SUPPLEMENTARY INFORMATION: The U.S.-Palestinian Bilateral Committee agreed at its February 16, 1999 meeting to establish a private sector-led business advisory group to provide input to the subcommittee on Trade and Investment. This advisory group, to be named the United States-Palestinian Business Advisory Group (USPBAG)—will make recommendations that reflect private sector views, needs, and concerns regarding business development in the West Bank and Gaza and commercial ties between Americans and Palestinians. The USPBAG will advise the Trade and Investment Subcommittee on the following areas:

- Initiatives that can be taken to promote economic activity between American and Palestinian businesses.
- Palestinian commercial and investment laws.

- Palestinian and U.S. trade policies.
- Palestinian economic policies and their impact on the business climate.

The USPBAG is comprised of two sections, an American section and a Palestinian section. Each section now has ten members, with members serving two year terms. The Group has yet to convene, and both sides have now agreed to expand membership by up to five on each side.

The members of each section will, to the extent possible, represent diverse commercial sectors. Priority sectors include: agribusiness and food processing; banking communications; engineering and construction; information technology; insurance; manufacturing; power generation; restaurant and hospitality; tourism; and software, music, video production, textiles, and retailing. The State Department will appoint members in consultation with the Commerce Department.

Private sector members will serve in a representative capacity presenting the views and interests of their particular industry. Private sector members are not special government employees. U.S. members serve at the discretion of the Secretary of State. Members will not receive compensation for their participation in USPBAG activities. Members participating in USPBAG meetings and events will be responsible for their own travel, living, and other personal expenses.
