

Zealand (57 FR 23203 (June 2, 1992)) and tungsten ore concentrates from the People's Republic of China (56 FR 58681 (November 21, 1991)). Further, the Department suspended the antidumping duty investigation on uranium from Kryrgyzstan (57 FR 49220 (October 30, 1992)). Pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"), the Department initiated sunset reviews of these orders and suspended investigation by publishing notice of the initiation in the **Federal Register** (64 FR 41915 (August 2, 1999)). In addition, as a courtesy to interested parties, the Department sent letters, via certified and registered mail, to each party listed on the Department's most current service list for these proceedings to inform them of the automatic initiation of the sunset reviews on these orders and suspended investigation.

No domestic interested party in the sunset reviews on these orders responded to the notice of initiation by the August 17, 1999 deadline (see section 351.218(d)(1)(i) of *Procedures for Conducting Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders*, 63 FR 13520 (March 20, 1998) ("Sunset Regulations")).

In the sunset review of the suspended antidumping investigation on uranium from Kyrgyzstan, we received notices of intent to participate from domestic interested parties: USEC Inc. and its subsidiary, United States Enrichment Corporation (collectively "USEC"), the Paper, Allied-Industrial, Chemical & Energy Workers International Union, AFL-CIO ("PACE"), and the Ad Hoc Committee of Domestic Uranium Producers (the "Ad Hoc Committee"). However, the Ad Hoc Committee, PACE, and USEC withdrew their notices of intent to participate on August 17, August 18, and August 23, 1999, respectively. Further, the Department did not receive a complete substantive response from any domestic interested party (in this case no response) by the September 1, 1999, deadline. (See § 351.218(d)(1)(i)). Therefore, the Department has determined that no domestic interested party intends to participate in the sunset review of this suspended investigation.

Determination

Pursuant to section 751(c)(3)(A) of the Act and § 351.218(d)(1)(iii)(B)(3) of the *Sunset Regulations*, if no domestic interested party responds to the notice of initiation, the Department shall issue a final determination, within 90 days after the initiation of the review, revoking the order or terminating the

suspended investigation. Because no domestic interested party in the sunset review of tungsten ore concentrates from the PRC responded to the notice of initiation by the applicable deadline, August 17, 1999, we are revoking this antidumping duty order. Additionally, because USEC, PACE and Ad Hoc Committee of Domestic Uranium withdrew their notices of intent to participate and no other domestic interested party filed a substantive response (see §§ 351.218(d)(1)(i) and 351.218(d)(3) of the *Sunset Regulations*), we are terminating the suspended antidumping duty investigation on uranium from Kyrgyzstan.

Further, the Department revoked the antidumping duty order on kiwifruit from New Zealand on September 17, 1999, effective June 1, 1997. Pursuant to the Department's *Final Results of Changed Circumstances Review; Revocation of the Order on Kiwifruit from New Zealand*, the Department has instructed the United States Customs Service to terminate the liquidation of merchandise subject to the antidumping duty order on kiwifruit from New Zealand effective June 1, 1997 (see *Fresh Kiwifruit From New Zealand: Final Results of Changed Circumstances Review; Revocation of Order*, 64 FR 50486). Because the antidumping duty order on kiwifruit from New Zealand was revoked as a result of a changed circumstances review, we are terminating the sunset review of this order.

Effective Date of Revocation and Termination

Pursuant to section 751(c)(6)(A)(iv) of the Act, the Department will instruct the United States Customs Service to terminate the suspension of liquidation of the merchandise subject to the antidumping duty order on tungsten ore concentrates from the PRC entered, or withdrawn from warehouse, on or after January 1, 2000. Entries of subject merchandise prior to the effective date of revocation will continue to be subject to suspension of liquidation and antidumping duty deposit requirements. The suspension agreement on uranium from Kyrgyzstan will remain in effect until January 1, 2000. The Department will complete any pending administrative reviews of the order and this suspension agreement and will conduct administrative reviews of all entries prior to the effective date of revocation or termination in response to appropriately filed requests for review.

The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930 ("the Act") are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Rounds Agreements Act.

Postponement of Final Results

On September 8, 1999, the Department published the preliminary results for this review. See 64 FR 48767. Section 751(a)(3)(A) of the Act requires the Department to complete an administrative review within 120 days of publication of the preliminary results. However, if it is not practicable to complete the review within the 120-day time limit, section 751(a)(3)(A) of the Act allows the Department to extend the time limit to 180 days from the date of

publication of the preliminary results. The Department has determined that it is not practicable to issue its final results within the original 120-day time limit (See Decision Memorandum from Joseph A. Spetrini to Robert LaRussa dated October 21, 1999). We are therefore extending the deadline for the final results in this review to 180 days from the date on which the notice of preliminary results was published. The fully extended deadline for the final results is March 6, 2000.

Background

On March 30, 1999, the Department of Commerce received a request from Yancheng Haiteng Aquatic Products & Foods Co., Ltd., to conduct a new shipper review of the antidumping duty order on freshwater crawfish tail meat from the People's Republic of China. On April 30, 1999, the Department initiated this new shipper antidumping review covering the period September 1, 1998,

The Department has determined that the issues are extraordinarily complicated and it is not practicable to complete this review within the time limits mandated by section 751(a)(2)(B)(iv) of the Act and 19 CFR 351.214 (i)(2) of the Department's regulations. Therefore, in accordance with these sections, the Department is extending the time limits for the preliminary results to February 24, 2000. Large Newspaper Printing Presses and Components Thereof, Whether Assembled or Unassembled, From Japan: Preliminary Results of Changed Circumstances Antidumping Duty Administrative Review and Intent To Revoke Antidumping Order, In Part

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of preliminary results of changed circumstances and intent to revoke antidumping duty order, in part.

SUMMARY: At the request of Goss Graphic Systems, Inc., the petitioner and a U.S. producer of the subject merchandise, the Department of Commerce is conducting a changed circumstances administrative review of the antidumping duty order on large newspaper printing presses and components thereof, whether assembled or unassembled, from Japan to determine whether to revoke in part the order with respect to large newspaper printing presses and components thereof, whether assembled or unassembled. Goss states that it has no interest in maintaining the antidumping duty order on subject merchandise from Japan with respect to the specific

category of large newspaper printing presses and components thereof, whether assembled or unassembled, identified in its request. We preliminarily determine to revoke the order, in part, with respect to these specific systems, as described below under "Scope of Review." We invite interested parties to comment on these preliminary results.

SUPPLEMENTARY INFORMATION:

Background

On September 4, 1996, the Department published in the **Federal Register** (61 FR 46621) the antidumping duty order on large newspaper printing presses ("LNPP") and components thereof, whether assembled or unassembled, from Japan. On May 28, 1999, Goss Graphic Systems, Inc. ("Goss") requested that the Department conduct a changed circumstances administrative review to determine, pursuant to 19 CFR 351.216(b), whether to revoke in part the antidumping duty order on LNPPs from Japan with regard to imports of the elements and components of LNPP systems, and additions thereto, imported to fulfill a contract for one or more complete LNPP systems, as described in detail below under "Scope of Review." Goss states that it is no longer interested in maintaining the order as applied to the category of merchandise described in the request.

KBA North America ("KBA"), a U.S. producer and an affiliate of the German respondent Koenig & Bauer-Albert AG in the German less-than-fair-value ("LTFV") investigation of LNPP from Germany, Tokyo Kikai Seisakusho, Ltd.
