Federal Aviation Administration

14 CFR Part 71

[Airspace Docket No. 99-ACE-39]

Amendment to Class E Airspace; Emmetsburg, IA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; request for comments.

SUMMARY: This action amends the Class E airspace area at Emmetsburg Municipal Airport, Emmetsburg, IA. The FAA has revised the Nondirectional Radio Beacon (NDB) or Global Positioning System (GPS) Runway (RWY) 13 Standard Instrument Approach Procedure (SIAP) to serve Emmetsburg Municipal Airport, IA. Additional controlled airspace extending upward from 700 feet Above Ground Level (AGL) is needed to accommodate this SIAP and for Instrument Flight Rules (IFR) operations at this airport. The enlarged area will contain the revised NDB or GPS RWY 13 SIAP in controlled airspace.

In addition, a minor revision to Airport Reference Point (ARP) is included in this document.

The intended effect of this rule is to provide controlled Class E airspace for aircraft executing the NDB or GPS RWY 13 SIAP, amend the ARP, and to segregate aircraft using instrument approach procedures in instrument conditions from aircraft operating in visual conditions.

DATES: This direct final rule is effective on 0901 UTC, December 30, 1999.

Comments for inclusion in the Rules Docket must be received on or before October 18, 1999.

ADDRESSES: Send comments regarding the rule in triplicate to: Manager, Airspace Branch, Air Traffic Division, ACE-520, Federal Aviation Administration, Docket Number 99-ACE-39, 601 East 12th Street, Kansas City MO 64106.

The official docket may be examined in the Office of the Regional Counsel for the Central Region at the same address between 9:00 a.m. and 3:00 p.m., Monday through Friday, except Federal holidays.

An informal docket may also be examined during normal business hours in the Air Traffic Division at the same address listed above.

FOR FURTHER INFORMATION CONTACT:

Kathy Randolph, Air Traffic Division, Airspace Branch, ACE-520C, Federal Aviation Administration, 601 East 12th Street, Kansas City, MO 64106; telephone: (816) 426-3408.

SUPPLEMENTARY INFORMATION: The FAA has revised the NDB or GPS RWY 13 SIAP to serve the Emmetsburg Municipal Airport, Emmetsburg, IA.

The amendment to Class E airspace at Emmetsburg, IA, will provide additional controlled airspace at and above 700 feet AGL in order to contain the revised SIAP within controlled airspace, and thereby facilitate separation of aircraft operating under Instrument Flight Rules (IFR). The ARP is amended and included in this document. The area will be depicted on appropriate aeronautical charts. Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published in paragraph 6005 of FAA Order 7400.9F, dated September 10, 1998, and effective September 16, 1998, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The Direct Final Rule Procedure

The FAA anticipates that this regulation will not result in adverse or negative comment and, therefore, is issuing it as a direct final rule. Previous actions of this nature have not been controversial and have not resulted in adverse comments or objections. The amendment will enhance safety for all flight operations by designating an area where VFR pilots may anticipate the presence of IFR aircraft at lower altitudes, especially during inclement weather conditions. A greater degree of safety is achieved by depicting the area on aeronautical charts. Unless a written adverse or negative comment, or a written notice of intent to submit an adverse or negative comment is received within the comment period, the regulation will become effective on the date specified above. After the close of the comment period, the FAA will publish a document in the **Federal Register** indicating that no adverse or negative comments were received and confirming the date on which the final rule will become effective. If the FAA does receive, within the comment period, an adverse or negative comment, or written notice of intent to submit such a comment, a document withdrawing the direct final rule will be

published in the **Federal Register**, and a notice of proposed rulemaking may be published with a new comment period.

Comments Invited

Although this action is in the form of a final rule and was not preceded by a notice of proposed rulemaking, comments are invited on this rule. Interested persons are invited to comment on this rule by submitting such written data, views, or arguments as they may desire. Communications should identify the Rules Docket number and be submitted in triplicate to the address specified under the caption **ADDRESSES**. All communications received on or before the closing date for comments will be considered, and this rule may be amended or withdrawn in light of the comments received. Factual information that supports the commenter's ideas and suggestions is extremely helpful in evaluating the effectiveness of this action and determining whether additional rulemaking action would be needed.

Comments are specifically invited on the overall regulatory, economic, environmental, and energy-related aspects of the rule that might suggest a need to modify the rule. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons. A report that summarizes each FAA-public contact concerned with the substance of this action will be filed in the Rules Docket.

Commenters wishing the FAA to acknowledge receipt of their comments submitted in response to this rule must submit a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. 99-ACE-39." The postcard will be date stamped and returned to the commenter.

Agency Findings

The regulations adopted herein will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with Executive Order 12612, it is determined that this final rule does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

The FAA has determined that this regulation is noncontroversial and unlikely to result in adverse or negative comments. For the reasons discussed in the preamble, I certify that this regulation (1) is not a "significant regulatory action" under Executive

Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) if promulgated, will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

Accordingly, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9F, Airspace Designations and Reporting Points, dated September 10, 1998, and effective September 16, 1998, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

ACE IA E5 Emmetsburg, IA [Revised]

Emmetsburg Municipal Airport, IA
(Lat. 43°06'07"N., long. 94°42'18"W.)
Emmetsburg NDB
(Lat. 43°06'04"N., long. 94°42'26"W.)

That airspace extending upward from 700 feet above the surface within a 6.5-mile radius of Emmetsburg Municipal Airport and within 2.6 miles each side of the 128° bearing from the Emmetsburg NDB extending from the 6.5-mile radius to 7.4 miles southeast of the airport and within 2.5 miles each side of the 324° bearing from the Emmetsburg NDB extending from the 6.5-mile radius to 7 miles northwest of the airport.

14 CFR Part 71

[Airspace Docket No. 99–AWP–2]

Modification of Class E Airspace; Mojave, CA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action modifies the Class E airspace area at Mojave, CA. The establishment of a Global Positioning System (GPS) Standard Instrument Approach Procedure (SIAP) to Runway (RWY) 4 and GPS RWY 22 at Mojave Airport has made this proposal necessary. Additional controlled airspace extending upward from 700 feet or more above the surface of the earth is needed to contain aircraft executing the GPS RWY 4 and GPS RWY 22 SIAP to Mojave Airport. The intended effect of this action is to provide adequate controlled airspace for Instrument Flight Rules (IFR) operations at Mojave Airport, Mojave, CA. This action also corrects an error in the geographic coordinates of the Mojave Airport, CA, and removes the Edward AFB, CA, header of the Notice of Proposed Rulemaking that was published in the **Federal Register** on July 7, 1999 (64 FR 36631) Airspace Docket No. 99–AWP–2.

EFFECTIVE DATE: 0901 UTC November 4, 1999.

FOR FURTHER INFORMATION CONTACT:

Larry Tonish, Airspace Specialist, Airspace Branch, AWP–520, Air Traffic Division, Western-Pacific Region, Federal Aviation Administration, 15000 Aviation Boulevard, Lawndale, California 90261, telephone (310) 725–6539.

SUPPLEMENTARY INFORMATION:

History

On July 7, 1999, the FAA proposed to amend 14 CFR part 71 by modifying the Class E airspace area at Mojave, CA (64 FR 36631). Additional controlled airspace extending upward from 700 feet above the surface is needed to contain aircraft executing the GPS RWY 4 and GPS RWY 22 SIAP at Mojave Airport. This action will provide adequate controlled airspace for aircraft executing the GPS RWY 4 and GPS RWY 22 SIAP at Mojave Airport, Mojave, CA.

Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA.

No comments to the proposal were received. Class E airspace designations for airspace extending from 700 feet or more above the surface of the earth are published in paragraph 6005 of FAA Order 7400.9F dated September 10, 1998, and effective September 16, 1998, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The Rule

This amendment to 14 CFR part 71 modifies the Class E airspace area at Mojave, CA. The development of a GPS RWY 4 and GPS RWY 22 SIAP has made this action necessary. The effect of this action will provide adequate airspace for aircraft executing the GPS RWY 4 and GPS RWY 22 SIAP at Mojave Airport, Mojave, CA.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389; 14 CFR 11.69.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9F, Airspace Designations and Reporting Points, dated September 10, 1998, and effective
