

amount of the second mortgage will be zero. If the teacher sells the home, does not continue to live in the home as his or her sole residence, or becomes an owner of any other residential real property before the three year residency requirement is complete, he or she will owe HUD the amount due on the second mortgage.

(d) *FHA mortgage insurance.* If the home is eligible for an FHA-insured mortgage, the teacher may choose to finance the home with an FHA-insured mortgage. In this case, the downpayment for the home will be \$100.

(e) *Local governments, school districts, and nonprofit organizations.* Local governments, school districts, and private nonprofit organizations may purchase homes through the TND Initiative, if they intend to resell these homes directly to eligible teachers under the terms and conditions of the TND Initiative. To avoid the cost of a dual closing, local governments, school districts, and private nonprofit organizations will have to assign the sales contract to an eligible teacher before, or at the time of, closing or participate in a three-party closing with the eligible teacher.

(f) *Real estate brokers.* Teachers may use the services of a real estate broker. Any fee required by the broker, however, will be deducted from the 50% discount on the home.

(g) *Single-unit homes.* Only single-unit homes are eligible under the TND Initiative. Detached homes, condominiums, and townhouses are all eligible under the Initiative.

(h) *Revitalization areas.* Homes purchased through the TND Initiative must be located in HUD-designated revitalization areas.

(i) *One year program.* The TND Initiative is a temporary program that will operate from November 1999 to November 2000.

## DEPARTMENT OF THE INTERIOR

### Bureau of Indian Affairs

#### Tribal Self-Governance Program Information Collection

**AGENCY:** Bureau of Indian Affairs, Interior.

**ACTION:** Proposed agency information collection activities; comment request.

**SUMMARY:** The Bureau of Indian Affairs is seeking comments from the public on an extension of an information collection from current and potential Self-Governance Tribes, as required by the Paperwork Reduction Act. The information collected under OMB Clearance Number, 1076-0143, will be used to establish requirements for entry into the pool of qualified applicants for self-governance, to provide information for awarding grants, and to meet reporting requirements of the Self-Governance Act.

**DATES:** Submit comments on or before February 7, 2000.

**ADDRESSES:** Written comments can be sent to William Sinclair, Office of Self-Governance, 1849 C Street, NW, Mail Stop 2542 MIB, Washington, DC 20240.

**FOR FURTHER INFORMATION CONTACT:** William Sinclair, (202) 219-0240.

**SUPPLEMENTARY INFORMATION:** The Self-Governance program was authorized by the Tribal Self-Governance Act of 1994, Pub. L. 103-413 as amended. Tribal Self-Governance is a voluntary program that is currently active and operating without promulgated regulations. [See § 407(d) of the Act which says that lack of promulgated regulations shall not limit the effect of this title.] Previously, an information collection request was cleared by the Office of Information and Regulatory Affairs, Office of Management and Budget of the Act. That clearance expires on February 29, 2000. Tribes interested in entering into Self-Governance must submit certain information to support their admission into Self-Governance. In addition, those tribes and tribal consortia who have entered into self-governance compacts must submit certain information to justify budget requests on their behalf and to comport with section 405 of the Act that calls for the Secretary to submit an annual report to the Congress. Information is also required of tribes to ensure that the trust responsibilities of the Secretary of the Interior are safeguarded and that imminent jeopardy to trust assets is avoided. (See section 403(d) of the Act.)

You are advised that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information that does not display a valid OMB clearance number. For example, this collection is listed by OMB as 1076-0143, and it expires February 29, 2000. The response is voluntary or to obtain or retain a benefit, depending upon the parts of the program being addressed.

We are requesting comments about the proposed collection to evaluate:

- (a) The accuracy of the burden hours, including the validity of the methodology used and assumptions made,
- (b) The necessity of the information for proper performance of the bureau functions, including its practical utility,
- (c) The quality, utility, and clarity of the information to be collected, and
- (d) Suggestions to reduce the burden including use of automated, electronic, mechanical, or other forms of information technology.

Please submit your comments to the person listed in the **ADDRESSES** section.

Please note that comments, names and addresses of commentators, are open for public review during regular business hours. If you wish your name and address withheld, you must state this prominently at the beginning of your comments. We will honor your request to the extent allowable by law.

### Bureau of Land Management

[CA-690-00-5101-01-B109; CACA-CACA-40467]

#### Proposed Cadiz Groundwater Storage Dry—Year Supply Program, Pipeline Right of Way and Plan Amendment

**AGENCY:** Bureau of Land Management, Department of the Interior, Needles Field Office, Desert District, California.

**ACTION:** Notice of availability of draft environmental impact statement for proposed cadiz groundwater storage and dry—year supply program pipeline right-of-way and plan amendment.

**SUMMARY:** In compliance with the National Environmental Policy Act of 1969, notice is hereby given that the Bureau of Land Management has prepared a joint draft Environmental Impact Statement (EIS) and Environmental Impact Record (EIR) in conjunction with the Metropolitan Water District (MWD). The draft EIR/EIS evaluates a range of alternatives for conveying water between the Colorado River Aqueduct and the aquifer underlying the Cadiz and Fenner Valleys across a proposed right-of-way for a pipeline. A plan amendment to the California Desert Conservation Area Plan (1980) is also proposed to allow for the proposed right-of-way.

The aim of the Cadiz Project is to ensure the reliability of Metropolitan's existing water supply in the Colorado River Aqueduct. The project achieves

this goal by storing Colorado River water in the Cadiz/Fenner aquifer and withdrawing the stored indigenous groundwater during dry years. Proposed facilities reviewed in the Draft EIR/EIS are a pipeline or canal for conveying water between the Colorado River Aqueduct and the Cadiz/Fenner area, a pumping plant, spreading basins for percolation of Colorado River water into the groundwater basin in the Cadiz/Fenner area, a well field for extracting stored and indigenous groundwater from the Cadiz/Fenner groundwater basin, and associated power poles and lines along the conveyance pipeline and in the well field. The project area is located in the eastern Mojave Desert region of San Bernardino County in the Cadiz and Fenner valleys. The proposed action includes an amendment of the California Desert Conservation Area (CDCA) Plan, because the proposed right-of-way across federal lands is outside an utility corridor.

The Draft EIR/EIS addresses existing environmental conditions, potential impacts, and proposed mitigation measures. The Draft EIR/EIS indicates the possibility of some significant adverse effects, even after the implementation of the mitigation measures for the parameters of paleontological resources, air quality, and hazardous materials.

**SUPPLEMENTARY INFORMATION:** Copies of the draft EIR/EIS and supporting technical reports will be available for 90-day public review from November 26, 1999 through February 22, 2000 at the following locations:

- Needles Branch Library, 1111 Bailey Avenue, Needles, California 92363
