

1999, Title II of Pub. L. 105-277, and (2) the revision of NIDCR's functional statement.

Section N-B, Organization and Functions, is amended as follows:

Under the heading National Institute of Dental Research (NP, formerly HNP), the title and functional statement are deleted in their entirety and the following is inserted:

National Institute of Dental and Craniofacial Research (NP, formerly HNP). To improve and promote craniofacial, oral, and dental health through research: (1) develops disease prevention, diagnostic, therapeutic, and health promotion measures through the conduct and support of basic, translational, applied, and demonstration research; (2) develops and maintains an adequate research personnel pool through the conduct and support of training and career development programs; (3) promotes the timely transfer and appropriate adoption of research findings by the public, professional and research communities; (4) disseminates accurate information to the public, professionals and policy-makers; and (5) coordinates and collaborates with, and assists and fosters relevant research and research-related activities with, other public and private agencies and organizations.

#### Delegations of Authority Statement

All delegations and redelegations of authority to offices and employees of NIH which were in effect immediately prior to the effective date of this realignment and are consistent with this realignment shall continue in effect, pending further redelegation.

Dated: August 30, 1999.

##### Proposed Information Collection Activity; Comment Request

##### Proposed Project

**Title:** (1) TANF Data Report, ACF-1999 (including TANF Sampling and Statistical Methods Manual)

(2) SSP-MOE Data Report, ACF-204 (Including TANF Sampling and Statistical Methods Manual)

OMB No.: 0970-0199.

**Description:** 42 U.S.C. 611 and 45 CFR Part 265 require States to collect on a monthly basis and report quarterly the data in the ACF-199 and the ACF-204.

A State may comply with these requirements by collecting and submitting case record information for its entire caseload or for a portion of the caseload that is obtained through the use of scientifically acceptable sampling methods. Currently 22 States are sampling their monthly caseloads and submitting the required TANF data based on these samples, and potentially 17 States could use sampling for the SSP-MOE Report. We expect similar numbers to use sampling in the future and the subject to the following revisions. We are proposing to revise the current information collection requirements by: (1) issuing the TANF Sampling and Statistical Methods Manual to provide guidance to States on the sampling process; (2) adding a section four to both data collection forms. The TANF Data Report—Section Four is designed to collect the weighting data for the State TANF program. The SSP-MOE Data Report—Section Four is designed to collect the weighting for the SSP-MOE programs. The current OMB inventory indicates an approved burden of 516,680 hours for the ACF-199 and the ACF-204. We estimate that the proposed revisions will increase the burden by 1,599 hours for a total revised estimated annual burden of 518,279 hours.

**Respondents:** State, Local or Tribal Government.

**Annual Burden Estimates:**

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
TANF Data Report .....	54	4	2,187.18	472,430
SSP-MOE Data Report .....	17	4	674.25	45,849

Estimated total Annual Burden Hours: 518,279.

In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above. Copies of the proposed collection of information can be obtained and comments may be forwarded by writing to the Administration for Children and Families, Office of Information Services, 370 L'Enfant Promenade, SW, Washington, DC 20447, Attn: ACF Reports Clearance Officer. All requests should be identified by the title of the information collection.

The Department specifically requests comments on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including

whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Dated: September 2, 1999.

##### Administration for Children and Families

##### Grant to the Institute for Responsible Fatherhood and Family Revitalization

**AGENCY:** Office of Planning, Research and Evaluation, ACF, DHHS.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that a noncompetitive grant award is being made to the Institute for Responsible Fatherhood and Family Revitalization. Funding in the amount of \$180,000 is being awarded for a 12-month project period, beginning October 1, 1999 and ending September 30, 2000. Under the title of "Evaluation of the Institute for Responsible Fatherhood and Family

Revitalization's Turning the Hearts of Fathers Program," the project proposes to test the value, effectiveness, efficiency and utility of its primary intervention, non-traditional outreach and counseling, in altering the lives of fathers, children, the mothers of their children, families and communities.

This project is being funded noncompetitively, because the Institute plans to use innovative and nontraditional techniques which offer the potential of connecting a non-custodial father with his children and forging an emotional bond. The study will employ a holistic approach in providing services to members of the family who impact the father's life.

**FOR FURTHER INFORMATION CONTACT:** John K. Maniha, Administration for Children and Families, Office of Planning, Research and Evaluation, 370 L'Enfant Promenade, SW, Washington, DC 20447, Phone: 202-401-5372.

Dated: September 1, 1999.

### Administration for Children and Families

#### Grant to The University of Hawaii, Center on the Family

**AGENCY:** Office of Planning, Research and Evaluation, ACF, DHHS.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that a noncompetitive grant award is being made to the University of Hawaii, Center on the Family, Honolulu, in the amount of \$499,821 for a 30-month project. Under the title of "Financial Strain and Family Resiliency: A Comparison of Welfare and Working Poor Families," the project seeks to gain an understanding of the factors that foster resiliency in poor families in the face of severe financial strain. Specifically, this study will examine welfare families defined as those families receiving federally-funded Temporary Assistance to Needy Families (TANF) and state-funded Temporary Assistance to Other Needy Families (TAONF). The project will utilize an ecological systems framework that considers individual, family, and social network qualities as factors that influence family well-being, health, and psychological and work/school

adjustment in these financially stressed groups. The project is unique in that it focuses on psychological and behavioral processes, considers family resiliency as well as vulnerability, and includes Asians (i.e., Filipinos) and Pacific Islanders as well as Caucasians.

This project is being funded noncompetitively, because the study will examine a broad range of attitudinal, psychological and family process variables that impact adjustment in several important psychosocial domains. Also, this study promises to provide useful information on how families cope with financial strain in a stagnant economy such as Hawaii which is in its ninth year of an economic recession.

### Health Care Financing Administration

[HCFA-1087-N]

#### Medicare Program; Open Public Meeting To Discuss the Conduct of a Second Competitive Bidding Demonstration

**AGENCY:** Health Care Financing Administration (HCFA), HHS.

**ACTION:** Notice of meeting.

**SUMMARY:** This notice announces a public meeting regarding the operation of a second competitive bidding demonstration. It is our intention to use this second demonstration to continue to examine the use of competitive bidding for the use of Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS). The principal subjects to be discussed will be the selection of the site and the designation of the group of DMEPOS services for which competitive bids will be solicited.

The first demonstration is in Polk County, Florida. The group of items on which competitive bids were solicited in Polk County were: oxygen supplies and equipment, enteral nutrition equipment and supplies, hospital beds, surgical dressings, and urological

supplies. The sale of these products under competitively determined prices will begin October 1, 1999.

This meeting will offer an opportunity to manufacturers, distributors, suppliers, users, and other interested parties to furnish information and raise issues about the group of items to be offered and the site for the second competitive bidding demonstration. The meeting will also address the following issues:

- Quality standards for product categories.
- Bidding for urban versus sparsely populated areas.

**DATES:** The meeting is scheduled for Tuesday, October 5, 1999, from 9:00 a.m. to 1:00 p.m., e.d.t.

**ADDRESSES:** The meeting will be held in HCFA's Multipurpose Room, 7500 Security Boulevard, Baltimore, Maryland.

**FOR FURTHER INFORMATION CONTACT:**

Herbert Silverman, (410) 786-7702, [hsilverman@hcfa.gov](mailto:hsilverman@hcfa.gov)

or

Danielle Grush, (410) 786-0915, [dgrush@hcfa.gov](mailto:dgrush@hcfa.gov)

**SUPPLEMENTARY INFORMATION:**

#### Background

Section 1847 of the Social Security Act, as added by section 4319 of the Balanced Budget Act of 1997, authorizes the implementation of up to five demonstration projects of competitive bidding for Part B services, but excludes physician services. Each demonstration project is to include specified products and/or services and could be conducted in up to three competitive acquisition areas for a 3-year period. However, all demonstrations must be completed by December 31, 2002.

The first demonstration will be operated in Polk County, Florida. We are now considering how to operate a second demonstration. Among the issues that will be addressed are:

- Site characteristics desirable or undesirable for the second demonstration.
- Group of DMEPOS items for inclusion in the second demonstration.

We are also interested in the quality standards widely used in the industry and the sources of those standards.

We are announcing this public meeting to provide an opportunity for individuals and organizations familiar with the characteristics of the DMEPOS markets to furnish information and raise issues pertaining to the second competitive bidding demonstration involving DMEPOS product categories and the standards that would assure high quality products and services. We
