Imperial Gold Mine Project; National Advisory Council on Historic Preservation; Public Hearing

SUMMARY: Notice is hereby given, in accordance with Pub. Ls. 92-463 and 94-579, that the National Advisory Council on Historic Preservation and the Bureau of Land Management will hold a formal public hearing to gather comments and hear concerns regarding the proposed Imperial Gold Mine Project from 2 p.m. to 5 p.m. and 6:30 p.m. to 9 p.m. on Thursday, March 11, 1999. The hearing will be held in the Convention Center at the Barbara Worth Resort, located at 2050 Country Club Drive in Holtville, California.

All public comments will be recorded, and the transcript will become part of the record. Speaking time will be divided equally among those who register to make public comments.

The proposed Imperial Project, an open pit, heap leach gold mine, would be located in eastern Imperial County, approximately 45 miles northeast of El Centro and 20 miles northwest of Yuma, Arizona. The proposed project area would encompass approximately 1,625 acres of public lands administered by the BLM, of which 1,392 acres would be disturbed.

The proposed Imperial Project would be operated by the Glamis Imperial Corporation, formerly known as Chemgold Corporation. Approximately 150 million tons of ore and 300 million tons of waste rock would be mined from three open pits during the operation of the mine, which would conclude in the year 2018.

The site for the proposed mining project is eligible for the National Register of Historic Places. Archaeological and cultural inventories indicate the site has scientifically important archaeological, cultural, and spiritual value. The proposed mine could adversely effect or part of the land.

The Bureau of Land Management and the County of Imperial released a joint draft environmental impact statement/ environmental impact report for the proposed project on December 8, 1997. Public comment on the draft ended April 13, 1998.
