Guidance for Industry on Drug Master Files for Bulk Antibiotic Drug Substances; Availability

AGENCY: Food and Drug Administration,
HHS.

ACTION: Notice.

SUMMARY: The Food and Drug
Administration (FDA) is announcing the
availability of a guidance for industry
entitled "Drug Master Files for Bulk
Antibiotic Drug Substances." This
guidance is intended to assist those in
industry whose approved applications
for bulk antibiotic drug substances were
converted to Type II drug master files
(DMF's) as a result of the repeal of the
statutory provision in the Federal Food,
Drug, and Cosmetic Act (the act) under
which the agency certified antibiotic
drugs.

DATES: Written comments may be
submitted at any time.

ADDRESSES: Copies of this guidance are
available on the Internet at [http://
www.fda.gov/cder/guidance/index.htm](http://www.fda.gov/cder/guidance/index.htm).
Submit written requests for single
copies of this guidance for industry to
the Drug Information Branch (HFD-
210), Center for Drug Evaluation and
Research, Food and Drug
Administration, 5600 Fishers Lane,
Rockville, MD 20857. Send one self-
addressed adhesive label to assist the
office in processing your requests.
Submit written comments on the
guidance to the Dockets Management
Branch (HFA-305), Food and Drug
Administration, 5630 Fishers Lane, rm.

Evaluation and Research (HFD-643),

SUPPLEMENTARY INFORMATION: FDA is
announcing the availability of a
guidance for industry entitled "Drug
Master Files for Bulk Antibiotic Drug
Substances." The purpose of this
guidance is to provide
recommendations to those in industry
whose approved applications for bulk
antibiotic drug substances were
administratively converted, by FDA, to
Type II DMF's as a result of the repeal
of section 507 of the act (see section
125(b) of the Food and Drug
Administration Modernization Act of
1997). This guidance describes the
purpose of DMF's, discusses the type of
information expected in a Type II DMF,
explains the administrative procedures
governing review of DMF's, and clarifies
the responsibilities of a DMF holder.
FDA is issuing this guidance because of
a possible misunderstanding by some
DMF holders about the need to inform
FDA of manufacturing changes to bulk
antibiotic drug substances that are
covered under a DMF. The information
included in the guidance is a
compilation of previously published
information.

This Level 2 guidance is being issued
consistent with FDA's good guidance
practices (62 FR 8961, February 27,
1997). FDA is issuing a notice of
availability for this Level 2 guidance to
ensure that industry is aware of the
importance of updating DMF's when
changes are made.

The guidance represents the agency's
current thinking on DMF's for bulk
antibiotic drug substances. It does not
create or confer any rights for or on any
person and does not operate to bind
FDA or the public. An alternative
approach may be used if such approach
satisfies the requirements of the
applicable statute, regulations, or both.

Interested persons may, at any time,
submit written comments on the
guidance to the Dockets Management
Branch (address above). Two copies of
any comments are to be submitted,
except that individuals may submit one
copy. Comments are to be identified
with the docket number found in
brackets in the heading of this
document. The guidance and received
comments are available for public
examination in the Dockets
Management Branch between 9 a.m. and
4 p.m., Monday through Friday.

Dated: November 17, 1999.

Margaret M. Dotzel,

Acting Associate Commissioner for Policy.
