Strategic Plan (available on the agency's World Wide Web site at <http://www.usitc.gov>). Following are highlights of the proposed information collection:

(1) Number of forms to be submitted: One single-page form

(2) Title of form: USITC Reader Satisfaction Survey

(3) Type of request: Proposed extension of a currently approved collection

(4) Frequency of use: Annual or on occasion information gathering

(5) Description of Respondents: Interested parties receiving most all public reports issued by the USITC, with the exception of Title VII reports

(6) Estimated number of respondents: 2,500 annually

(7) Estimated total number of hours to complete the forms: 625 hours annually

(8) Response burden: Less than 15 minutes for each individual respondent

(9) Information requested on a voluntary basis is not proprietary in nature, but rather for program evaluation purposes and is not intended to be published. Commission treatment of questionnaire responses will be followed; responses will be aggregated and will not be presented in a manner that will reveal the individual parties that supplied the information.

Although the survey will be made available on the Commission's web site, responses must be in paper form.

Issued: July 27, 1999.
