SUMMARY: The Federal Emergency Management Agency has submitted the following proposed information collection to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3507).

Title: National Fire Incident Reporting System (NFIRS)

Type of Information Collection: Reinstatement, with change, of a currently approved collection for which approval has expired.

OMB Number: 3067-0161

Abstract: The NFIRS program provides a mechanism using standardized reporting methods to collect and analyze fire incident data at the Federal, State, and Local levels. Data analysis help local fire departments and States to focus on current problems, predict future problems in their communities, and measure whether their programs are working. It also enables the U.S. Fire Administration (USFA) to identify common trends in collected data that may be applicable to fire problems on a national scale. NFIRS data is used: at the Local level, for setting priorities, targeting resources, and designing fire prevention and education programs specifically suited to the real fire problems of a community or State; at the State level, to justify State budgets and has helped in the passage of important fire and arson related bills; at the National level, to provide feedback reports to States and local fire departments that enable them to better manage and plan for fire protection and prevention programs, to produce the USFA's annual report "Fire in the United States", and other as required reports, to share useful consumer protection information with private concerns and other government agencies, and to perform special studies.

Affected Public: State, Local or Tribal Government.

Number of Respondents: 14,000.

Estimated Time per Respondent: NFIRS-1, Incident Report—1 hour; NFIRS-2, Civilian Casualty Report—55 minutes; NFIRS-3, Fire Service Casualty Report—50 minutes; NFIRS-4, Fire Department Identification—30 minutes; NFIRS-5, Report of Submitted Incidents, 30 minutes; NFIRS-HMI,
