Certain Rare-Earth Magnets and Magnetic Materials and Articles Containing Same; Notice of Commission Determination Not To Review an Initial Determination Finding a Violation of Section 337; and Request for Submissions on Remedy, the Public Interest, and Bonding

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review a final initial determination (ID) issued by the presiding administrative law judge (ALJ) in the above-captioned investigation finding a violation of section 337 of the Tariff Act of 1930.

FOR FURTHER INFORMATION CONTACT: Cynthia Johnson, Esq., Office of the General Counsel, U.S. International Trade Commission, telephone 202-205-3098. Hearing-impaired individuals are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>).

SUPPLEMENTARY INFORMATION: On September 4, 1998, the Commission instituted an investigation based on a complaint filed by Magnequench International, Inc. (Magnequench) and Sumitomo Special Metals Co., Ltd. (SSMC). 63 *Fed. Reg.* 47319. The complaint alleged violations of subsection (a)(1)(B) of section 337 in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain rare-earth magnets or magnetic materials, or articles containing the same, that infringe claims 1, 4, 5, 8, 9,

or 11 of U.S. Letters Patent 4,851,058, (the '058 patent); claims 1-6, 10, 14-16, or 18-20 of U.S. Letters Patent 4,802,931 (the '931 patent); claims 13-18 of U.S. Letters Patent 4,496,395 (the '395 patent); claims 1-9, 12-20, 23-27, or 29-34 of U.S. Letters Patent 4,770,723 (the '723 patent); claims 1-6, 8-10, 13-19, 21-24, 27-35, or 37-39 of U.S. Letters Patent 4,792,368 (the '368 patent); or claims 1-3, 5, 15, 18, 19, 21, or 22 of U.S. Patent Letters 5,645,651 (the '651 patent).

On September 22, 1999, the Commission determined not review an ID granting complainants motion to withdraw from the investigation claims 1, 12, 23, 29, 30, and 32 of the '723 patent and claims 1, 13, 14, 22, 27, 32, 33, 34, and 39 of the '368 patent. Hence the claims in issue of the '723 patent and '368 patent are claims 2-9, 13-20, 24-27, 31, 33, and 34 of the '723 patent and claims 2-6, 8-10, 15-19, 21, 23, 24, 28-31, 35, 37, and 38 of the '368 patent.

The following respondents were named in the notice of investigation: Houghes International, Inc. (Houghes) of New York; International Magna Products, Inc. (IMI) of Indiana; Multi-Trend International Corp. a/k/a MTI-Modern Technology Inc. (Multi-Trend) of California; American Union Group, Inc. (AUG) of Maryland; High End Metals Corp. (High End) of Taiwan; Harvard Industrial America Inc. (Harvard) of California; H.T.I.E., Inc. (H.T.I.E.) of Pennsylvania; and CYNNY Magnets (CYNNY) of New Jersey.

On January 11, 1999, the Commission determined not to review an ID granting complainants' motion to amend the complaint and notice of investigation to add A.R.E., Inc. (A.R.E.) of Pennsylvania; NEOCO, L.C. (NEOCO) of Michigan; Beijing Jing Ma Permanent Magnets Materials Factory (Jing Ma) of China; and Xin Huan Technology Development Co., Ltd. (Xin Huan) of China as respondents.

On February 1, 1999, the Commission determined not to review an ID terminating the investigation as to respondent IMI on the basis of a consent order. On February 9, 1999, the Commission determined not to review IDs terminating the investigation as to respondents AUG, CYNNY, H.T.I.E., and Houghes on the basis of consent orders.

On May 25, 1999, the Commission determined not to review an ID granting complainants' motion for partial summary determination on the importation issue. On May 28, 1999, the Commission determined not to review an ID granting complainants' motion for summary determination on the domestic industry issue.

On August 6, 1999, the Commission determined not to review an ID finding respondents A.R.E., Jing Ma, and Xin Huan in default. On September 27, 1999, the Commission determined not to review an ID finding respondent Multi-Trend in default.

The prehearing conference and evidentiary hearing were conducted on June 9 to 18, 1999. Complainants, respondent NEOCO, and the Commission investigative attorneys (IAs) participated at the hearing. Following the filing of post-hearing submissions, closing arguments were heard on July 27, 1999.

On September 7, 1999, the ALJ issued his final ID finding a violation of section 337. His determination is based on his findings that the patents in issue are valid and enforceable, and that the accused imported magnets infringed all of the asserted claims, with the exception of claims 13-20, 25-27 and 33 of the '723 patent and claims 15-19, 21, 23, 24, 28, 30, 31, and 35 of the '368 patent.

At final disposition of this investigation, the Commission may issue (1) an order that could result in exclusion of the subject articles from entry into the United States, and/or (2) cease and desist orders that could result in respondents being required to cease and desist from engaging in unfair action in the importation and sale of such articles. The Commission is therefore interested in receiving written submissions that address the form of remedy, if any, that should be ordered. If a party seeks exclusion of an article from entry into the United States for purposes other than entry for consumption, entry for consumption from a foreign trade zone, or withdrawal from warehouse for consumption, the party should so indicate and provide information establishing that activities involving other types of entry either are adversely affecting it or are likely to do so. For background, see *In the Matter of: Certain Devices for Connecting Computers Via Telephone Lines*, Inv. No. 337-TA-360, USITC Publication No. 2843 (December 1994) (Commission Opinion).

If the Commission contemplates some form of remedy, it must consider the effects of that remedy upon the public interest. The factors the Commission will consider include the effect that an exclusion order and/or cease and desist orders would have on (1) the public health and welfare, (2) competitive conditions in the U.S. economy, (3) U.S. production of articles that are like or directly competitive with those that are the subject of this investigation, and (4) U.S. consumers.
