

(Catalog of Federal Domestic Assistance No. 83.100, "Flood Insurance")  
 Dated: September 27, 1999.  
**Michael J. Armstrong,**  
*Associate Director for Mitigation.*  
 [FR Doc. 99-25806 Filed 10-4-99; 8:45 am]  
 BILLING CODE 6718-04-P

**FEDERAL EMERGENCY  
 MANAGEMENT AGENCY**

**44 CFR Part 67**

[Docket No. FEMA-7295]

**Proposed Flood Elevation  
 Determinations**

**AGENCY:** Federal Emergency Management Agency, FEMA.  
**ACTION:** Proposed rule.

**SUMMARY:** Technical information or comments are requested on the proposed base (1% annual chance) flood elevations and proposed base flood elevation modifications for the communities listed below. The base flood elevations are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**DATES:** The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

**ADDRESSES:** The proposed base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the following table.

**FOR FURTHER INFORMATION CONTACT:** Matthew B. Miller, P.E., Chief, Hazards Study Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-3461, or (email) matt.miller@fema.gov.

**SUPPLEMENTARY INFORMATION:** The Federal Emergency Management Agency (FEMA or Agency) proposes to make determinations of base flood elevations and modified base flood elevations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed base flood and modified base flood elevations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, state or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

*National Environmental Policy Act.* This proposed rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

*Regulatory Flexibility Act.* The Associate Director, Mitigation Directorate, certifies that this proposed

rule is exempt from the requirements of the Regulatory Flexibility Act because proposed or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the National Flood Insurance Program. As a result, a regulatory flexibility analysis has not been prepared.

*Regulatory Classification.* This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

*Executive Order 12612, Federalism.* This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

*Executive Order 12778, Civil Justice Reform.* This proposed rule meets the applicable standards of section 2(b)(2) of Executive Order 12778.

**List of Subjects in 44 CFR Part 67**

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is proposed to be amended as follows:

**PART 67—[AMENDED]**

1. The authority citation for part 67 continues to read as follows:

**Authority:** 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

**§ 67.4 [Amended]**

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

State	City/town/county	Source of flooding	Location	#Depth in feet above ground. *Elevation in feet (NGVD)	
				Existing	Modified
Alabama .....	Northport (City), .....	Twomile Creek .....	Approximately 100 feet upstream of confluence with Twomile Creek.	*183	*184
	Tuscaloosa County ..	Tributary No. 5 .....	Approximately 710 feet upstream of confluence with Twomile Creek.	*185	*186

Maps available for inspection at the City of Northport City Hall, 3500 McFarland Boulevard, Northport, Alabama.

Send comments to The Honorable Wayne Rose, Mayor of the City of Northport, P.O. Box 569, Northport, Alabama 35476.

Alabama .....	Tuscaloosa (City), Tuscaloosa County.	Bee Branch .....	At confluence with Hurricane Creek .....	None	*214
			Approximately 1,600 feet downstream of westbound Route 59.	None	*278
			Approximately 1,600 feet downstream of westbound Route 59.	None	*278
		Cottdondale Creek .....	At confluence with Cottdondale Creek .....	*248	*249
		Tributary No. 1 .....	Approximately 1,600 feet upstream of 56th Street East Dam.	None	*298

State	City/town/county	Source of flooding	Location	#Depth in feet above ground. *Elevation in feet (NGVD)	
				Existing	Modified
		Cottdonale Creek Tributary No. 1A.	At confluence with Cottdonale Creek Tributary No. 1. Approximately 2,450 feet upstream of center point of Interstate 59 and 20/QVC Road culvert.	*267	*268
		Cypress Creek .....	Approximately 2,400 feet downstream of Kauloosa Avenue.	*289	*288
		Cypress Creek .....	Approximately 800 feet downstream of Springshill Drive.	*147	*148
		Cribbs Mill Creek .....	Approximately 1,000 feet downstream of 2nd Avenue East.	*300	*301
		Cribbs Mill Creek .....	Approximately 630 feet upstream of East 17th Street.	*180	*187
		Moody Swamp Tributary No. 2.	Approximately 660 feet downstream of 31st Street.	*258	*259
		Moody Swamp Tributary No. 2.	Approximately 525 feet downstream of 25th Street.	*141	*142
		Moody Swamp Tributary No. 3.	Approximately 175 feet downstream of Martin Luther King Jr. Boulevard.	*163	*159
		Moody Swamp Tributary No. 3.	Approximately 200 feet upstream of 10th Avenue.	*140	*141
				*180	*179
