SUPPLEMENTARY INFORMATION: The passenger transportation portion of the RBEG program is authorized by section

310B(c)(2) of the Consolidated Farm and Rural Development Act (CONACT) (7 U.S.C. 1932). The RBEG program is administered on behalf of RBS at the State level by the Rural Development State Offices. The primary objective of the program is to improve the economic conditions of rural areas. Assistance provided to rural areas under this program may include on-site technical assistance to local and regional governments, public transit agencies, and related nonprofit and for-profit organizations in rural areas; the development of training materials; and the provision of necessary training assistance to local officials and agencies in rural areas.

Awards under the RBEG passenger transportation program are made on a competitive basis using specific selection criteria contained in 7 CFR part 1942, subpart G, and in accordance with section 310B(c)(2) of the CONACT. That subpart also contains the information required to be in the preapplication package. Up to 25 Administrator's points may be added to an application's priority score based on the extent to which the application targets assistance to Empowerment Zones/Enterprise Communities, Champion Communities, or other rural communities that have experienced persistent poverty, out-migration of population, or sudden severe structural changes in the local economy. A project that scores the greatest number of points based on the selection criteria and Administrator's points will be selected. Preapplications will be tentatively scored by the State Offices and submitted to the National Office for review, final scoring, and selection.

To be considered "national", a qualified organization is required to provide evidence that it operates in multi-state areas. There is not a requirement to use the grant funds in a multi-state area. Under this program, grants are made to a qualified private non-profit organization for the provision of technical assistance and training to rural communities for the purpose of improving passenger transportation services or facilities. Public bodies are not eligible for passenger transportation RBEG grants.

Refer to section 310B(c)(2) (7 U.S.C. 1932) of the CONACT and 7 CFR Part 1942, subpart G for the information collection requirements of the RBEG program.

Fiscal Year 1999 Preapplications Submission

Each preapplication received in a Rural Development State Office will be reviewed to determine if this

preapplication is consistent with the eligible purposes outlined in 7 CFR part 1942, subpart G, and section 310B(c)(2) of the CONACT. Each selection priority criterion outlined in 7 CFR part 1942, subpart G, section 1942.305(b)(3), must be addressed in the preapplication. Failure to address any of the criteria will result in a zero-point score for that criterion and will impact the overall evaluation of the preapplication. Copies of 7 CFR Part 1942, subpart G, will be provided to any interested applicant making a request to a Rural Development State Office listed in this notice. All projects to receive technical assistance through these passenger transportation grant funds are to be identified when the preapplication is submitted to the Rural Development State Office. Multiple project preapplications must identify each individual project, indicate the amount of funding requested for each individual project, and address the criteria as stated above for each individual project. For multiple-project preapplication, the average of the individual project scores will be the score for that preapplication.

All eligible preapplications, along with tentative scoring sheets and the Rural Development State Director's recommendation, will be referred to the National Office no later than April 15, 1999, for final scoring and selection for award.

The National Office will score preapplications based on the grant selection criteria and weights contained in 7 CFR part 1942, subpart G, and Administrator's points, and will select an awardee subject to the awardee's satisfactory submission of a formal application and related materials in the manner and time frame established by RBS in accordance with 7 CFR part 1942, subpart G. It is anticipated that the grant awardee will be selected by June 1, 1999. All applicants will be notified by RBS of the Agency decision on the award.

The information collection requirements within this Notice are covered under OMB No. 0570-0022 and 7 CFR part 1942, subpart G.

Dated: December 23, 1998.

Wilbur T. Peer,

Acting Administrator, Rural Business-Cooperative Service.

Canberra has now requested that the Department revoke the order in part with respect to imports of other types and sizes of certain cut-to-length carbon steel plate that is free of cobalt-60 and other radioactive nuclides (cobalt-60-free carbon steel plate), from Canada. SUPPLEMENTARY INFORMATION:

Background

On September 3, 1998, Canberra requested that the Department conduct a changed circumstances administrative review to determine whether to revoke in part the antidumping duty order with regard to certain cobalt-60-free cut-to-length carbon steel plate. The order with regard to imports of other cut-to-length carbon steel plate is not affected by this request. In addition, on December 4, 1998, petitioners informed the Department in writing that they do not object to the changed circumstances review, and have no interest in the importation or sale of cobalt-60-free cut-to-length carbon steel plate produced in Canada as described in the "Scope of Review" below.

Scope of Review

The antidumping duty order on certain cut-to-length carbon steel plate from Canada covers hot-rolled carbon steel universal mill plates (i.e., flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 millimeters, but not exceeding 1,250 millimeters, and of a thickness of not less than 4 millimeters, not in coils and without patterns in relief) of rectangular shape, neither clad, plated nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic
