

mitigation measures similar to those found in the NFP. This alternative was not analyzed in detail because it would result in excessive direct and indirect costs to Crown Pacific. These excessive costs do not meet the purpose in this Federal action, which is to provide protection and conservation to listed and proposed species and their habitats to the extent intended under 10(a)(1)(B) of the ESA, while allowing Crown Pacific to fulfill its forest management and timber harvest mission in a practical manner.

The No Action, Proposed Action, Late-Successional Dependent Species and Anadromous Fish alternatives are analyzed in detail in the draft EIS. The CCA Alternative and NFP Alternative were dismissed from detailed analysis.

This notice is provided pursuant to section 10(a) of the ESA, and NEPA regulations. The Services will evaluate the application, associated documents, and comments submitted thereon to determine whether the application meets the requirements of the ESA and NEPA. If it is determined that the requirements are met, Permits will be issued for the incidental take of listed species. The final permit decision will be made no sooner than 60 days from the date of this notice.

DEPARTMENT OF DEFENSE

Department of the Air Force

Presidential Determination on Classified Information Concerning the Air Force's Operating Location Near Groom Lake, Nevada

AGENCY: Department of the Air Force, DOD.

ACTION: Notice.

SUMMARY: Notice is hereby given that the President has exempted the United States Air Force's operating location near Groom Lake, Nevada, from any Federal, State, interstate, or local provision respecting control and abatement of solid waste or hazardous waste disposal that would require the disclosure of classified information to any unauthorized persons.

FOR FURTHER INFORMATION CONTACT: Mr. W. Kipling At Lee, Jr., Deputy General Counsel (Military Affairs), Office of the Secretary of the Air Force, Washington DC 20330; telephone (703) 695-5663.

SUPPLEMENTARY INFORMATION: 42 U.S.C. Section 6961 makes each department, agency, and instrumentality of the executive, legislative, and judicial branches of the Federal Government (1) having jurisdiction over any solid waste management facility or disposal site, or (2) engaged in any activity resulting, or which may result, in the disposal or management of solid waste or hazardous waste subject to all Federal, State, interstate, and local requirements, both substantive and procedural (including any requirement for permits or reporting or any provisions for injunctive relief and such sanctions as may be imposed by a court to enforce such relief), respecting control and abatement of solid waste or hazardous waste disposal and management in the same manner, and to the same extent, as any person is subject to such requirements, including the payment of reasonable service charges. 42 U.S.C. Section 6961 also states that the President may exempt any solid waste management facility of any department, agency, or instrumentality in the executive branch from compliance with such a

requirement if he determines it to be in the paramount interest of the United States to do so and that any exemption shall be for a period not in excess of one year.

On September 20, 1999, the President exempted the Air Force's operating location near Groom Lake, Nevada, from any Federal, State, interstate, or local provision respecting control and abatement of solid waste or hazardous waste disposal that would require the disclosure of classified information concerning that operating location to any unauthorized person.

Therefore, the text of the Memorandum from the President to the Secretary of the Air Force is set forth below.

Janet A. Long,

Air Force Federal Register Liaison Officer.

Presidential Determination No. 99-37
September 20, 1999

Memorandum for the Administrator of the Environmental Protection Agency [and] the Secretary of the Air Force
Subject: Presidential Determination on Classified Information Concerning the Air Force's Operating Location Near Groom Lake, Nevada

I find that it is in the paramount interest of the United States to exempt the United States Air Force's operating location near Groom Lake, Nevada, (the subject of litigation in *Kasza v. Browner* (D. Nev. CV-S-94-795-PMP) and *Frost v. Perry* (D. Nev. CV-S-94-714-PMP)), from any applicable requirement for the disclosure to unauthorized persons of classified information concerning that operating location. Therefore, pursuant to 42 U.S.C. 6961(a), I hereby exempt the Air Force's operating location near Groom Lake, Nevada, from any Federal, State, interstate, or local provision respecting control and abatement of solid waste or hazardous waste disposal that would require the disclosure of classified information concerning that operating location to any unauthorized person. This exemption shall be effective for the full one-year statutory period.

Nothing herein is intended to: (a) imply that in the absence of such a Presidential exemption, the Resource Conservation and Recovery Act (RCRA) or any other provision of law permits or requires disclosure of classified information to unauthorized persons; or (b) limit the applicability or enforcement of any requirement of law applicable to the Air Force's operating location near Groom Lake, Nevada, except those provisions, if any, that would require the disclosure of classified information.

The Secretary of the Air Force is authorized and directed to publish this determination in the *Federal Register*.
William J. Clinton

DEPARTMENT OF ENERGY

[Docket No. EA-166-A]

Application To Export Electric Energy; Duke Energy Trading and Marketing, L.L.C.

AGENCY: Office of Fossil Energy, DOE.

ACTION: Notice of application.

SUMMARY: Duke Energy Trading and Marketing, L.L.C. (DETM) has applied for renewal of its authority to transmit electric energy from the United States to Mexico pursuant to section 202(e) of the Federal Power Act.

DATES: Comments, protests or requests to intervene must be submitted on or before November 26, 1999.

ADDRESSES: Comments, protests or requests to intervene should be addressed as follows: Office of Coal & Power Im/Ex (FE-27), Office of Fossil Energy, U.S. Department of Energy, 1000 Independence Avenue, SW, Washington, DC 20585-0350 (FAX 202-287-5736).

FOR FURTHER INFORMATION CONTACT: Ellen Russell (Program Office) 202-586-9624 or Michael Skinker (Program Attorney) 202-586-6667.

SUPPLEMENTARY INFORMATION: On March 8, 1998, the Office of Fossil Energy (FE) of the Department of Energy (DOE) authorized DETM to transmit electric energy from the United States to Mexico as a power marketer (Order No. EA-166) using the international electric transmission facilities owned and operated by San Diego Gas & Electric, El Paso Electric Company, Central Power & Light Company, and Comision Federal de Electricidad, the national electric utility of Mexico. That authorization will expire on March 9, 2000. On October 6, 1999, DETM filed an application with FE for renewal of this export authority and requested that the Order be issued for a 5-year term.

Procedural Matters

Any person desiring to become a party to this proceeding or to be heard by filing comments or protests to this application should file a petition to intervene, comment or protest at the address provided above in accordance with §§ 385.211 or 385.214 of the Federal Energy Regulatory Commission's rules of practice and procedures (18 CFR 385.211, 385.214). Fifteen copies of each petition and protest should be filed with the DOE on or before the date listed above.

Comments on the DETM request to export should be clearly marked with Docket EA-166-A. Additional copies are to be filed with Kris Errickson,

Legal/Regulatory Coordinator, Duke Energy Trading and Marketing, One Westchase Center, 10777 Westheimer Street, Suite 650, Houston, TX 77042; Christine M. Pallenik, Managing Counsel, Duke Energy Trading and Marketing, 4 Triad Center, Suite 1000, Salt Lake City, UT 84180; and Gordon J. Smith, Esq., John & Hengerer, 1200 17th Street, NW, Suite 600, Washington, DC 20036.

DOE notes that the circumstances described in this application are virtually identical to those for which export authority had previously been granted in FE Order EA-166. Consequently, DOE believes that it has adequately satisfied its responsibilities under the National Environmental Policy Act of 1969 through the documentation of a categorical exclusion in the FE Docket EA-166 proceeding.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above or by accessing the Fossil Energy Home Page at <http://www.fe.doe.gov>. Upon reaching the Fossil Energy Home page, select "Electricity" from the "Regulatory Info" menu, then "Pending Proceedings" from the options menus.

Issued in Washington, DC, on October 20, 1999.

Anthony J. Como,

Deputy Director, Electric Power Regulation, Office of Coal & Power Im/Ex, Office of Coal & Power Systems, Office of Fossil Energy.
