November 9, 1999.

Take notice that on November 2, 1999, Northern Natural Gas Company (Northern), P.O. Box 3330, Omaha, Nebraska 68103-0330, filed in Docket No. CP00-20-000 an application pursuant to Section 7(b) of the Natural Gas Act (NGA) for permission and approval to abandon an individually certificated transportation agreement between Northern and Reliant Energy Minnegasco (REM) under its Rate Schedule T-8 contained in its FERC Gas Tariff, Original Volume No. 2, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The application may be viewed on the web at www.ferc.fed.us/online/rims.htm. Call (202) 208-2222 for assistance.

Northern states that the agreement provided for Northern to transport up to 50,000 Mcf of natural gas per day on a seasonal basis, at the direction of REM, from its Waterville Storage located in Steele County, Minnesota on behalf of REM. According to Northern, both parties have agreed to mutually terminate the underlying contract. Additionally, Northern asserts the REM has executed a firm transportation agreement to provide equivalent capacity to meet its market demand pursuant to its FERC Gas Tariff and in compliance with Part 284 of the Commission's regulations. No facilities will be abandoned as a result of the requested abandonment of service. Northern contends that it will file the approximately revised tariff sheets upon approval of the Commission of the requested abandonment.

[Docket No. EC99-73-001, et al.]

Tennessee Gas Pipeline Company, et al.; Electric Rate and Corporate Regulation Filings

November 9, 1999.

Take notice that the following filings have been made with the Commission:

1. Tennessee Gas Pipeline Company

[Docket No. EC99-73-001]

Take notice that on October 29, 1999, Tennessee Gas Pipeline Company (Tennessee), P.O. Box 2511, Houston, Texas 77252, tendered for acceptance a compliance filing in the above-captioned docket.

Tennessee states that it is making this filing in compliance with the Commission's September 29, 1999 "Order Approving Disposition of Jurisdictional Facilities" in Docket No. EC99-73. El Paso Energy Corporation and Sonat Inc., 88 FERC 61,302 (1999) (hereinafter, the September 29th Order). In the September 29th Order, the Commission approved the application of El Paso Energy Corporation and Sonat Inc. requesting Commission approval of the proposed merger between the two companies. Tennessee further states that in their application, the respective companies committed to file tariff sheets, for each of their jurisdictional pipeline companies that serve the Southeast, committing that future pipeline expansion capacity will be offered to all shippers on a non-discriminatory basis. Upon further review of its Tariff, Tennessee notes that its currently effective tariff provisions already provide that expansions of its system will be offered on a non-discriminatory basis. Specifically, Article XVII (Construction of Receipt and Delivery Facilities) of the General Terms and Conditions of Tennessee's Tariff sets forth Tennessee's generally applicable policy for the construction, modification and rearrangement of facilities and that Tennessee will handle all requests for construction of facilities "in a manner which is not unduly discriminatory."

Comment date: November 29, 1999, in accordance with Standard Paragraph E at the end of this notice.

[Docket No. EG00-13-000]
