Adequacy Status of Milwaukee, Wisconsin Submitted 9% Rate of Progress Plan for Transportation Conformity Purposes

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of adequacy.

SUMMARY: In this document, EPA is notifying the public that EPA has found that the Milwaukee, Wisconsin 9% Rate of Progress (ROP) plan does contain adequate mobile source emission budgets. On March 2, 1999, the D.C. Circuit Court ruled that submitted State Implementation Plans (SIPs) cannot be used for conformity determinations until EPA has affirmatively found them adequate. Since the December 11, 1997, submittal does contain adequate budgets, this attainment demonstration can be used for future conformity determinations.

FOR FURTHER INFORMATION CONTACT:

The finding and the response to comments will be available at EPA's conformity website: <http://www.epa.gov/oms/traq>, (once there, click on the "Conformity" button, then look for "Adequacy Review of SIP Submissions for Conformity").

Protection Agency, Region 5, 77 West Jackson Boulevard., Chicago, Illinois, 60604, (312) 353-6680, leslie.michael@epa.gov.

SUPPLEMENTARY INFORMATION:

Background

Throughout this document, whenever "we", "us" or "our" is used, we mean EPA. This notice is simply an announcement of a finding that we have already made. EPA Region 5 sent a letter to the Wisconsin Department of Natural Resources on October 7, 1999, stating that the Milwaukee, Wisconsin submitted 9% ROP does contain adequate mobile source emission budgets. This finding will also be announced on EPA's conformity website: <http://www.epa.gov/oms/traq>, (once there, click on the "Conformity" button, then look for "Adequacy Review of SIP Submissions for Conformity").

Transportation conformity is required by section 176(c) of the Clean Air Act. EPA's conformity rule requires that transportation plans, programs, and projects conform to state air quality implementation plans and establishes the criteria and procedures for determining whether or not they do. Conformity to a SIP means that transportation activities will not produce new air quality violations, worsen existing violations, or delay timely attainment of the national ambient air quality standards.

The criteria by which we determine whether a SIP's motor vehicle emission budgets are adequate for conformity purposes are outlined in 40 CFR 93.118(e)(4). Please note that an adequacy review is separate from EPA's completeness review, and it also should not be used to prejudge EPA's ultimate approval of the SIP. Even if we find a budget adequate, the SIP could later be disapproved.

We've described our process for determining the adequacy of submitted SIP budgets in guidance (May 14, 1999 memo titled "Conformity Guidance on Implementation of March 2, 1999 Conformity Court Decision"). We followed this guidance in making our adequacy determination.

Authority: 42 U.S.C. 7401-7671q.

Dated: October 22, 1999.

David A. Ullrich,

Acting Regional Administrator, Region 5.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does This Action Apply to Me?

This action applies to the public in general. As such, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person under "FOR FURTHER INFORMATION CONTACT."

B. How Can I Get Additional Information, Including Copies of This Document and Other Related Documents?

You may obtain electronic copies of this document, and certain other related documents that might be available electronically, from the EPA Internet Home Page at <http://www.epa.gov/>. To access this document, on the Home Page select "Laws and Regulations" and then look up the entry for this document under the "Federal Register--Environmental Documents." You can also go directly to the **Federal Register** listings at <http://www.epa.gov/fedrgstr/>.

II. Contractor Requirements

Under this contract number, the contractor will perform the following:

Under Contract No. 68-W2-0033, this project will deal with the analysis, design, development, installation, and maintenance of OPP applications developed in Oracle as the RDBMS with Graphical User Interface. The requirements may consist of detailed system requirements/specifications, screen layouts, navigation and interface among screens, data validation rules, and detailed storage and processing requirements. The contractor will complete the work to meet the requirements of the assignment, complete initial alpha testing, and document the completed work.

This contract involves no subcontractors.

The OPP has determined that the contract described in this document involves work that is being conducted in connection with FIFRA, in that pesticide chemicals will be the subject of certain evaluations to be made under this contract. These evaluations may be used in subsequent regulatory decisions under FIFRA.

Some of this information may be entitled to confidential treatment. The information has been submitted to EPA under sections 3, 4, 6, and 7 of FIFRA and under sections 408 and 409 of the FFDCA.

In accordance with the requirements of 40 CFR 2.307(h)(3), the contract with Oracle Corporation, prohibits use of the information for any purpose not specified in this contract; prohibits disclosure of the information to a third party without prior written approval from the Agency; and requires that each official and employee of the contractor sign an agreement to protect the information from unauthorized release and to handle it in accordance with the FIFRA Information Security Manual. In addition, Oracle Corporation is required to submit for EPA approval a security plan under which any CBI will be secured and protected against unauthorized release or compromise. No information will be provided to Oracle Corporation until the requirements in this document have been fully satisfied. Records of information provided to Oracle Corporation will be maintained by EPA Project Officers for this contract. All information supplied to Oracle Corporation by EPA for use in connection with this contract will be returned to EPA when Oracle Corporation has completed its work.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-6468-9]

Guam: Adequacy Determination of State Municipal Solid Waste Permit Program

AGENCY: Environmental Protection Agency.

ACTION: Notice; extension of comment period for tentative determination to fully approve the adequacy of the Guam Municipal Solid Waste Permitting Program.

SUMMARY: Section 4005(c)(1)(B) of the Resource Conservation and Recovery Act (RCRA), as amended by the Hazardous and Solid Waste Amendments (HSWA) of 1984, 42 U.S.C. 6945(1)(B), requires states to develop and implement permit programs to ensure that municipal solid waste landfills (MSWLFs), which may receive hazardous household waste or small quantity generator hazardous waste will comply with the revised Federal MSWLF Criteria (40 CFR part 258). RCRA section 4005(c)(1)(C), 42 U.S.C. 6945(c)(1)(C), requires the Environmental Protection Agency (EPA) to determine whether states have adequate "permit" programs for MSWLFs, but does not mandate issuance of a rule for such determinations. Approved State permit programs provide for interaction between the State and the Owner/Operator regarding site-specific permit conditions. Only those owners/operators located in States with approved permit programs can use the site specific flexibilities provided by 40 CFR part 258 to the extent the State permit program allows such flexibility. EPA notes that, regardless of the approval status of any facility, the federal landfill criteria shall apply to all permitted and unpermitted MSWLF facilities.

Guam is defined as a "State" in 40 CFR 258.2. Guam has applied for a determination of adequacy under section 4005(c)(1)(C) of RCRA, 42 U.S.C. 6945(c)(1)(C). EPA Region IX has reviewed Guam's MSWLF permit

program application and has made a tentative determination that all portions of Guam's MSWLF permit program are adequate to assure compliance with the revised MSWLF Criteria. Guam's application for program adequacy determination is available for public review and comment at the place(s) listed in the **ADDRESSES** section below during regular office hours.

RCRA does not require EPA to hold a public hearing on a determination to approve any State's MSWLF permit. However, if a sufficient number of persons express interest in participating in a hearing by writing to the Region IX Solid Waste Program or calling the contact given below by November 22, 1999 the Region will hold a hearing in Tiyan, Guam. The Region will notify all persons who submit comments on this notice if it appears that there is sufficient public interest to warrant a hearing. In addition, anyone who wishes to learn whether the hearing will be held may call the person listed in the **FOR FURTHER INFORMATION CONTACT** section below.

DATES: The Public Comment Period for Guam's application for a determination of adequacy has been extended to November 22, 1999. All comments on Guam's application for a determination of adequacy must be received by the close of business on November 22, 1999. If there is sufficient interest, a public hearing will be held in Tiyan, Guam at least 45 days from the date of notice that such a hearing will be held. Guam's Environmental Protection Agency will participate in the public hearing, if held by EPA on this subject.

ADDRESSES: Written comments should be sent to Ms. Heidi Hall, Chief, Solid Waste Program, mail code WST-7, EPA Region IX, 75 Hawthorne Street, San Francisco, California 94105. The public hearing, if held, will be held at the Guam Environmental Protection Agency's Main Conference Room, Building 15-6101 Mariner Avenue, Tiyan, Guam. Copies of Guam's application for adequacy determination are available at the following address for inspection and copying: Guam Environmental Protection Agency, Calibration Laboratory Building, 15-6101 Mariner Ave. Tiyan, Barrigada, Guam between the hours of 8:00 a.m. and 5:00 p.m.

FOR FURTHER INFORMATION CONTACT: EPA Region IX, 75 Hawthorne Street, San Francisco, California 94105 attention Ms. Beth Godfrey, mail code WST-7, telephone 415 744-2095.
