Occupational Safety and Health Administration

[Docket No. W-100]

Proposed Policy Statement Concerning the Occupational Safety and Health Administration's Use of Voluntary Employer Safety and Health Self-Audits

Authority: Sec. 8(a) and 8(b), Pub. L. 91-596, 84 Stat. 1599 (29 U.S.C. 657).

AGENCY: Occupational Safety and Health Administration, USDOL.

ACTION: Notice of proposed policy statement; request for comment.

SUMMARY: The Occupational Safety and Health Administration (OSHA) is issuing a proposed policy statement describing the agency's treatment of voluntary employer self-audits that assess workplace safety and health conditions, including compliance with the Occupational Safety and Health Act. The proposed policy statement provides that the agency will not routinely request self-audit reports at the initiation of an inspection. Where a voluntary self-audit identifies a hazardous condition and the employer promptly takes self-audit reports at the initiation of an inspection. Where a voluntary self-audit identifies a hazardous condition and the employer promptly takes appropriate corrective measures, OSHA will treat the audit report as evidence of good faith, and not as evidence of a willful violation. OSHA requests public comment regarding its proposed policy statement.
