Science Advisory Board; Notification of Public Advisory Committee Meeting

Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the Environmental Models Subcommittee (EMS) of the Science Advisory Board's (SAB) Executive Committee, will meet Monday and Tuesday December 13 and 14, 1999 in the Environmental Research Center (ERC) Classroom No. 2, Highway 54 & Alexander Drive, at the U.S. Environmental Protection Agency, Research Triangle Park, North Carolina 27711. The meeting will begin at 9:00 am on December 13 and adjourn no later than 5:00 pm on December 14th (Eastern Time). This meeting is open to the public, however, seating is limited and available on a first come basis. Documents that are the subject of SAB reviews are normally available from the originating U.S. Environmental Protection Agency (EPA) office and are not available from the SAB Office. Public drafts of SAB reports are available to the Agency and the public from the SAB office. Details on availability are noted below.

Purpose

The purpose of this meeting is to: (a) Conduct an advisory on the Agency's Total Risk Integrated Methodology (TRIM) as part of a continuing review of this modeling system which is being developed by the Office of Air and Radiation (OAR), Office of Air Quality Planning and Standards (OAQPS) to support the Agency's regulatory decision making for air pollutants; (b) receive an update and briefing on the workplan for implementation of activities of the Council for Regulatory Environmental Modeling (CREM); and (c) conduct planning for the Fiscal Year 2000 activities of the Environmental Models Subcommittee (EMS) of the Science Advisory Board (SAB), such as a possible future review of the MINTEQA2 model.

SAB Advisory on TRIM

The Agency's OAR is developing TRIM which is intended to support the Agency's regulatory decision making for

air pollutants. The intent in creating TRIM with a flexible framework using open architecture is that it will provide the Agency with essential multi-media, multi-pathway air pollutant modeling capabilities in the short term, as well as allow the Agency to take advantage of future advances made over the longer term modeling and monitoring research. The basic charge questions the Agency is raising to the SAB's EMS deal with the overall TRIM system, as well as the three individual modules. The charge questions on the overall TRIM system deal with the TRIM's current design, modular approach, and open architecture, as well as the scientific reasonableness of plans for addressing uncertainty and variability. Questions are being asked by the Agency to the SAB's EMS regarding improvements in the ability of TRIM.FaTE to incorporate outputs from external models, to model chemical transformation and metals, and to incorporate seasonal processes. An additional question is focused on issues associated with the incorporation of both horizontal and vertical atmospheric dispersion and diffusion algorithms, as well as what alternate methods might be recommended to incorporate these algorithms. The SAB's EMS will also be asked to critique an evaluation plan for TRIM.FaTE. In addition, questions are being raised with regard to the adequacy of the TRIM.Expo proposed conceptual design and specific algorithms chosen in the modeling framework, as well as the adequacy of the conceptual plan for the TRIM.Risk module.

The SAB's EMS will also be updated on the activities and work plan for implementation of the Committee for Environmental Regulatory Modeling (CREM).

For Further Information

Copies of the review documents and any background materials for the review are *not available* from the SAB. The TRIM review documents are available from the program office by contacting Dr. Deirdre Murphy by telephone at (919) 541-0729; by fax at (919) 541-0237, or by E-mail at <murphy.deirdre@epa.gov>. The documents that are being provided to the SAB's EMS include the following: (1) TRIM Status Report, (2) TRIM.FaTE Technical Support Document, Vol. I, (3) TRIM.FaTE Technical Support Document, Vol. II, and (4) TRIM.EXPO Technical Support Document. The CREM update will be available to the Subcommittee as well as to members of the public at the meeting. You may call, fax or E-mail the program office for information regarding the status of

CREM by contacting Mr. Johnnie Pearson by telephone at (919) 541-0572; by fax at (919) 541-0445; or by e-mail at <pearson.johnnie@epa.gov> to obtain the update materials when they are available.

Any member of the public wishing further information concerning the meeting should contact Dr. K. Jack Kooyoomjian, Designated Federal Officer for the Environmental Models Subcommittee, Science Advisory Board (1400A), U.S. Environmental Protection Agency, 401 M Street, SW., Washington, DC 20460 at (202) 564-4557; by fax (202) 501-0582; or by E-mail at <kooyoomjian.jack@epa.gov>. Anyone wishing to make an oral presentation at the meeting must contact Dr. Kooyoomjian *in writing* no later than close of business Tuesday, December 7, 1999, at the above address, fax or e-mail. The request should identify the name of the individual who will make the presentation and an outline of the issues to be addressed. Copies of the draft meeting agenda are available from Ms. Dorothy Clark, Management Assistant, Committee Operations Staff at (202) 564-4537; by fax at (202) 501-0582; or by E-mail at <clark.dorothy@epa.gov>.

Providing Oral or Written Comments at SAB Meetings

The Science Advisory Board expects that public statements presented at its meetings will not repeat previously submitted oral or written statements. In general, each individual or group making an oral presentation will be limited to a total time of ten minutes. This time may be reduced at the discretion of the SAB, depending on meeting circumstances. Oral presentations at teleconferences will normally be limited to three minutes per speaker or organization. Written comments (at least 35 copies) received in the SAB Staff Office sufficiently prior to a meeting date, may be mailed to the relevant SAB committee or subcommittee prior to its meeting; comments received too close to the meeting date will normally be provided to the committee at its meeting. Written comments, which may be of any length, may be provided to the relevant committee or subcommittee up until the time of the meeting.

Information concerning the Science Advisory Board, its structure, function, and composition, may be found in The Annual Report of the Staff Director which is available from the SAB Committee Evaluation and Support Staff (CESS) by contacting US EPA, Science Advisory Board (1400A), Attention: CESS, 401 M Street, SW, Washington, DC 20460 or via fax (202) 501-0256.

Additional information concerning the SAB can be found on the SAB Home Page at: <http://www.epa.gov/sab>.

Meeting Access

Individuals requiring special accommodation at this meeting, including wheelchair access, should contact the appropriate DFO at least five business days prior to the meeting so that appropriate arrangements can be made.

Dated: November 10, 1999.

Donald G. Barnes,

Staff Director, Science Advisory Board.

Pesticide Products; Registration Application

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces receipt of an application to register a pesticide product containing a new active ingredient not included in any previously registered product pursuant to the provisions of section 3(c)(4) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. **DATES:** Written comments, identified by the docket control number OPP-30485, must be received on or before December 20, 1999.

ADDRESSES: Comments may be submitted by mail, electronically, or in person. Please follow the detailed instructions for each method as provided in Unit I. of the "SUPPLEMENTARY INFORMATION." To ensure proper receipt by EPA. It is imperative that you identify docket control number OPP-30485 in the subject line on the first page of your response.

FOR FURTHER INFORMATION CONTACT: Ann Sibold, Registration Division (7505C), Office of Pesticide Programs, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460; telephone number: 703 305-6502; and e-mail address: sibold.ann@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

You may be affected by this action if you are an agricultural producer, food manufacturer, or pesticide

manufacturer. Potentially affected categories and entities may include, but are not limited to:

Cat-egories	NAICS codes	Examples of poten-tially affected entities
Industry	111 112 311 32532	Crop production Animal production Food manufacturing Pesticide manufac-turing

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in the table could also be affected. The North American Industrial Classification System (NAICS), codes have been provided to assist you and others in determining whether or not this action might apply to certain entities. If you have questions regarding the applicability of this action to a particular entity, consult the person listed in the "FOR FURTHER INFORMATION CONTACT."

B. How Can I Get Additional Information, Including Copies of this Document and Other Related Documents?

1. *Electronically.* You may obtain electronic copies of this document, and certain other related documents that might be available electronically, from the EPA Internet Home Page at <http://www.epa.gov/>. To access this document, on the Home Page select "Laws and Regulations" and then look up the entry for this document under the "Federal Register--Environmental Documents." You can also go directly to the **Federal Register** listings at <http://www.epa.gov/fedrgstr/>.

2. *In person.* The Agency has established an official record for this action under docket control number OPP-30485. The official record consists of the documents specifically referenced in this action, any public comments received during an applicable comment period, and other information related to this action, including any information claimed as confidential business information (CBI). This official record includes the documents that are physically located in the docket, as well as the documents that are referenced in those documents. The public version of the official record does not include any information claimed as CBI. The public version of the official record, which includes printed, paper versions of any electronic comments submitted during an applicable comment period, is
