

involving the public in the reassessment of pesticide tolerances under the Food Quality Protection Act (FQPA), and the reregistration of individual organophosphate pesticides under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). The pilot public participation process was developed as part of the EPA-USDA Tolerance Reassessment Advisory Committee (TRAC), which was established in April 1998, as a subcommittee under the auspices of EPA's National Advisory Council for Environmental Policy and Technology. A goal of the pilot public participation process is to find a more effective way for the public to participate at critical junctures in the Agency's development of organophosphate risk assessments and risk management decisions. EPA and USDA began implementing this pilot process in August 1998, to increase transparency and opportunities for stakeholder consultation. The documents being released to the public through this notice provide information on the revisions that were made to the tribuphos preliminary risk assessments, which were released to the public on September 9, 1998 (63 FR 48213) (FRL-6030-2), through a notice in the **Federal Register**.

In addition, this notice starts a 60-day public participation period during which the public is encouraged to submit risk management proposals or otherwise comment on risk management for tribuphos. The Agency is providing an opportunity, through this notice, for interested parties to provide written risk management proposals or ideas to the Agency on the chemical specified in this notice. Such comments and proposals could address ideas about how to manage dietary, occupational, or ecological risks on specific tribuphos use sites or crops across the United States or in a particular geographic region of the country. To address dietary risk, for example, commenters may choose to discuss the feasibility of lower application rates, increasing the time interval between application and harvest ("pre-harvest intervals"), modifications in use, or suggest alternative measures to reduce residues contributing to dietary exposure. For occupational risks, for example, commenters may suggest personal protective equipment or technologies to reduce exposure to workers and pesticide handlers. EPA will provide other opportunities for public participation and comment on issues associated with the organophosphate tolerance reassessment program. Failure to participate or comment as part of this

opportunity will in no way prejudice or limit a commenter's opportunity to participate fully in later notice and comment processes. All comments and proposals must be received by EPA on or before November 23, 1999 at the addresses given under the **ADDRESSES** section. Comments and proposals will become part of the Agency record for the organophosphate specified in this notice.

### ENVIRONMENTAL PROTECTION AGENCY

[OPPTS-51933; FRL-6381-2]

#### Certain New Chemicals; Receipt and Status Information

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** Section 5 of the Toxic Substances Control Act (TSCA) requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory) to notify EPA and comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of the Toxic Substances Control Act (TSCA), EPA is required to publish a notice of receipt of a premanufacture notice (PMN) or an application for a test marketing exemption (TME), and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from August 1, 1999 to August 13, 1999, consists of the PMNs and TMEs, both pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

**FOR FURTHER INFORMATION CONTACT:** Christine M. Augustyniak, Associate Director, Environmental Assistance Division (7408), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460; telephone numbers: (202) 554-1404 and TDD:

(202) 554-0551; e-mail address: TSCA-Hotline@epa.gov.

#### SUPPLEMENTARY INFORMATION:

##### I. Does this Action Apply to Me?

This action is directed to the public in general. As such, the Agency has not attempted to describe the specific entities that this action may apply to. Although others may be affected, this action applies directly to the submitter of the premanufacture notices addressed in the action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed in the "FOR FURTHER INFORMATION CONTACT" section.

##### II. How Can I Get Additional Information, Including Copies of this Document and Other Related Documents?

A. *Electronically.* You may obtain copies of this document and certain other available documents from the EPA Internet Home Page at <http://www.epa.gov/>. On the Home Page select "Laws and Regulations" and then look up the entry for this document under the "**Federal Register** -- Environmental Documents." You can also go directly to the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

B. *In person.* The Agency has established an official record for this action under docket control number OPPTS-51933. The official record consists of the documents specifically referenced in this action, any public comments received during an applicable comment period, and other information related to this action, including any information claimed as confidential business information (CBI). This official record includes the documents that are physically located in the docket, as well as the documents that are referenced in those documents. The public version of the official record does not include any information claimed as CBI. The public version of the official record, which includes printed, paper versions of any electronic comments submitted during an applicable comment period, is available for inspection in the TSCA Nonconfidential Information Center, North East Rm. B-607, Waterside Mall, 401 M St., SW., Washington, DC. The Center is open from noon to 4 p.m., Monday through Friday, excluding legal holidays. The telephone number of the Center is (202) 260-7099.

##### III. Why is EPA Taking this Action?

Section 5 of TSCA requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory) to notify EPA and

comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a PMN or an application for a TME and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from August 1, 1999 to August 13, 1999, consists of the PMNs and TMEs, both pending or expired, and the notices of

commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

#### IV. Receipt and Status Report for PMNs

This status report identifies the PMNs and TMEs, both pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period. If you are interested in information that is not included in the following tables, you

may contact EPA as described in Unit II above to access additional non-CBI information that may be available.

In table I, EPA provides the following information (to the extent that such information is not claimed as CBI) on the PMNs received by EPA during this period: the EPA case number assigned to the PMN; the date the PMN was received by EPA; the projected end date for EPA's review of the PMN; the submitting manufacturer; the potential uses identified by the manufacturer in the PMN; and the chemical identity.

**FEDERAL COMMUNICATIONS  
COMMISSION****Notice of Public Information  
Collection(s) Being Submitted to OMB  
for Review and Approval**

September 14, 1999.

**SUMMARY:** The Federal Communications Commissions, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection, as required by the Paperwork Reduction Act of 1995, Pub. L. 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

**DATES:** Written comments should be submitted on or before October 25, 1999. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

**ADDRESSES:** Direct all comments to Les Smith, Federal Communications Commission, Room 1-A804, 445 12th Street, SW, Washington, DC 20554 or via the Internet to lesmith@fcc.gov.

**FOR FURTHER INFORMATION CONTACT:** For additional information or copies of the information collections contact Les Smith at (202) 418-0217 or via the Internet at lesmith@fcc.gov.

**SUPPLEMENTARY INFORMATION:**

*OMB Control Number:* 3060-0526.

*Title:* Density Pricing Zone Plans, Expanded Interconnection with Local Telephone Company Facilities, CC Docket No. 91-141.

*Form Number:* N/A.

*Type of Review:* Revision of a currently approved collection.

*Respondents:* Business or other for-profit entities.

*Number of Respondents:* 13.

*Estimate Time Per Response:* 48 hours.

*Frequency of Response:* On occasion reporting requirements.

*Total Annual Burden:* 624.

*Total Annual Costs:* None.

*Needs and Uses:* The Commission requires Tier 1 LECs to provide expanded opportunities for third-party interconnection with their interstate special access facilities. The LECs are permitted to establish a number of rate zones within study areas in which expanded interconnection is operational. In the Fifth Report and Order in CC Docket No. 96-262, the Commission allows price cap LECs to define the scope and number of zones within a study area. These LECs must file and obtain approval of their pricing plans, which will be used by FCC staff to ensure that the rates are just, reasonable, and nondiscriminatory.

*OMB Control Number:* 3060-0770.

*Title:* Price Cap Performance Review for Local Exchange Carriers, CC Docket No. 94-1 (New Services).

*Type of Review:* Revision of a currently approved collection.

*Respondents:* Business or other for-profit entities.

*Number of Respondents:* 13.

*Estimate Time Per Response:* 10 hours.

*Frequency of Response:* On occasion reporting requirements.

*Total Annual Burden:* 130 hours.

*Total Annual Costs:* None.

*Needs and Uses:* In the Fifth Report and Order, the Commission permits price cap LECs to introduce new services on a streamlined basis, without prior approval. The Commission modified the rules to eliminate the public interest showing required by Section 69.4(g) and to eliminate the new services test (except in the case of loop-based new services) required under Sections 61.49(f) and (g). The information is needed by the Commission to carry out its mandate.

Federal Communications Commission.
