

Apprenticeship Plan, and the Union. Mr. Reiter used both the income approach and the sales comparison approach and determined the fair market value of the Pension Plan Building to be \$777,000 as of February 3, 1998. The second appraisal was completed by Mr. Joseph Accetta (Mr. Accetta) for Joseph W. Accetta & Associates, Inc., an appraisal company independent of the Pension Plan and the Union. Mr. Accetta used the sales comparison approach and compared the Pension Plan Building to three similar properties. Based on these comparisons, Mr. Accetta determined the fair market value of the Pension Plan Building to be \$700,000 as of April 6, 1998. The third appraisal was completed by Mr. Andrew Carbone (Mr. Carbone) for Carbone & Shand Appraisal, LLC, an appraisal company independent of the Pension Plan, the Apprenticeship Plan, and the Union. Mr. Carbone used the sales comparison approach and compared the Pension Plan Building to four similar properties. Based on these comparisons, Mr. Carbone determined the fair market value of the Pension Plan Building to be \$720,000 as of April 7, 1998.

Mr. Reiter additionally appraised the Apprenticeship Plan Parking Lot. Mr. Reiter used the income approach and determined the fair market value of the Apprenticeship Plan Parking Lot to be \$173,000 as of February 3, 1998. Mr. Carbone also appraised the Apprenticeship Plan Parking Lot. Mr. Carbone used the sales comparison approach and determined the fair market value of the Apprenticeship Plan Parking Lot to be \$95,000 as of April 7, 1998.

7. The applicants proposed the sale of the Pension Plan Building from the Pension Plan to the Union (i.e., the Pension Plan Building Sale) for \$732,333, the average of the three appraisals performed on the Pension Plan Building. Additionally, the applicants propose the sale of the Apprenticeship Plan Parking Lot from the Apprenticeship Plan to the Union (i.e., the Apprenticeship Plan Parking Lot Sale) for \$134,000, the average of the two appraisals performed on the Apprenticeship Plan Parking Lot.

8. The Department requested that the applicants obtain new or updated appraisals due to the disparate range of the various appraisals originally submitted by the applicants. Accordingly, the applicants retained the services of Mr. Thomas S. Andolfo, MAI, for Andolfo Appraisal Associates, an appraisal company independent of the Plans and the Union. Mr. Andolfo, in updating the valuation, relied on the direct sales comparison approach and

determined the fair market value of the Pension Plan Building to be \$777,000 as of November 1, 1999. Mr. Andolfo also updated the appraisal of the Apprenticeship Plan Parking Lot. Mr. Andolfo, considered market sales and performed a Land Residual Analysis and determined the fair market value of the Apprenticeship Plan Parking Lot to be \$173,000 as of November 1, 1999. The applicants state that these latest figures, which represent the highest appraisal values for the Parking Lot and Building, will be used in the Sales.

9. The applicants represent that, if granted, the proposed Sales will be administratively feasible since the Sales will be one-time transactions for cash. Additionally, the applicants represent that the proposed Sales will be protective of the Plans since the Apprenticeship Plan will receive the fair market value of the Apprenticeship Plan Parking Lot and the Pension Plan will receive the fair market value of the Pension Plan Building. Finally, the applicants represent that the proposed Sales are in the best interest of the Plans since the Sales will enable the Plans to invest in assets more suitable for the needs of the participants and beneficiaries of the Plans.

10. In summary, the Applicants represent that the proposed transaction satisfies the criteria of section 408(a) of the Act because:

(A) the Parking Lot Sale occurs at a price not less than the fair market value of the Parking Lot, as determined by a qualified independent appraiser;

(B) the Building Sale occurs at a price not less than the fair market value of the Building, as determined by a qualified independent appraiser;

(C) The Building Sale and the Parking Lot Sale (collectively, the Sales) are one-time transactions for cash; and

(D) The Plans pay no fees or commissions in connection with the Sales.

#### General Information

The attention of interested persons is directed to the following:

(1) The fact that a transaction is the subject of an exemption under section 408(a) of the Act and/or section 4975(c)(2) of the Code does not relieve a fiduciary or other party in interest or disqualified person from certain other provisions of the Act and/or the Code, including any prohibited transaction provisions to which the exemption does not apply and the general fiduciary

responsibility provisions of section 404 of the Act, which, among other things, require a fiduciary to discharge his duties respecting the plan solely in the interest of the participants and beneficiaries of the plan and in a prudent fashion in accordance with section 404(a)(1)(b) of the Act; nor does it affect the requirement of section 401(a) of the Code that the plan must operate for the exclusive benefit of the employees of the employer maintaining the plan and their beneficiaries;

(2) Before an exemption may be granted under section 408(a) of the Act and/or section 4975(c)(2) of the Code, the Department must find that the exemption is administratively feasible, in the interests of the plan and of its participants and beneficiaries, and protective of the rights of participants and beneficiaries of the plan;

(3) The proposed exemptions, if granted, will be supplemental to, and not in derogation of, any other provisions of the Act and/or the Code, including statutory or administrative exemptions and transitional rules. Furthermore, the fact that a transaction is subject to an administrative or statutory exemption is not dispositive of whether the transaction is in fact a prohibited transaction; and

(4) The proposed exemptions, if granted, will be subject to the express condition that the material facts and representations contained in each application are true and complete, and that each application accurately describes all material terms of the transaction which is the subject of the exemption.
