Georgia-Pacific Corporation, Bellingham, WA; Notice of Revised Determination on Reconsideration

On October 27, 1999, the Department issued a Notice of Affirmative Determination Regarding Application for Reconsideration in response to an appeal filed by the Association of Western Pulp and Paper Workers on behalf of Local 194. The notice will soon be published in the **Federal Register**.

The workers at the subject firm produced liquefied chlorine gas and a byproduct, liquid caustic soda. The workers are not separately identifiable by product.

On reconsideration, the Department obtained evidence that the subject firm increased its reliance on imports from Canada of articles like or directly competitive with chlorine.

Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that increased imports of articles from Canada like or directly competitive with chlorine, contributed importantly to the declines in sales or production and to the total or partial separation of workers of Georgia-Pacific Corporation, Bellingham, Washington. In accordance with the provisions of the Act, I make the following determination:

All workers of Georgia-Pacific Corporation, Bellingham, Washington, who became totally or partially separated from employment on or after June 16, 1998 through two years from the date of the certification, are eligible to apply for NAFTA–TAA under Section 250 of the Trade Act of 1974.

Signed in Washington, D.C. this 7th day of December 1999.

Program Manager, Office of Trade Adjustment Assistance.

Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on August 11, 1999, applicable to workers of Levi Strauss & Company at eight facilities located in Texas, Tennessee, Georgia, and Virginia. The notice was published in the **Federal Register** on September 29, 1999 (64 FR 52541). In addition, the Department denied eligibility for an additional eight Levi Strauss & Company facilities in Texas, Tennessee, and California because there had not been threats of employment loss at those facilities. The notice was also published in the **Federal Register** on September 29, 1999 (64 FR 52539).

The company requested that the seven of the eight facilities (TA–W–36,633H through TA–W–633L, and TA–W–36,633N and O) which were previously denied be certified because of reduced work hours at each facility and provided information to indicate that workers had their work hours reduced by at least 20 percent. In addition, the company requested that contractors working full-

time at all of the facilities also be included in the certification. The company also requested that an additional eleven facilities and work sites in seven states (Texas, Tennessee, California, Florida, Kentucky, Mississippi, and Nevada) be included as a result of additional layoff announcements.

The intent of the Department's certification is to include all workers of the subject firm, including full time contractors working at the identified facilities, adversely affected by increased imports. Accordingly, the Department is amending the certification to include workers impacted by articles like or directly competitive with denim and Docker apparel.

The amended notice applicable to TA–W–36,633 is hereby issued as follows:

All workers of the following Levi Strauss & Company facilities who became totally or partially separated from employment who became totally or partially separated from employment on or after August 8, 1999 through August 11, 2001 are eligible to apply for adjustment assistance under section 223 of the Trade Act of 1974:

Westinghouse Electric Company Energy Systems Business Unit (ESBU) Including Leased Workers of Landrum Staff Services and CDI/Pensacola, Pensacola, FL; Amended Certification Regarding Eligibility to Apply for NAFTA-Transitional Adjustment Assistance

In accordance with section 250(A), subchapter D, chapter 2, Title II, of the Trade Act of 1974 (19 U.S.C. 2273), the Department of Labor issued a Certification for NAFTA Transitional Adjustment Assistance on April 1, 1999, applicable to workers of Westinghouse Electric Company, Energy Systems Business Unit (ESBU), Pensacola, Florida. The notice was published in the **Federal Register** on May 11, 1999 (64 FR 25374).

Based on these findings, the Department is amending the certification to include workers of Landrum Staff Services and CDI/Pensacola, Pensacola, Florida leased to Westinghouse Electric Company, Energy Systems Business Unit (ESBU), Pensacola, Florida.
