year, additional actions will be carried out to fully implement these designations. Areas and routes will be signed and barriers may be located as necessary. Also, BLM will identify appropriate routes within the areas designated as "limited to existing roads and trails" or "limited to designated roads and trails," and will produce a map that identifies such routes. In order to do this, BLM will inventory routes within these areas and will hold public meetings (to be announced) and work with local government officials in order to gather information necessary for decision-making. Any need for additional environmental analysis will be considered at the time that specific implementing actions are undertaken. ORV designations are implemented under the authority of 43 CFR 8342.

DATES: Implementation of the San Juan RMP ORV designations begins immediately.

ADDRESS: Information regarding ORV designations discussed in this notice is available at the following BLM office: Monticello Field Office, P.O. Box 7, 435 North Main, Monticello, Utah.

FOR FURTHER INFORMATION CONTACT: Kent E. Walter, Monticello Field Office, Utah at (435) 587-1500.

SUPPLEMENTARY INFORMATION: Implementation of the ORV designations made in the San Juan RMP does not supersede emergency ORV use restrictions made for the Lockhart Basin area (**Federal Register** Notice: January 2, 1998, Volume 63, Number 1) and the Comb Wash area (**Federal Register** Notice: June 20, 1990, Volume 55, Number 119). Those ORV use restrictions will remain in place until such time as the purposes provided in the notices are completed. Grand Gulch and Dark Canyon were closed to ORV use in 1970 when they were formally designated as primitive areas, and they remain closed.

This Environmental Assessment considers visitor use, vehicular and pedestrian circulation, and existing periodic uses of the park. Potential impacts assessed include those to the park's cultural resources: Iwo Jima Memorial and the Netherlands Carillon and related activities conducted at these locations.
