

for public review at that time. The comment period on the draft EIS will be 45 days from the date the EPA publishes the Notice of Availability in the **Federal Register**. Completion of the final EIS is anticipated in February 2001.

The Forest Service believes it is important to give reviewers notice of this early stage of public participation and of several court rulings related to public participation in the environmental review process. First, reviewers of the draft EIS must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's positions and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 553 (1978). Also, environmental objections that could have been raised at the draft stage may be waived or dismissed by the court if not raised until after the completion of the final EIS. *City of Angoon v. Hodel*, 803 F.2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the comment period so substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider and respond to them in the final EIS.

In the Final EIS, the Forest Service is required to respond to substantive comments received during the comment period, which pertain to the environmental consequences discussed in the draft EIS.

Responsible Official: The responsible official is Martha Kettle, Forest Supervisor for the White River National Forest. The responsible official will document the decision and reasons for the decision in a Record of Decision. That decision will be subject to appeal under 36 CFR part 215 or part 251.

Dated: December 13, 1999.

**Martha J. Kettle,**  
Forest Supervisor,

White River National Forest.

#### Western Washington Cascades Provincial Interagency Executive Committee (PIEC) Advisory Committee

**AGENCY:** Forest Service, USDA.

**ACTION:** Notice of meeting.

**SUMMARY:** The Western Washington Cascades PIEC Advisory Committee will meet on January 19, 2000, at the Mt. Baker-Snoqualmie National Forest Headquarters, 21905 64th Avenue West, in Mountlake Terrace, WA. The meeting will begin at 9:00 a.m. and continue until about 4:00 p.m. Agenda items to be covered focus around orientation and education regarding the Finney Adoptive Management Area (AMA) and include: (1) Issues and opportunities, (2) agency needs, (3) Chinook Salmon and Bull Trout recovery, (4) monitoring processes, and (5) demographics. The meeting will also include a segment of time set aside to discuss other relevant issues such as recent court rulings, the status of the new planning regulations, the status of the national roads policy processes, and the status of the roadless area issue.

The Provincial Advisory Committee provides advice regarding ecosystem management for federal lands within the Western Washington Cascades Province, as well as advice and recommendations to promote better integration of forest management activities among federal and non-federal entities. The Advisory Committee is a key element of implementation of the Northwest Forest Plan.

#### FOR FURTHER INFORMATION CONTACT:

Direct questions regarding this meeting to Penny Sundblad, Province Liaison, USDA Forest Service, Mt. Baker-Snoqualmie National Forest, Mt. Baker Ranger District, 2105 State Route 20, Sedro-Woolley, Washington 98284 (360-856-5700, Extension 321).

(Authority: 5 U.S.C. appendix)

Dated: December 14, 1999.

**Terry DeGrow,**

Acting Forest Supervisor.

### Natural Resources Conservation Service

#### Lower Hamakua Ditch Watershed, County of Hawaii, HI

**AGENCY:** USDA Natural Resources Conservation Service.

**ACTION:** Notice of availability of record of decision.

**SUMMARY:** Kenneth M. Kaneshiro, Responsible Federal Official for projects administered under the provisions of Public Law 83-566 in the State of Hawaii, is hereby providing notification that a record of decision to proceed with the installation of the Lower Hamakua Ditch watershed project, signed November 1, 1999, is available.

The record of decision documents the intent to implement Alternative 3—Repair and Restoration of the Lower Hamakua Ditch. The project will provide a stable, adequate, and affordable supply of agricultural water to farmers and other agricultural producers in the Lower Hamakua Ditch service area. The improvements will provide structural repair and reduce water losses along the Lower Hamakua Ditch. Twenty-two of the 24 wooden flumes will be replaced with corrugated metal pipe or inverted pipe siphons. Metal I-beams will replace the rotting timber supports. In the open ditch sections, sediment will be removed and the concrete lining will be repaired. The diversion structures at Kawaiinui, Alakahi, and Koiawe streams will be repaired and modified to prevent structural failure, reduce maintenance requirements, and restore 30 percent of base streamflow to Waipio Valley streams. A 1-MG reservoir will be installed at the Honokaia lateral. The 10-MG Paauilo Reservoir will be lined. Approximately ten lateral distribution systems will be repaired or installed. Hakalaoa Falls will be restored through

the repair of the tunnel behind the falls and removal of the temporary flume structure. A Supervisory Control and Data Acquisition system will be implemented to allow remote data collection and operation of key components. Technical and financial assistance will be provided to Hamakua and Waipio Valley farmers to implement soil and water conservation measures.

The record of decision documents that the Lower Hamakua Ditch Watershed project uses all practicable means, consistent with other essential considerations of national policy, to meet the goals established in the National Environmental Policy Act. The FEIS has been prepared, reviewed, and accepted in accordance with the National Environmental Policy Act.

For further information or single copies of this record of decision contact Kenneth M. Kaneshiro, State Conservationist, Natural Resources Conservation Service, 300 Ala Moana Blvd., Room 4-118, P.O. Box 50004, Honolulu, Hawaii, 96850. Telephone 808-541-2600 ext. 100.

(This activity is listed in the Catalog of Federal Domestic Assistance under No. 10.904, Watershed Protection and Flood Prevention, and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials.)

Dated: November 1, 1999.

**Kenneth M. Kaneshiro,**  
State Conservationist.

## DEPARTMENT OF COMMERCE

### International Trade Administration

[A-570-852]

#### Notice of Final Determination of Sales at Less Than Fair Value: Creatine Monohydrate From the People's Republic of China

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**EFFECTIVE DATE:** December 20, 1999.

**FOR FURTHER INFORMATION CONTACT:** Blanche Ziv, Rosa Jeong, or Ryan Langan, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-4207, (202) 482-3853, and (202) 482-1279, respectively.

### Final Determination

We determine that creatine monohydrate ("creatine") from the People's Republic of China ("PRC") is being, or is likely to be, sold in the United States at less than fair value ("LTFV"). The estimated margins of sales at LTFV are shown in the "Continuation of Suspension of Liquidation" section of this notice.

### The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act ("URAA"). In addition, unless otherwise indicated, all citations to the Department of Commerce ("Department") regulations are to the regulations at 19 CFR Part 351 (April 1, 1998).

### Case History

Since the preliminary determination (64 FR 41375, July 30, 1999), the following events have occurred:

During September and October 1999, we conducted verification of the questionnaire responses of the respondents: Blue Science International Trading (Shanghai) Co., Ltd. ("Blue Science"); Nantong Medicines and Health Products Import and Export Co., Ltd. d/b/a Nantong Foreign Trade Corporation Medicine and Health Products Department ("Nantong"); Shanghai Desano International Trading Co., Ltd. ("Desano"); Shanghai Freeman International Trading Co., Ltd./Shanghai Greenmen International Trading Co., Ltd. ("Freemen"); Suzhou Sanjian Fine Chemical Co., Ltd. ("Sanjian"); and Tianjin Tiancheng Pharmaceutical Co., Ltd. ("Tiancheng"). We also verified information provided by the producers who supplied the respondents with the subject merchandise during the POI, including Jiangsu Shuang Qiang Chemical Co. and Wuxian Agricultural Chemical Factory (collectively "SQ") and several other producers whose identities have been treated as business proprietary information and cannot be publicly summarized. We issued reports on our findings of these verifications during October and November 1999.

The petitioner, Pfanstiehl Laboratories, Inc., and the respondents filed case and rebuttal briefs on November 17, 1999, and November 23, 1999, respectively. On November 29, 1999, the Department held a public hearing. On November 30, 1999, pursuant to the Department's request, the petitioner submitted supplemental

information regarding the surrogate value of one input. On December 1, 1999, the respondents commented on the supplemental information.

### Scope of the Investigation

For purposes of this investigation, the product covered is creatine monohydrate, which is commonly referred to as "creatine." The chemical name for creatine monohydrate is N-(aminoiminomethyl)-N-methylglycine monohydrate. The Chemical Abstracts Service ("CAS") registry number for this product is 6020-87-7. Creatine monohydrate in its pure form is a white, tasteless, odorless powder, that is a naturally occurring metabolite found in muscle tissue. Creatine monohydrate is provided for in subheading 2925.20.90 of the Harmonized Tariff Schedule of the United States ("HTSUS"). Although the HTSUS subheading and the CAS registry number are provided for convenience and customs purposes, the written description of the merchandise under investigation is dispositive.

### Period of Investigation

The period of this investigation ("POI") is July 1 through December 31, 1998, which corresponds to each exporter's two most recent fiscal quarters prior to the filing of the petition.

### Nonmarket Economy Country and Market Oriented Industry Status

The Department has treated the PRC as a nonmarket economy ("NME") country in all past antidumping investigations. *See, e.g., Final Determination of Sales at Less Than Fair Value: Certain Preserved Mushrooms from the People's Republic of China*, 63 FR 72255 (December 31, 1998) ("*Mushrooms*"). Under section 771(18)(C) of the Act, this NME designation remains in effect until it is revoked by the Department.

The respondents in this investigation have not requested a revocation of the PRC's NME status and no further information has been provided that would lead to such a revocation. Therefore, we have continued to treat the PRC as an NME in this investigation.

### Separate Rates

All responding exporters have requested separate, company-specific antidumping duty rates. Blue Science has stated, and we verified, that it is a trading company which is wholly-owned by persons in Hong Kong. Therefore, in accordance with our past practice, we determine that this exporter qualifies for a separate rate. *See, e.g., Notice of Final Determination of Sales*
