DEPARTMENT OF EDUCATION

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The Leader, Information Management Group, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before November 19, 1999.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this

collection on the respondents, including through the use of information technology.

Dated: September 14, 1999.

Type of Review: New.

Title: Performance Report for the Jacob K. Javits Fellowship Program.

Frequency: Annually.

Affected Public: Not-for-profit institutions.

Reporting and Recordkeeping Burden: Responses: 115; Burden Hours: 690.

Abstract: This information collection provides the U.S. Department of Education with information needed to determine if grantees have made substantial progress toward meeting the program's objectives and allow program staff to monitor and evaluate the program. Congress has mandated (through the Government's Performance and Results Act of 1993) that the U.S. Department of Education provide documentation about the progress being made by the program.

Written comments and requests for copies of the proposed information collection request should be addressed to Vivian Reese, Department of Education, 400 Maryland Avenue, SW, Room 5624, Regional Office Building 3, Washington, DC 20202-4651, or should be electronically mailed to the internet address OCIO_IMG_Issues@ed.gov, or should be faxed to 202-708-9346.

For questions regarding burden and/or the collection activity requirements, contact Joseph Schubart at 202-708-9266 or by e-mail at joe_schubart@ed.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

DEPARTMENT OF ENERGY

Record of Decision: Site-Wide Environmental Impact Statement for Continued Operation of the Los Alamos National Laboratory in the State of New Mexico

AGENCY: Department of Energy.

ACTION: Record of decision.

SUMMARY: The Department of Energy (DOE) is issuing this Record of Decision on the continued operation of the Los Alamos National Laboratory (LANL) in the State of New Mexico. This Record of Decision is based on the information and analysis contained in the Site-Wide Environmental Impact Statement for Continued Operation of the Los Alamos National Laboratory, DOE/EIS-0238 (including the classified supplement), and other factors, including the mission responsibilities of the Department, and comments received on the final Site-Wide Environmental Impact Statement. DOE has decided to implement the Preferred Alternative, which, with certain limitations, is the Expanded Operations Alternative. This alternative would expand operations at LANL, as the need arises, to increase the level of existing operations to the highest reasonably foreseeable levels, and to fully implement the mission elements assigned to LANL.

FOR FURTHER INFORMATION CONTACT: For further information on the Site-Wide Environmental Impact Statement or to

receive a copy of the Site-Wide Environmental Impact Statement or other information related to this Record of Decision, contact: Corey Cruz, Document Manager, U.S. Department of Energy, Albuquerque Operations Office, P.O. Box 5400, Albuquerque, NM 87185, (505) 845-4282.

For information on the DOE National Environmental Policy Act (NEPA) process, contact: Carol M. Borgstrom, Director, Office of NEPA Policy and Assistance (EH-42), U.S. Department of Energy, 1000 Independence Avenue, SW, Washington, DC 20585, (202) 586-4600, or leave a message at (800) 472-2756.

SUPPLEMENTARY INFORMATION:

Background

DOE prepared this Record of Decision pursuant to the regulations of the Council on Environmental Quality for implementing NEPA (40 CFR Parts 1500-1508) and DOE's NEPA Implementing Procedures (10 CFR Part 1021). This Record of Decision is based, in part, on DOE's Site-Wide Environmental Impact Statement for Continued Operation of the Los Alamos National Laboratory, (DOE/EIS-0238). LANL is located in north-central New Mexico, 60 miles (96 kilometers) north-northeast of Albuquerque, 25 miles (40 kilometers) northwest of Santa Fe, and 20 miles (32 kilometers) southwest of Española. LANL occupies an area of approximately 27,832 acres (11,272 hectares), or approximately 43 square miles (111 square kilometers), of which 86 percent lies within Los Alamos County and 14 percent within Santa Fe County. The Fenton Hill site (Technical Area [TA]-57), a remote site 20 miles (32 kilometers) west of LANL, occupies 15 acres (6 hectares) in Sandoval County on land leased from the U.S. Forest Service. LANL is divided into 49 separate Technical Areas. LANL is a multi-disciplinary, multipurpose national laboratory engaged in theoretical and experimental research and development. DOE has assigned elements of each of its four principal missions (National Security, Energy Resources, Environmental Quality, and Science) to LANL, and has established and maintains several capabilities in support of these mission elements, including applications of science and technology to the nuclear weapons program. These capabilities also support applications for other Federal agencies and other organizations in accordance with national priorities and policies.

DOE is currently engaged in other NEPA reviews that include LANL as an alternate location for the action under consideration. These other NEPA

reviews include programmatic and project Environmental Impact Statements for Waste Management and Surplus Plutonium Disposition. Since these other Environmental Impact Statements identify potential new or expanded activities for LANL, the impacts of these activities are described under the Preferred Alternative in the Site-Wide Environmental Impact Statement. The nature of the decisions in this Record of Decision with regard to the Waste Management programmatic and project proposals is simply to reserve infrastructure at LANL pending completion of these programmatic and project reviews and the corresponding decision document. With regard to the Surplus Plutonium Disposition program, the nature of the decision in this Record of Decision is to maintain the competency and capability to fabricate the Lead Assemblies as evaluated in the Surplus Plutonium Disposition Environmental Impact Statement (SPD EIS). However, the availability and capacity of facilities to perform such work may be limited because of competing priorities from the weapons program. DOE's resolution of any such competing priorities will be reflected in the Record of Decision for the SPD EIS.

DOE was directed by Congress (Pub. L. 105-119) to convey or transfer parcels of DOE land in the vicinity of LANL to the Incorporated County of Los Alamos, New Mexico, and the Secretary of the Interior, in trust for the San Ildefonso Pueblo. Such parcels, or tracts of land, must not be required to meet the national security mission of LANL and must also meet other criteria established by the Act. DOE has issued a Draft Environmental Impact Statement to examine the potential environmental impacts associated with the conveyance or transfer of 10 specific parcels. EPA published a Notice of Availability for the Draft Environmental Impact Statement for the Conveyance and Transfer of Certain Land Tracts Administered by the Department of Energy and Located at Los Alamos National Laboratory, Los Alamos and Santa Fe Counties, New Mexico, in the **Federal Register** on February 26, 1999.

The Site-Wide Environmental Impact Statement considers the environmental impacts of ongoing and proposed activities at LANL. DOE expects that it will continue to suggest new programs, projects, and facilities for LANL (or consider LANL as an alternative site for such facilities or activities). These new proposals will be analyzed in programmatic or project-specific NEPA reviews, as they become ripe for decision. Subsequent NEPA reviews
