Proposed Project: Application for Certification and Recertification as a Federally Qualified Health Center (FQHC) Look Alike, OMB No. 0915-0142—Revision

The Health Resources and Services Administration (HRSA) proposed to revise the application guide used by organizations applying for certification, or recertification as a Federally Qualified Health Center (FQHC) Look-Alike for purposes of cost-based reimbursement under the Medicaid and Medicare programs. The guide will be revised to reflect legislative, policy, and technical changes since May, 1997, the issuance date of the last guidance. Revisions will include reference to the Balanced Budget Act of 1997 which amended the statutory language pertaining to FQHC Look-Alikes to include the requirement that 'an entity may not be owned, controlled, or operated by another entity', and the interpretation and implementation policy documents issued by the HRSA.

Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

State Treatment and Needs Assessment Program Studies

(OMB No. 0930-0186—Revision)—SAMHSA's Center for Substance Abuse

Treatment (CSAT), as part of its State Treatment and Needs Assessment Program (STNAP), awards contracts to States to conduct studies for the purpose of determining the need and demand for substance abuse treatment within each State. In order to receive funds from the Substance Abuse Prevention and Treatment Block Grant, States must submit in their annual block grant applications an assessment of service needs Statewide, at the sub-state level, and for specified population groups (as required by section 1929 of the Public Health Service Act). Most States plan to conduct an adult telephone household survey to collect information on needed treatment for substance abuse/dependence. In addition, many States plan to conduct a variety of more focused studies which will collect data on treatment need in special populations, including

adolescents, pregnant women, American Indians, arrestees and other criminal justice populations.

This submission reflects changes to the previously approved annual burden

for survey activities in two States previously funded (changes to their previously approved survey plans) and in the nine States receiving new contracts in FY 1998 that are engaging

in primary data collection. The burden will be as presented below:

	Total No. of respondents	No. of responses/respondent	Hours/response	Annualized burden hours
Previous submission	75,521	1	0.54	41,093
Decrease:				
(Adolescent Survey not being done)	- 3,000	1	0.55	- 1,650
New Activities:				
Household Telephone Surveys	5,567	1	0.55	3,062
Criminal justice populations	1,423	1	.68	970
Medicaid recipients	1,556	1	0.55	856
Other population groups	2,013	1	.74	1,480
Treatment providers	312	1	.72	226
Treatment clients	600	2.7	.51	820
Total	83,992	46,857
