DEPARTMENT OF HEALTH AND HUMAN SERVICES

Public Health Service

Centers for Disease Control and Prevention; Statement of Organization, Functions, and Delegations of Authority

Part C (Centers for Disease Control and Prevention) of the Statement of Organization, Functions, and Delegations of Authority of the Department of Health and Human Services (45 FR 67772-76, dated October 14, 1980, and corrected at 45 FR 69296, October 20, 1980, as amended most recently at 64 FR 2903-2904, dated January 19, 1999) is amended to reflect organizational changes within the National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP). The restructuring will (1) abolish the Office of Surveillance and Analysis within the Office of the Director, NCCDPHP; (2) retitle the Division of Chronic Disease Control and Community Intervention as the Division of Adult and Community Health and restructure the functions of the Division; and (3) retitle the Division of Nutrition as the Division of Nutrition and Physical Activity and restructure the functions of the Division.

Section C-B, Organization and Functions, is hereby amended as follows:

After the functional statement for the *Office of the Director (CL1)*, *National Center for Chronic Disease Prevention and Health Promotion (CL)*, delete in their entirety the title and functional statement for the *Office of Surveillance and Analysis (CL11)*.

After the functional statement for the *Office of the Director (CL21)*, *Division of Adolescent and School Health (CL2)*, delete the title and functional statement for the *Division of Chronic Disease Control and Community Intervention (CL3)* and insert the following:

Division of Adult and Community Health (CL3). (1) Develops and manages nationwide and State-based surveillance

systems for chronic disease risk factors and health promotion activities; (2) develops and promotes community-based interventions and programs; (3) provides national and international leadership in health education and health promotion; (4) conducts studies to enhance public health activities in health services and managed care; (5) manages public health research, training, cooperative, and intervention activities and diverse settlements such as cities, universities, State health departments, and other countries; (6) promotes the understanding and improvements of the determinants and issues related to cardiovascular health, aging, and epilepsy; (7) in cooperation with other components of NCCDPHP, coordinates activities with other Federal, State, and local governmental agencies, academia, and nongovernmental organizations.

Delete the functional statement for *Office of the Director (CL31)* and insert the following:

(1) Manages, coordinates, and evaluates the activities and programs of the Division; (2) ensures that Division activities are coordinated with other components of CDC both within and outside the Center, with Federal, State, and local health agencies, and with voluntary and professional health agencies; (3) provides leadership and coordinates Division responses to requests for research, consultation, training, collaboration and technical assistance or information on managed care, health promotion, behavioral surveys, cardiovascular health, aging, epilepsy, and arthritis; (4) provides administrative, logistical, and management support for Division field staff; (5) ensures the coordination of NCCDPHP internal activities related to Prevention Health and Health Services Block Grant (PHHSBG) programs and develops and administers, guidelines, uniform reporting procedures, and evaluation criteria for programs supported by PHHSBG; (6) provides administrative and management support for the Division including guidance on the organization of personnel and the use of financial resources, and oversight of grants, cooperative agreements, contracts, and reimbursement agreements.

Behavioral Surveillance Branch (CL32). (1) Manages a nationwide program for State-specific surveillance of behavioral risk factors and other antecedents of health conditions, particularly chronic diseases; (2) provides support to build State capacity for telephone survey operations and data management, and for the analysis, dissemination, and use of the data by

State agencies, and universities to set public health priorities and monitor public health programs; (3) develops guidelines and criteria for the assessment of behavioral risk factors in State and local populations; (4) analyzes and disseminates the results of analyses to policy and decision makers, public health professionals, and other relevant audiences through communication channels and formats appropriate to these constituencies; (5) coordinates analyses and use of survey methods to enhance behavioral risk factor data; (6) develops guidelines and criteria for monitoring public health policies directed at affecting behavioral and other risk factors leading to chronic diseases and other conditions; (7) promotes the broad use and application of Behavioral Risk Factors Surveillance Survey (BRFSS) results and findings through current information systems; (8) works closely with other Divisions in NCCDPHP and other CDC Centers/Institute/Offices (CIO's) to formulate a cross-cutting surveillance system for the States and CDC; (9) provides administrative and management support for the branch, including oversight of grants, cooperative agreements, contracts, and reimbursable agreements.

Delete the title and functional statement for the *Cardiovascular Health Studies Branch (CL33)* and insert the following:

Cardiovascular Health Branch (CL33).

(1) Develops and evaluates effective interventions to be used by State and local health agencies and health care organizations to mitigate risk factors for cardiovascular disease; (2) conducts evaluation studies to document the efficacy and effectiveness of disease prevention and health promotion interventions; (3) provides leadership in the development of components and guidelines for effective chronic disease prevention and health promotion strategies related to cardiovascular disease; (4) provides consultation to State and local health agencies and health care delivery organizations in planning, establishing, and evaluating cardiovascular health activities; (5) carries out epidemiologic research related to the prevention of cardiovascular disease and improvement of cardiovascular health; (6) disseminates findings from research and program evaluations to policy and decision makers, public health professionals and other relevant audiences through communication channels and formats appropriate to these constituencies; (7) provides administrative and management support for the branch, including oversight of
