**Agency Forms Undergoing Paperwork Reduction Act Review**

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-7090. Send written

*Proposed Project*

1. The National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP). The purpose of this request is to obtain OMB clearance to conduct the main data collection studies and the validity/reliability studies. The pilot portion of the data collection was approved in April. Upon the completion of the pilot this package will be submitted for OMB review for the remainder of the survey. The studies involve school health policies and programs in elementary, middle/junior, and senior high schools nationwide. A similar study was conducted in 1994 (OMB No. 0920-0340). SHPPS 2000 will assess the characteristics of eight components of school health programs at the elementary, middle/junior, and senior high school levels: health education, physical education and activity, health services, food service, school policy and environment, mental health and social services, faculty and staff health promotion, and family and community involvement. SHPPS 2000 data will be used to provide end-of-decade measures for 18 national health objectives for 2000 and as a baseline measure for at least 17 draft objectives for 2010. No other national source of data exists for these 2000 and draft 2010 objectives. The data also will have significant implications for policy and program development for school health programs nationwide. The total annual burden hours are 14,551.
