Periodically, the Health Resources and Services Administration (HRSA) publishes abstracts of information collection requests under review by the Office of Management and Budget, in compliance with the Paperwork

Reduction Act of 1995 (44 U.S.C. Chapter 35). To request a copy of the clearance requests submitted to OMB for review, call the HRSA Reports Clearance Office on (301) 443-1129.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: Uncompensated Services Assurance Report (OMB No. 0915-0077)—Extension

Under the Hill-Burton Act, the Government provides grants and loans

for construction or renovation of health care facilities. As a condition of receiving this construction assistance, facilities are required to provide services to persons unable to pay. A condition of receiving this assistance requires facilities to provide assurances periodically that the required level of uncompensated care is being provided, and that certain notification and recordkeeping procedures are being followed. These requirements are referred to as the uncompensated services assurance.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: Annual Administrative Reporting System for the Ryan White Comprehensive AIDS Resources Emergency (CARE) Act of 1990 for Titles I and II (OMB No. 0915-0166): Revision

OMB approval is requested for the Annual Administrative Reporting System (AAR) established in 1994 to collect information from grantees and their subcontracted service providers. The AAR collects aggregate information from grantees about the disbursement of funds, number of clients served and services provided, demographic information about clients served, and

cost of providing services funded under Title I and II of the Ryan White CARE Act.

The primary purpose of the AAR is to: (1) Document the use of Title I and Title II funds and the providers who received them, (2) assess the effects of these funds on the number and diversity of individuals served, (3) evaluate the quantity of services received, and (4) help examine the effectiveness of coordinated systems of care in meeting the needs of individuals living with HIV. In addition to meeting the goal of accountability to Congress, clients,

advocacy groups, and the general public, the AAR supports critical efforts by HRSA, state and local grantees, and providers to assess the status of existing HIV-related service delivery systems.

Separate reports were developed to collect aggregate data from the three program types that receive funds under Title I and/or Title II: (1) Title I programs, Title II programs; (2) centrally administered state programs for the continuation of health insurance; and (3) state programs providing HIV prescription drug assistance.

The following changes to the AAR are proposed to improve the accuracy of the data collected and facilitate local analysis of primary medical care outcome measures: Certain funding questions will be eliminated, all questions will require numerical responses, not percentages; some questions will be restricted to certain providers; and a set of questions has been added to help evaluate primary medical services.

The estimated response burden is as follows:

Form name	Number of respondents	Responses per respondent	Total responses	Hours per response	Total hour burden
Standard Annual Administrative Report (SAAR)					
Medical providers	660	1	660	35	23,100
Non-medical providers	1,975	1	1,975	20	39,500
Grantees	105	1	105	24	2,520
AIDS Pharmaceutical Assistance Annual Administrative Report (includes State ADAP and local APA pharmaceutical programs)					
Administrator/Grantee	76	1	76	25	1,900
Health Insurance Continuation Program					
Administrative/Grantee	66	1	66	18.5	1,221
Total	2,882	1	2,882	68,241
