- The Standards Council of Canada (SCC) voted to end its Laboratory Accreditation Program for Substance Abuse (LAPSA) effective May 12, 1998. Laboratories certified through that program were accredited to conduct forensic urine drug testing as required by U.S. Department of Transportation (DOT) regulations. As of that date, the certification of those accredited Canadian laboratories will continue under DOT authority. The responsibility for conducting quarterly performance testing plus periodic on-site inspections of those LAPSA-accredited laboratories was transferred to the U.S. DHHS, with the DHHS' National Laboratory Certification Program (NLCP) contractor continuing to have an active role in the performance testing and laboratory inspection processes. Other Canadian laboratories wishing to be considered for the NLCP may apply directly to the NLCP contractor just as U.S. laboratories do.

Upon finding a Canadian laboratory to be qualified, the DHHS will recommend that

DOT certify the laboratory (**Federal Register**, 16 July 1996) as meeting the minimum standards of the "Mandatory Guidelines for Workplace Drug Testing" (59 **Federal Register**, 9 June 1994, Pages 29908-29931). After receiving the DOT certification, the laboratory will be included in the monthly list of DHHS certified laboratories and participate in the NLCP certification maintenance program.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

On February 26, 1999 (64 FR 9618),  
HUD published its FY 1999 SuperNOFA  
for HUD's Housing, Community  
Development, and Empowerment  
programs. The FY 1999 SuperNOFA  
announced the availability of  
approximately \$2.4 billion in HUD  
program funds covering 32 grant  
programs and program components  
administered by the following HUD  
offices: the Office of Community  
Planning and Development (CPD); the  
Office of Housing-Federal Housing  
Administration (FHA); the Office of  
Public and Indian Housing (PIH); the  
Office of Policy Development and  
Research (PD&R); the Office of Fair  
Housing and Equal Opportunity

(FH&EO); and the Office of Lead Hazard  
Control.

On May 18, 1999 (64 FR 27120), HUD  
published a notice that, among other  
things, extended the deadline for certain  
programs in the SuperNOFA to  
accommodate areas that were  
designated disaster areas as a result of  
the tornados in early May 1999. The  
May 18, 1999 notice republished for the  
convenience of the readers the  
introduction section of the SuperNOFA  
to reflect updates to programs and  
application due date changes.

In both the February 26, 1999  
SuperNOFA and in the May 18, 1999  
extension notice, HUD advised, in the  
introduction section, that the  
SuperNOFA application rating system  
provides for up to two bonus points for  
eligible activities/projects that the  
applicant proposes to be located in high  
performing federally designated  
Empowerment Zones (EZs) or Enterprise  
Communities (ECs). HUD also advised  
that it would publish in the **Federal  
Register** the list of high performing EZs  
and ECs.

This notice provides the list of high  
performing EZ and ECs, both urban and  
rural.

The list is attached as Appendix A to  
this notice.

Dated: August 2, 1999.

**Cardell Cooper,**

*Assistant Secretary for Community Planning  
and Development.*
