AGENCY: Bureau of Alcohol, Tobacco and Firearms (ATF), Department of the Treasury.

ACTION: Final Rule (Treasury decision).

SUMMARY: This document implements section 9302 of the Balanced Budget Act of 1997 (Pub. L. 105-33). This document prescribes regulations covering the computation and payment of floor stocks tax on Federally taxpaid or tax determined cigarettes which are held for sale on January 1, 2000 and January 1, 2002. This document also provides regulations for conducting inventories and for maintaining required records associated with the floor stocks tax.

EFFECTIVE DATE: December 22, 1999.

FOR FURTHER INFORMATION CONTACT: Robert Ruhf, Regulations Division, Bureau of Alcohol, Tobacco and Firearms, 650 Massachusetts Avenue, NW, Washington, DC 20226, (202) 927-8210, e-mail, *alc/tob@atfhq.atf.treas.gov*.

SUPPLEMENTARY INFORMATION:**General Requirements**

Section 9302(j) of the Balanced Budget Act imposes a floor stocks tax on all cigarettes. This floor stocks tax is to be computed on Federally taxpaid or tax determined large and small cigarettes held for sale on the first moment of January 1, 2000 and January 1, 2002.

The floor stocks tax applies to anyone who holds cigarettes for sale on the tax increase dates. This applies to manufacturers, importers, wholesalers and retailers. The tax applies to cigarettes only; the floor stocks tax does not apply to other tobacco products (including cigars, smokeless tobacco, pipe tobacco, and roll-your-own tobacco) or cigarette papers and tubes. Cigarettes that are in vending machines in accordance with 27 CFR 296.212 on the tax increase dates are not subject to the tax.

Inventory Requirements

Liability for the floor stocks tax is determined on the basis of an inventory of cigarettes held for sale. Each person will be required to make either a record of the physical inventory or a book or

record inventory supported by the appropriate source records. The inventory must be taken sometime between December 26th and January 10th.

The inventory must separately account for any cigarettes held for sale that have been marked for export from the United States. A package of cigarettes marked for export from the United States has been imprinted or has been labeled with the words "Tax-exempt. For use outside U.S." or "U.S. Tax-Exempt. For use outside U.S." or has a stamp, sticker or notice, required by a foreign country or a possession of the United States, which identifies the foreign country or possession. If a person is required to file a return, that person will report the quantities of these export cigarettes separately on the tax return.

ATF believes that the requirements of a separate inventory and a separate reporting of cigarettes on the tax return marked for export are necessary to enforce the provisions of 26 U.S.C. 5761(c). Section 5761(c) of the IRC penalizes persons who sell, reland or receive cigarettes that have been labeled or shipped for export on or after January 1, 2000. We note that any person who has cigarettes with such export markings that are held on the first moment of January 1, 2000, and are tax paid or tax determined may continue to sell these cigarettes without incurring the penalties of section 5761(c).

The requirements to take a separate inventory of cigarettes that have been marked for export from the United States, and if required, a separate report on the tax return, will identify those who hold such cigarettes and the quantities involved. By identifying the quantities of cigarettes that have been marked for export before January 1, 2000, and the persons holding such cigarettes, ATF can more effectively conduct inspections to ensure compliance with the provisions of 26 U.S.C. 5761(c).

Filing Requirements

Any person holding Federally taxpaid or tax determined cigarettes on January 1, 2000 or January 1, 2002 may have to file a tax return and make payment. Each person is allowed a credit of \$500 or the amount of the tax liability, whichever is less. Therefore, a person whose liability is \$500 or less will not be required to file a return. However, all persons must maintain an inventory record establishing that the tax liability is \$500 or less.

Where tax is due, payment in full must accompany the return. For the tax increases on January 1, 2000, and

January 1, 2002, persons must file the floor stocks return and pay the floor stocks tax no later than March 31, 2000, or April 1, 2002, respectively.

Delegations

In the sections of the regulations that are affected by this document, we have replaced obsolete ATF titles with the "appropriate ATF officer" and referred to a delegation order that specifies the current title of the ATF official for each activity. The titles of responsible persons in the remaining sections of regulations in this part will be updated by future technical amendments.

Administrative Procedure Act

This document merely implements sections of the law that were enacted on August 5, 1997. Therefore, we find it is unnecessary to issue this Treasury decision with notice and public procedure under 5 U.S.C. 553(b), or subject to the effective date limitation in section 553(d).

Regulatory Flexibility Act

Controlled groups of corporations include, but are not limited to:

(1) Parent-subsidiary controlled groups as defined in 26 CFR 1.1563–1(a)(2).

(2) Brother-sister controlled groups as defined in 26 CFR 1.1563–1(a)(3).

(3) Combined groups as defined in 26 CFR 1.1563–1(a)(4). Also, the rules for a controlled group of corporations apply in a similar fashion to groups which include partnerships and/or sole proprietorships. (g) *Tax increase dates.* For the purposes of this floor stocks tax, the tax increase dates are January 1, 2000 and January 1, 2002.

§ 296.193 Floor stocks tax defined.

Floor stocks tax is a tax imposed on all Federally taxpaid or tax determined cigarettes held for sale on the first moment a tax increase becomes effective. The tax is the difference between the previous excise tax rate and the new tax rate.

§ 296.194 Persons liable for this tax.

You are liable for this tax if you hold for sale any taxpaid or tax determined cigarettes at the moment a tax increase is effective. You are liable for floor stocks tax on cigarettes that you own that may be in transit (refer to §§ 296.207 and 296.208). You may also be liable if you hold cigarettes in a foreign trade zone (refer to § 296.209).

§ 296.195 Persons not liable for this tax.

If you do not hold any taxpaid or tax determined cigarettes for sale at the moment a tax increase is effective, you are not liable for this tax.

§ 296.196 Floor stocks requirements.

(a) *Take an inventory.* Establish the quantity of cigarettes subject to the floor stocks tax held for sale at the beginning of the tax increase dates (January 1, 2000 and January 1, 2002). You may take a physical inventory or you may use a book or record inventory, as specified in §§ 296.205 and 296.206.

(b) *Compute tax amount.* Compute the amount of tax for the cigarettes held for

sale at the start of each of the tax increase dates. Refer to the table shown in § 296.222. Apply the tax credit as provided by § 296.223.

(c) *File tax return.* After you have computed the floor stocks tax, you must file a return for each tax increase date if tax is due.

(d) *Maintain records.* Maintain all records used to determine the quantity of cigarettes on hand at the start of each tax increase date. You must also maintain all computations used to determine the amount of tax owed. Refer to § 296.241.

(Approved by the Office of Management and Budget under control number 1512-0554)

§ 296.205 Physical inventory requirements.

Your physical inventory must include a written record of:

(a) *Quantity and Type.* You must record the quantity and type of cigarettes in sufficient detail to determine the tax rate as stated in § 296.222 and whether the cigarettes

have export markings as stated in § 296.203. The following chart provides the type of cigarette and method to use to determine quantities:

Type or kind	Inventory method
Small cigarettes (Class A) ...	Count the: <ul style="list-style-type: none"> • Number of cigarettes without export markings. • Number of cigarettes with export markings.

The inventory records must be reconciled to reflect the actual

quantity of cigarettes held as of the first moment of January 1, 2000 and January 1, 2002, respectively. These records must include all supporting records of receipt and disposition.

§ 296.206 Book or record inventory requirements.

You may use a book or record inventory if you have source records that show:

You may use the following guidelines to establish who holds title to cigarettes in transit.

(b) In the absence of State law governing the change of title between seller and buyer, the Uniform Commercial Code allows the seller and buyer to agree when title passes.

(c) If there is no State law or agreement between the seller and buyer, the Uniform Commercial Code states that title transfer depends on how the seller ships the cigarettes.

(1) *Freight on board (F.O.B.) destination.* The title transfer occurs when the seller completes the performance of the physical delivery of the cigarettes.

(2) *Freight on board (F.O.B.) shipping point.* The title transfer occurs when the seller transfers the title at the time and place of shipment, which is generally by common carrier.

§ 296.209 Cigarettes in a foreign trade zone.

You are liable for the tax and must take an inventory when either of the following conditions apply:

(a) Internal revenue taxes have been determined or Customs duties liquidated, with respect to cigarettes pursuant to the first proviso of section 3(a) of the Act of June 18, 1934 (48 Stat. 998, 19 U.S.C. 81a), or

(b) Cigarettes are held by a Customs officer pursuant to the second proviso of section 3(a) of the Act of June 18, 1934 (48 Stat. 998, 19 U.S.C. 81a).

§ 296.212 Cigarettes in vending machines.

You do not have to inventory cigarettes held in a vending machine for retail sale, provided:

(a) The vending machine holding the cigarettes is placed at a location where retail sales occur, and

(b) The cigarettes are ready to be dispensed by a consumer.

§ 296.213 Cigarettes marked "not for sale" or "complimentary."

Cigarettes marked "not for sale" or "complimentary" that are part of a sale (for example, buy two packs and get one pack free) are subject to the floor stocks tax and must be included in the book or record inventory as required by §§ 296.205 and 296.206. Cigarettes that are marked "not for sale" or "complimentary" and are intended to be given away and not in conjunction with any sale are not subject to the floor stocks tax.

Compute Tax Liability

§ 296.221 Determine amount of tax due.

After you have taken your inventory, apply the applicable tax rate for each type of cigarette using the table in § 296.222. Multiply the amount of each type of cigarette by the applicable tax rate.

§ 296.222 Floor stocks tax rates.

Type or kind	January 1, 2000	January 1, 2002
Small Cigarettes (3 pounds or less per 1,000)	\$5 per 1,000 or 10 cents per 20	\$2.50 per 1,000 or 5 cents per 20
Large Cigarettes (more than 3 pounds per 1,000)	\$10.50 per 1,000 or 21 cents per 20	\$5.25 per 1,000 or 10.5 cents per 20

Special rule: For large cigarettes over 6½ inches long determine the rate for each length. Multiply the rate prescribed for small cigarettes by the whole number that represents the addition of each 2¾ inches and any fraction of the length, as one (1).

§ 296.223 Apply tax credit.

You are allowed a credit against your floor stocks tax of up to \$500. However, controlled groups are eligible for only one credit for the entire group. The credit may be divided equally among the members or apportioned in any other manner agreeable to the members.
