AGENCY: Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: The Director of Defense Procurement has issued a final rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to update guidance pertaining to multiyear contracting. The rule contains statutory requirements related to the award of multiyear contracts for supplies, services, and weapon systems. **EFFECTIVE DATE:** August 9, 1999.

SUPPLEMENTARY INFORMATION:

A. Background

This final rule amends DFARS Subpart 217.1 to update guidance

The rule adds requirements to reflect the provisions of 10 U.S.C. 2306(g)(2)(B), 10 U.S.C. 2306b(i)(3), and Section 8008(b) of Public Law 105-56; updates other statutory references throughout the subpart; and makes editorial revisions for clarity. In addition, the rule adds a definition of "Congressional defense committees" at DFARS 202.101.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

This final rule does not constitute a significant revision within the meaning of FAR 1.501 and Public Law 98-577 and publication for public comment is not required. However, comments from small entities concerning the affected DFARS subparts will be considered in accordance with 5 U.S.C. 610. Such comments should cite DFARS Case 97-D308.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

(d) Every multiyear contract must comply with FAR 17.104(c), unless an exception is approved through the budget process in coordination with the cognizant comptroller.
