

730.11, 732.15, and 732.17(h)(10), decisions on proposed State regulatory programs and program amendments submitted by the States must be based solely on a determination of whether the submittal is consistent with SMCRA and its implementing Federal regulations and whether the other requirements of 30 CFR Parts 730, 731, and 732 have been met.

3. National Environmental Policy Act

No environmental impact statement is required for this rule since section 702(d) of SMCRA (30 U.S.C. 1292(d)) provides that agency decisions on proposed State regulatory program provisions do not constitute major Federal actions within the meaning of section 102(2)(C) of the National Environmental Policy Act (42 U.S.C. 4332(2)(C)).

4. Paperwork Reduction Act

This rule does not contain information collection requirements that require approval by OMB under the Paperwork Reduction Act (44 U.S.C. 3507 *et seq.*).

5. Regulatory Flexibility Act

The Department of the Interior has determined that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). The State submittal that is the subject of this rule is based upon counterpart Federal regulations for which an economic analysis was prepared and certification made that such regulations would not have a significant economic effect upon a substantial number of small entities. Accordingly, this rule will ensure that existing requirements we previously promulgated will be implemented by the State. In making the determination as to whether this rule would have a significant economic impact, the Department relied upon the data and assumptions for the counterpart Federal regulations.

6. Unfunded Mandates

This rule will not impose a cost of \$100 million or more in any given year on any governmental entity or the private sector.

RIN 2115-AE46

Special Local Regulations: Winston Offshore Cup, San Juan, Puerto Rico

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule.

SUMMARY: Temporary special local regulations are being adopted for the Winston Offshore Cup, San Juan, Puerto Rico. The event will be held from 1 p.m. to 2:30 p.m. Atlantic Standard Time (AST) on October 10, 1999, in and north of San Juan Harbor, Puerto Rico. These regulations are needed to provide for the safety of life on navigable waters during the event.

DATES: This section becomes effective at 12 p.m. and terminates at 3:30 p.m. on October 10, 1999.

FOR FURTHER INFORMATION CONTACT: Mr. John Reyes at (787) 729-5381.

SUPPLEMENTARY INFORMATION:

Regulatory History

On August 2, 1999, the Coast Guard published a Notice of Proposed

Rulemaking in the **Federal Register** (64 FR 41853) proposing to establish a regulated area for the Winston Cup race in San Juan, Puerto Rico on October 10, 1999. No comments were received during the comment period.

Background and Purpose

These regulations create a regulated area in and north of San Juan Harbor that would prohibit entry to non-participating vessels. The participating race boats will be competing at high speeds with numerous spectator craft in the area, creating an extra or unusual hazard on the navigable waterways. These regulations are required to provide for the safety of life on navigable waters during the Winston Offshore Cup, San Juan, Puerto Rico.

In accordance with 5 U.S.C. 553, good cause exists for making this regulation

effective in less than 30 days after **Federal Register** publication. A NPRM was published for this regulation. However, delaying the final rule's effective date until 30 days after **Federal Register** publication would be contrary to national safety interests, as there was not sufficient time remaining after receipt of the permit request to allow for the full comment period that ended on September 16, and a 30 day delayed effective date, as the event occurs on October 10.

Regulatory Evaluation

This regulation is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(f) of that order. The Office of Management and Budget has excepted it from review under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this proposal to be so minimal that a full regulatory evaluation under paragraph 10e of the regulated policies and procedures of DOT is unnecessary. The regulated area will only be in effect for three and one half hours in the vicinity of San Juan Harbor, Puerto Rico.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) the Coast Guard must consider whether this rulemaking will have a significant economic impact on a substantial number of small entities. Small entities include small businesses, not-for-profit organizations that are independently owned and operated and are not dominant under their fields, and governmental jurisdictions with populations of less than 50,000.

Therefore, the Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities, as the regulations will only be in effect for approximately three and one half hours on one day in a limited area of San Juan Harbor and its vicinity.

Collection of Information

This rule contains no collection of information requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Federalism

This action has been analyzed in accordance with the principles and criteria contained in Executive Order 12612, and it has been determined that

this rulemaking does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Environmental Assessment

The Coast Guard has considered the environmental impact of this rule consistent with Figure 2-1, paragraph 34(h) of Commandant Instruction M16475.1C, and has determined that this action has been categorically excluded from further environmental documentation.

Temporary Regulations

In consideration of the foregoing, the Coast Guard amends part 100 of Title 33, Code of Federal Regulations as follows:

PART 100—[AMENDED]

1. The authority citation for Part 100 continues to read as follows:

Authority: 33 U.S.C. 1233, 49 CFR 1.46, and 33 CFR 100.35.

2. Add temporary § 100.35T-07-056 to read as follows:

§ 100.35T-07-056 Winston Offshore Cup, San Juan, Puerto Rico.

(a) *Regulated Area.* The regulated area starts in San Juan Bay, out the bay entrance around Punta El Morro, then east 2 nautical miles to Penon San Jorge, then back around into the bay. The regulated area is established beginning at 18°28'4"N, 066°08'0"W, then north to 18°28'9"N, 066°08'0"W, then east to 18°28'7"N, 066°05'5"W, then south to 18°28'2"N 066°05'5"W, then directly south to the shore. This area includes San Juan Bay, except San Antonio Approach Channel, San Antonio channel, Army Terminal Channel, Army Terminal Turning Basin, and Puerto Nuevo Channel, and Graving Dock Channel. All coordinates referenced use Datum: NAD 1983.

(b) *Special Local Regulations.* Entry into the regulated area by other than event participants is prohibited, unless otherwise authorized by the Patrol Commander. Spectator craft are required to remain in a spectator area designated by the event sponsor Puerto Rico Offshore Tour, San Juan, Puerto Rico.

(c) *Dates.* This section is effective at 12 p.m. and terminates at 3:30 p.m. AST on October 10, 1999.

Dated: September 2, 1999.

Thad W. Allen,

Rear Admiral, U.S. Coast Guard, Commander, Seventh Coast Guard District.

Drawbridge Operating Regulation; Inner Harbor Navigation Canal, LA

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, Eighth Coast Guard District, has issued a temporary deviation from the regulation governing the operation of the Norfolk Southern Railroad bascule span drawbridge across the Inner Harbor Navigation Canal, mile 4.5, at New Orleans, Orleans Parish, Louisiana. This deviation allows the Norfolk Southern Railroad to close the bridge to navigation from 8 a.m. until noon and from 1 p.m. until 4 p.m., Monday through Friday from October 12, 1999 through November 5, 1999. This temporary deviation was issued to allow for the replacement of the railroad ties on the bascule span deck. The draw will open at any time for a vessel in distress. Presently, the draw opens on signal at all times.

DATES: This deviation is effective from 8 a.m. on October 12, 1999 through 4 p.m. on November 5, 1999.

ADDRESSES: Unless otherwise indicated, documents referred to in this notice are available for inspection or copying at the office of the Eighth Coast Guard District, Bridge Administration Branch, Commander (ob), Eighth Coast Guard District, 501 Magazine Street, New Orleans, Louisiana, 70130-3396. The Bridge Administration Branch of the Eighth Coast Guard District maintains the public docket for this temporary deviation.

FOR FURTHER INFORMATION CONTACT: Mr. David Frank, Bridge Administration Branch, telephone (504) 589-2965.

SUPPLEMENTARY INFORMATION: The Norfolk Southern Railroad bascule span drawbridge across the Inner Harbor Navigation Canal in New Orleans, Louisiana, has a vertical clearance of one foot above mean high water in the closed-to-navigation position and unlimited clearance in the open-to-
