Statute and Regulations

Pursuant to sections 751(c) and 752 of the Act, an antidumping ("AD") or countervailing duty ("CVD") order will be revoked, or the suspended investigation will be terminated, unless revocation or termination would be likely to lead to continuation or recurrence of (1) dumping or a countervailable subsidy, and (2) material injury to the domestic industry.

The Department's procedures for the conduct of sunset reviews are set forth in *Procedures for Conducting Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders*, 63 FR 13516 (March 20, 1998) ("*Sunset Regulations*"). Guidance on methodological or analytical issues relevant to the Department's conduct of sunset reviews is set forth in the Department's Policy Bulletin 98:3—*Policies Regarding the Conduct of Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders; Policy Bulletin*, 63 FR 18871 (April 16, 1998) ("*Sunset Policy Bulletin*").

Filing Information

As a courtesy, we are making information related to sunset proceedings, including copies of the *Sunset Regulations* and *Sunset Policy Bulletin*, the Department's schedule of sunset reviews, case history information (e.g., previous margins, duty absorption determinations, scope language, import volumes), and service lists, available to the public on the Department's sunset internet website at the following address:

"http://www.ita.doc.gov/import_admin/records/sunset/".

All submissions in the sunset review must be filed in accordance with the Department's regulations regarding format, translation, service, and certification of documents. These rules can be found at 19 CFR 351.303 (1998). Also, we suggest that parties check the Department's sunset website for any updates to the service list before filing any submissions. We ask that parties notify the Department in writing of any additions or corrections to the list. We also would appreciate written notification if you no longer represent a party on the service list.

Because deadlines in a sunset review are, in many instances, very short, we urge interested parties to apply for access to proprietary information under

administrative protective order ("APO") immediately following publication in the **Federal Register** of the notice of initiation of the sunset review. The Department's regulations on submission of proprietary information and eligibility to receive access to business proprietary information under APO can be found at 19 CFR 351.304-306 (see *Antidumping and Countervailing Duty Proceedings: Administrative Protective Order Procedures; Procedures for Imposing Sanctions for Violation of a Protective Order*, 63 FR 24391 (May 4, 1998)).

Information Required From Interested Parties

Domestic interested parties (defined in 19 CFR 351.102 (1999)) wishing to participate in the sunset review must respond not later than 15 days after the date of publication in the **Federal Register** of the notice of initiation by filing a notice of intent to participate. The required contents of the notice of intent to participate are set forth in the *Sunset Regulations* at 19 CFR 351.218(d)(1)(ii). In accordance with the *Sunset Regulations*, if we do not receive a notice of intent to participate from at least one domestic interested party by the 15-day deadline, the Department will automatically revoke the order without further review.

If we receive a notice of intent to participate from a domestic interested party, the *Sunset Regulations* provide that *all parties* wishing to participate in the sunset review must file substantive responses not later than 30 days after the date of publication in the **Federal Register** of the notice of initiation. The required contents of a substantive response are set forth in the *Sunset Regulations* at 19 CFR 351.218(d)(3). Note that certain information requirements differ for foreign and domestic parties. Also, note that the Department's information requirements are distinct from the International Trade Commission's information requirements. Please consult the *Sunset Regulations* for information regarding the Department's conduct of sunset reviews.¹ Please consult the

¹ A number of parties commented that these interim-final regulations provided insufficient time for rebuttals to substantive responses to a notice of initiation (*Sunset Regulations*, 19 CFR 351.218(d)(4)). As provided in 19 CFR 351.302(b) (1999), the Department will consider individual requests for extension of that five-day deadline based upon a showing of good cause.

Department's regulations at 19 CFR Part 351 (1998) for definitions of terms and for other general information concerning antidumping and countervailing duty proceedings at the Department.

This notice of initiation is being published in accordance with section 751(c) of the Act and 19 CFR 351.218(c).

Dated: November 24, 1999.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.

Final Results of Expedited Sunset Reviews: Oil Country Tubular Goods From Canada and From Taiwan

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of expedited sunset review: Oil country tubular goods from Canada.

SUMMARY: On May 3, 1999, the Department of Commerce ("the Department") initiated sunset reviews of the antidumping duty orders on oil country tubular goods ("OCTG") from Canada and from Taiwan (64 FR 23596) pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). On the basis of notices of intent to participate and adequate substantive comments filed on behalf of domestic interested parties and inadequate response (in these cases, no response) from respondent interested parties, the Department determined to conduct expedited reviews. As a result of these reviews, the Department finds that revocation of the antidumping duty orders would be likely to lead to continuation or recurrence of dumping at the levels indicated in the Final Results of Reviews section of this notice.
