

reasonable assurance will be provided that the health and safety of the public will be adequately protected.

These TS changes will not increase the probability or consequences of accidents, no changes are being made in the types of any effluents that may be released offsite, and there is no significant increase in occupational or public radiation exposure. Therefore, there are no significant radiological environmental impacts associated with the proposed TS amendment.

With regard to potential nonradiological impacts, the proposed amendment involves features located entirely within the restricted area as defined in 10 CFR part 20 and does not involve any historical sites. It does not affect nonradiological plant effluents and has no other environmental impact. Therefore, there are no significant nonradiological environmental impacts associated with the proposed TS amendment.

Accordingly, the Commission concludes that there are no significant environmental impacts associated with the proposed action.

Alternatives to the Proposed Action

As an alternative to the proposed action, the staff considered denial of the proposed action (i.e., the "no-action" alternative). Denial of the application would result in no change in current environmental impacts. The environmental impacts of the proposed action and the alternative action are similar.

Alternative Use of Resources

This action does not involve the use of any resources not previously considered in the Final Environmental Statement for the Palisades Plant.

Agencies and Persons Consulted

In accordance with its stated policy, on October 4, 1999, the Commission consulted with the State official, Ms. Maryanne Elzerman of the Michigan Department of Environmental Quality, regarding the environmental impact of the proposed action. The State official had no comments.

Finding of No Significant Impact

On the basis of the environmental assessment, the Commission concludes that the proposed action will not have a significant effect on the quality of the human environment. Accordingly, the Commission has determined not to prepare an environmental impact statement for the proposed action.

For further details with respect to the proposed action, see the licensee's application dated January 26, 1998, as supplemented by letters dated April 30, September 14, October 12, and November 9, 1998, and March 1, March 22, March 30, April 7, May 3, June 4, June 11, June 17, July 19, July 30, September 17, and September 30, 1999, which are available for public inspection at the Commission's Public Document Room, The Gelman Building, 2120 L Street, NW., Washington, DC, and at the local public document room located at the Van Wylen Library, Hope College, Holland, Michigan 49423-3698.

October 18, 1999.

Forest Laboratories, Inc. ("Company") has filed an application with the Securities and Exchange Commission ("Commission"), pursuant to Section 12(d) of the Securities Exchange Act of 1934 ("Act") and Rule 12d2-2(d) promulgated thereunder the securities specified above ("Securities") from listing and registration on the American Stock Exchange LLC ("Amex" or "Exchange").

The Securities have been listed on the Amex and, pursuant to a Registration Statement on Form 8-A file with the Commission which became effective on October 8, 1999, on the New York Stock Exchange, Inc. ("NYSE"). Trading in the Common Stock of the Company commenced on the NYSE at the opening of business on October 8, 1999.

The Company has complied with the rules of the Amex by filing with the Exchange a certified copy of the preambles and resolutions adopted by the Company's Board of Directors authorizing the withdrawal of the Securities from listing on the Exchange and by setting forth in detail to the Amex the reasons for such proposed withdrawal and the facts in support thereof. The Amex has in turn informed the Company that it will not interpose any objection to the withdrawal of the Company's Securities from listing on the Exchange.

In making the decision to withdraw its Securities from the Amex upon listing them on the NYSE, the Company considered the direct and indirect costs, as well as the division of the trading market, which would result from maintaining listings on both the NYSE and the Amex.

The Company's application relates solely to the withdrawal of the

Securities from listing on the Amex and shall have no effect upon the continued listing and registration of the Securities on the NYSE. Moreover, by reason of Section 12(b) of the Act and the rules and regulations of the Commission thereunder, the Company shall continue to be obligated to file reports with the Commission and NYSE under Section 13 of the Act.

Any interested person may, on or before November 8, 1999, submit by letter to the Secretary of the Securities and Exchange Commission, 450 Fifth Street, N.W., Washington, D.C. 20549-0609, facts bearing upon whether the application has been made in accordance with the rules of the Exchange and what terms, if any, should be imposed by the Commission for the protection of investors. The Commission, based on the information submitted to it, will issue an order granting the application after the date mentioned above, unless the Commission determines to order a hearing on the matter.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.

October 18, 1999.

Gildan Activewear Inc./Les Vetements de Sports Gildan Inc. ("Company") has filed an application with the Securities and Exchange Commission ("Commission"), pursuant to Section 12(d) of the Securities Exchange Act of 1934 ("Act") and Rule 12d2-2(d) promulgated thereunder, to withdraw the security specified above ("Security") from listing and registration on the American Stock Exchange LLC ("Amex" or "Exchange").¹

The Security has been listed for trading on the Amex and, pursuant to a Registration Statement on Form 8-A filed with the Commission which became effective on August 30, 1999, on

the New York Stock Exchange, Inc. ("NYSE"). Trading in the Security on the NYSE commenced at the opening of business on September 1, 1999.

The Amex has in turn informed the Company that it will not interpose any objection to the withdrawal of the Company's Security from listing on the Exchange.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.
