Colorado Interstate Gas Company; Notice of Tariff Filing

November 4, 1999.

Take notice that on November 1, 1999, Colorado Interstate Gas Company (CIG), tendered for filing to become part of its FERC Gas Tariff, First Revised Volume No. 1, Ninth Revised Sheet No. 8, Fourth Revised Sheet No. 65, Third Revised Sheet No. 66, Fourth Revised Sheet No. 67, Fourth Revised Sheet No. 403 and Second Revised Sheet No. 404, to be effective December 1, 1999.

CIG states this filing proposes an overrun charge on quantities delivered in excess of those nominated and scheduled under an interruptible transportation agreement. CIG further states that the proposed overrun charge increases, as the relative size of the discrepancy increases, to deter larger deviations from schedule transactions. CIG avers that shippers serving markets with swing loads are increasingly using interruptible contracts as their designated swing account to avoid overrun fees on their firm transportation contracts, and this proposal will help manage this trend.

CIG further states, to insure that a shipper is not penalized for unscheduled deliveries that are outside the shipper's control, CIG proposes that the overrun penalty will not be imposed if the excess deliveries are the result of CIG system problems.

CIG further states that copies of this compliance filing have been served on CIG's jurisdictional customers and public bodies.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make

protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene.
