

of Federal Regulations is amended as follows:

PART 86—[AMENDED]

1. The authority citation for part 86 continues to read as follows:

Authority: 42 U.S.C. 7401–7671q.

2. Section 86.908–93 is amended by adding paragraphs (a)(1)(iii) and (d) to read as follows:

§ 86.908–93 Waivers, and refunds.

(a) * * *

(1) * * *

(iii) For converted vehicles that are dual- or flexible-fuel vehicles and can operate on a gaseous fuel, the full fee for a certification request for a MY exceeds 1% of the value added to the vehicle by the conversion, for MY 2000 through 2003.

* * * * *

(d)(1) For model years 2000 through 2003, the required fees under this subpart shall be waived for any light-duty vehicle, light-duty truck, or heavy-duty engine family that meets the small volume sales requirements of § 86.1838–01 and:

(i) Is a dedicated gaseous-fueled vehicle or engine OR;

(ii) Receives a certificate of conformity with the LEV, ILEV, ULEV, or ZEV emissions standards in 40 CFR part 88.

(2) If the manufacturer does not receive a certificate of conformity with the LEV, ILEV, ULEV, or ZEV emissions standards in 40 CFR part 88 as required in paragraph (d)(1)(iii) of this section, the fee requirements of this section will apply. Before any certificate can be issued, the applicable fee must be paid.

(3) Manufacturers that have paid certification fees for model year 2000 vehicle and engine families that meet the criteria in paragraph (d)(1) of this section may request a refund of such fees. EPA shall refund such fees if it determines that the vehicle or engine family meets the criteria of paragraph (d)(1) of this section.

DEPARTMENT OF TRANSPORTATION

Coast Guard

46 CFR Parts 91, 115, 132, 133, 134, 189, and 199

[USCG–1999–4976]

RIN 2115–AF73

Frequency of Inspection

AGENCY: Coast Guard, DOT.

ACTION: Final rule; correction.

SUMMARY: The Coast Guard published a final rule in the **Federal Register** of February 9, 2000, concerning vessel inspection regulations (65 FR 6494). The rule established a 5-year Certificate of Inspection cycle in accordance with the Coast Guard Authorization Act of 1996 to harmonize our inspections with most internationally required certificates. This document corrects errors in that final rule.

DATES: Effective on March 7, 2000.

FOR FURTHER INFORMATION CONTACT:

Lieutenant Commander Don Darcy, Office of Standards Evaluation and Development (G–MSR–2), Coast Guard, telephone 202–267–1200.

SUPPLEMENTARY INFORMATION:

Background

The Frequency of Inspection final rule established a 5-year Certificate of Inspection cycle to harmonize our inspections with internationally required certificates. We published the final rule to establish frequency of inspection requirements to meet the International Convention for the Safety of Life at Sea, 1974, and the International Convention on Load Line compliance date of February 3, 2000. Adopting a 5-year COI, with interval annual inspections, and a periodic inspection provides vessel owners and operators with more flexibility to schedule required inspections and reduce paperwork associated with these inspections, while continuing to ensure that U.S. vessels meet international standards and comply with international law.

Need for Correction

As published, the final rule contains typographical errors that may mislead the reader and need to be corrected.

Correction of Publication

Accordingly, the publication on February 9, 2000, of the final rule [USCG–1999–4976], which was the subject of FR Doc. 00–2812, is corrected as follows:

§§ 91.25–20(A) and 91.27–13 [Amended]

1. On page 6501, in § 91.25–20(a) introductory text, remove the number “§ 91.15–60” and add, in its place, the number “§ 97.15–60”

2. On page 6502, in § 91.27–13—

- In paragraph (c), capitalize the first letter of the word “officer”;
- In paragraph (d)(3), in the second sentence, capitalize the first letters of the words “certificate” and “inspection” in the phrase “certificate of inspection”; and

- In paragraphs (d)(5)(iii), immediately following the words “noted during the”, remove the words “during the”.

§ 115.404 [Amended]

3. On page 6504, in § 115.404(b), immediately following the words “expiration date of”, remove the word “the”.

PART 132—[AMENDED]

4. On page 6507, in the authority citation for part 132, remove the number “449” and add, in its place, the number “49”.

PART 133—[AMENDED]

5. On page 6507, in the authority citation for part 133, remove the number “449” and add, in its place, the number “49”.

PART 134—[AMENDED]

6. On page 6507, in the authority citation for part 134, remove the number “449” and add, in its place, the number “49”.

§ 189.25–47 [Amended]

7. On page 6509, in the amendatory instruction for § 189.25–47, remove the periods within quotation marks that immediately follow the words “inspection for certification” and “and periodic inspection”.

PART 199— [AMENDED]

8. On page 6510, in the authority citation for part 199, remove the words “46 CFR” and add, in their place, the words “49 CFR”.

Dated: February 28, 2000.

Joseph J. Angelo,

Director of Standards, Marine Safety and Environmental Protection.

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

49 CFR Part 385

[Docket No. FMCSA–6789 (Formerly FHWA 97–2252)]

RIN 2126–AA43

Safety Fitness Procedures; Safety Fitness Rating Methodology

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Final rule.

SUMMARY: This document amends the Safety Fitness Rating Methodology (SFRM) in appendix B to 49 CFR part 385 by updating the list of acute and critical regulations to conform to several regulatory removals and substantive

amendments. As a result of earlier rulemaking, several of the citations in the list must be changed to reflect the amendments and revisions to the Federal Motor Carrier Safety Regulations (FMCSRs). The SFRM is used to measure the safety fitness of motor carriers against the safety fitness standard in 49 CFR part 385.

EFFECTIVE DATE: March 7, 2000.

FOR FURTHER INFORMATION CONTACT: Mr. William C. Hill, Regulatory Development Division, Office of Policy and Program Development, FMCSA, (202) 366-4009, or Mr. Charles E. Medalen, Office of the Chief Counsel, (202) 366-1354, Federal Highway Administration (FHWA), 400 Seventh Street, SW., Washington, DC 20590. Office hours are from 7:45 a.m. to 4:15 p.m., e.t., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Electronic Access

An electronic copy of this document may be downloaded using a modem and suitable communications software from the Government Printing Office's Electronic Bulletin Board Service at (202) 512-1661. Internet users may reach the Office of the Federal Register's home page at: <http://www.nara.gov/fedreg> and the Government Printing Office's database at: <http://www.access.gpo.gov/nara>.

Background

In October 1999, the Secretary of Transportation rescinded the authority previously delegated to the Federal Highway Administrator to perform motor carrier functions and operations. That authority was redelegated to the Director of the Office of Motor Carrier Safety (OMCS), a new office within the Department of Transportation (DOT) (64 FR 56270, October 19, 1999 and 64 FR 58356, October 29, 1999). Shortly thereafter, however, the Motor Carrier Safety Improvement Act of 1999 (Pub. L. 106-159, 113 Stat. 1748, December 9, 1999) created the Federal Motor Carrier Safety Administration (FMCSA) as a new operating administration of the DOT, effective January 1, 2000. The Secretary therefore rescinded the authority so recently delegated to the Director of the OMCS and redelegated that authority to the Administrator of the FMCSA (65 FR 220, January 4, 2000). This explains the docket transfer.

The new FMCSA assumes the motor carrier functions previously exercised by the OMCS and, before that, by the FHWA's Office of Motor Carriers. Ongoing rulemaking, enforcement, and other activities initiated by the OMCS or the FHWA will be continued by the FMCSA. The motor carrier functions

performed by the FHWA's Division (i.e., State) offices and Resource Centers have been assumed by the FMCSA Division offices and FMCSA Resource Centers. All phone numbers remain unchanged for the time being.

On November 6, 1997, the FHWA published a final rule incorporating the agency's SFRM as an appendix to 49 CFR part 385, Safety Fitness Procedures (62 FR 60035). The SFRM is used to measure the safety fitness of motor carriers against the standard contained in 49 CFR part 385. On November 10, 1998 (63 FR 62957) the FHWA published amendments to the rule which corrected several minor errors. Other changes are also necessary, however.

The FHWA published a final rule on June 18, 1998 (63 FR 33254) which removed, amended, and redesignated certain provisions of the FMCSRs. Furthermore, a technical amendment was published on July 11, 1997 (62 FR 37150) which removed subpart H (Controlled Substances Testing) of 49 CFR part 391; the alcohol and controlled substances regulations are now codified at 49 CFR part 382. Another technical amendment was published on December 12, 1994 (59 FR 63921) which revised existing hazardous material classifications and descriptions to conform with the United Nations' Recommendations on the Transportation of Dangerous Goods.

As a result of these rulemakings, several of the citations in the list of acute and critical regulations must be changed to reflect the appropriate sections of the FMCSRs. This document amends the List of Acute and Critical Regulations to conform to these regulatory removals and substantive amendments. The List of Acute and Critical Regulations in appendix B to part 385, Section VII, is being reprinted in its entirety for ease of reference.

List of Acute and Critical Regulations

The following section is being removed from the List of Acute and Critical Regulations, as indicated by the table printed below: § 391.11(a)/391.95 Using an unqualified driver, a driver who has tested positive for controlled substances, or refused to be tested as required (acute). This removal is necessary to conform to the above July 11, 1997 technical amendment (62 FR 37150), which also removed subpart H (Controlled Substances Testing) of 49 CFR part 391; the alcohol and controlled substances regulations are now codified at 49 CFR part 382. The following sections are also being removed: § 391.51(c)(1) Failing to maintain medical examiner's certificate in driver's qualification file (critical); and

§ 391.51(d)(1) Failing to maintain medical examiner's certificate in driver's qualification file (critical). These removals are necessary to conform to a final rule published on June 18, 1998 (63 FR 33254), which removed, amended, and redesignated certain regulations which the FHWA considered obsolete, redundant, unnecessary, ineffective, burdensome, or that could better be addressed by State or local authorities or company policy.

The following sections are being redesignated: § 391.11(b)(6) Using a physically unqualified driver (acute); § 391.51(b)(1) Failing to maintain medical examiner's certificate in driver's qualification file (critical); and § 391.51(c)(3) Failing to maintain inquiries into driver's driving record in driver's qualification file (critical). Sections 395.1(i)(1)(i), 395.1(i)(1)(ii), 395.1(i)(1)(iii), and 395.1(i)(1)(iv), are redesignated as §§ 395.1(h)(1)(i), 395.1(h)(1)(ii), 395.1(h)(1)(iii), and 395.1(h)(1)(iv) (critical) regulations, respectively. These redesignations are necessary to conform to the final rule published on June 18, 1998 (63 FR 33254). Section 382.115(c) Failing to implement an alcohol and/or controlled substance testing program (acute) is being redesignated as § 382.115(a). This redesignation is necessary to correct an error introduced by technical amendments published on July 11, 1997 (62 FR 37150) which redesignated § 382.115(c) to specify the starting dates for testing programs for small foreign employers. However, § 382.115(c), as originally adopted in 1994, applied only to U.S. domestic carriers, which are now referred to in § 382.115(a); the reference to paragraph (c) is therefore being replaced with paragraph (a). Section 395.3(b) Requiring or permitting driver to drive after having been on duty more than 60 hours in 7 consecutive days (critical) and § 395.3(b) Requiring or permitting driver to drive after having been on duty more than 70 hours in 8 consecutive days (critical), are being redesignated as § 395.3(b)(1) and § 395.3(b)(2), respectively, to more accurately reflect the paragraphs in § 395.3(b). The table below shows the new section numbers.

The sections listed here are revised to read as follows: § 382.213(b) Using a driver known to have used a controlled substance (acute); § 382.215 Using a driver known to have tested positive for a controlled substance (acute); § 382.305(b)(1) Failing to conduct random alcohol testing at an annual rate of not less than the applicable annual rate of the average number of driver positions (critical); § 382.305(b)(2) Failing to conduct random controlled

substances testing at an annual rate of not less than the applicable annual rate of the average number of driver positions (critical); § 382.503 Allowing a driver to perform safety sensitive function, after engaging in conduct prohibited by subpart B, without being evaluated by substance abuse professional, as required by § 382.605 (critical); § 383.37(a) Knowingly allowing, requiring, permitting, or authorizing an employee with a commercial driver's license which is suspended, revoked, or canceled by a state or who is disqualified to operate a commercial motor vehicle (acute); § 383.37(b) Knowingly allowing, requiring, permitting, or authorizing an employee with more than one commercial driver's license to operate a commercial motor vehicle (acute); § 391.45(b) Using a driver not medically examined and certified during the preceding 24 months (critical); and § 392.5(b)(2) Requiring or permitting a driver who shows evidence of having consumed an intoxicating beverage within 4 hours to operate a motor vehicle (acute). These revisions are necessary to make it clear that the testing rates for alcohol and controlled substances are dependent on the violation rates for the industry, or to have the revised descriptions more closely match the regulatory language in each section.

The following revisions are necessary to conform to the December 12, 1994, technical amendments which revised existing hazardous materials classifications and descriptions: Section 397.5(a) Failing to ensure a motor vehicle containing Division 1.1, 1.2, or 1.3 (explosive) material is attended at all times by its driver or a qualified representative (acute); § 397.7(a)(1) Parking a motor vehicle containing Division 1.1, 1.2, or 1.3 materials within 5 feet of traveled portion of highway or street (critical); § 397.7(b) Parking a motor vehicle containing hazardous material(s) other than Division 1.1, 1.2, or 1.3 materials within 5 feet of traveled portion of highway or street (critical); § 397.13(a) Permitting a person to smoke or carry a lighted cigarette, cigar or pipe within 25 feet of a motor vehicle containing Class 1 materials, Class 5 materials, or flammable materials classified as Division 2.1, Class 3, Divisions 4.1 and 4.2 (critical); and § 397.19(a) Failing to furnish driver of motor vehicle transporting Division 1.1, 1.2, or 1.3 (explosive) materials with a copy of the rules of part 397 and/or emergency response instructions (critical); and § 397.67(d) Requiring or permitting the operation of a motor

vehicle containing explosives in Class 1, Divisions 1.1, 1.2, or 1.3 that is not accompanied by a written route plan (critical).

The following sections are revised to more closely match the regulatory language: Section 382.201 Using a driver known to have an alcohol concentration of 0.04 or greater (acute); § 382.605(c)(2)(ii) Failing to subject a driver who has been identified as needing assistance to at least six unannounced follow-up alcohol and/or controlled substances tests in the first 12 months following the driver's return to duty (critical); § 383.51(a) Knowingly allowing, requiring, permitting, or authorizing a driver to drive who is disqualified to drive a commercial motor vehicle (acute); § 387.31(d) Failing to maintain at principal place of business required proof of financial responsibility for passenger carrying vehicles (critical); § 396.11(c) Failing to correct Out-of-Service defects listed by driver in a driver vehicle inspection report before the vehicle is operated again (acute); and § 177.841(e) Transporting a package bearing a poison label in the same transport vehicle with material marked or known to be foodstuff, feed, or any edible material intended for consumption by humans or animals unless an exception in § 177.841(e)(i) or (ii) is met (acute).

For ease of reference the following distribution table is provided. Acute or critical regulations not listed in the left-hand column have not been changed.

Rulemaking Analyses and Notices

This final rule makes corrections to the List of Acute and Critical Regulations under section VII of appendix B to part 385. Because these amendments simply update the rule to conform to several regulatory removals or substantive amendments adopted in other notices and entail no further substantive revisions, the FMCSA finds good cause pursuant to 5 U.S.C. 553(b)(3)(B) to promulgate this final rule without notice and comment and to make it effective on the date of publication in the **Federal Register** pursuant to 5 U.S.C. 553(d)(3).

Executive Order 12866 (Regulatory Planning and Review) and DOT Regulatory Policies and Procedures

The FMCSA has determined that this action is not a significant regulatory action within the meaning of Executive Order 12866. The agency has also determined that this action is not a significant regulatory action under the DOT's regulatory policies and procedures. This final rule is clerical in nature and does not include substantive changes to 49 CFR part 385, appendix B.

Regulatory Flexibility Act

In compliance with the Regulatory Flexibility Act (5 U.S.C. 601-612), the FMCSA has evaluated the effects of this rule on small entities and has determined that it will not have a significant economic impact on a substantial number of small entities.

Unfunded Mandates Reform Act of 1995

This rule does not impose a Federal mandate resulting in the expenditure by State, local and tribal governments, in the aggregate, or by the private sector, of \$100 million or more in any one year (2 U.S.C. 1532).

Executive Order 12988 (Civil Justice Reform)

This action meets applicable standards in sections 3(a) and 3(b) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Executive Order 13045 (Protection of Children)

We have analyzed this action under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or safety that may disproportionately affect children.

Executive Order 12630 (Taking of Private Property)

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Executive Order 13132 (Federalism)

This action has been analyzed in accordance with the principles and criteria contained in Executive Order 13132 dated August 4, 1999, and it has been determined this action does not have a substantial direct effect or sufficient federalism implications on States that would limit the policymaking discretion of the States. Nothing in this document directly preempts any State law or regulation.

Executive Order 12372 (Intergovernmental Review)

Catalog of Federal Domestic Assistance Program Number 20.217, Motor Carrier Safety. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities do not apply to this program.

Paperwork Reduction Act

This action does not contain a collection of information requirement for the purposes of the Paperwork Reduction Act of 1995, 44 U.S.C. 3501–3520.

National Environmental Policy Act

The agency has analyzed this rulemaking for the purpose of the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4347), and has determined that this action would not have any effect on the quality of the environment.

Regulation Identification Number

A regulation identification number (RIN) is assigned to each regulatory action listed in the Unified Agenda of Federal Regulations. The Regulatory Information Service Center publishes the Unified Agenda in April and October of each year. The RIN contained in the heading of this document can be

used to cross reference this action with the Unified Agenda.

List of Subjects in 49 CFR Part 385

Highway safety, Motor carriers, and Safety fitness procedures.

Issued on: February 22, 2000.

Julie Anna Cirillo,

Acting Deputy Administrator.

In consideration of the foregoing, Title 49, Code of Federal Regulations, Chapter III, part 385 is amended as set forth below:

PART 385—SAFETY FITNESS PROCEDURES

1. Revise the authority citation for part 385 to read as follows:

Authority: 49 U.S.C. 104, 504, 521(b)(5)(A), 5113, 31136, 31144, 31502; and 49 CFR 1.73.

2. Revise Section VII, List of Acute and Critical Regulations, of appendix B to part 385 to read as follows:

Appendix B to Part 385 Explanation of Safety Rating Process

* * * * *

VII. List of Acute and Critical Regulations.

§ 382.115(a)

Failing to implement an alcohol and/or controlled substances testing program (domestic motor carrier) (acute).

§ 382.201

Using a driver known to have an alcohol concentration of 0.04 or greater (acute).

§ 382.211

Using a driver who has refused to submit to an alcohol or controlled substances test required under part 382 (acute).

§ 382.213(b)

Using a driver known to have used a controlled substance (acute).

§ 382.215

Using a driver known to have tested positive for a controlled substance (acute).

§ 382.301(a)

Using a driver before the motor carrier has received a negative pre-employment controlled substance test result (critical).

§ 382.303(a)

Failing to conduct post accident testing on driver for alcohol and/or controlled substances (critical).

§ 382.305

Failing to implement a random controlled substances and/or an alcohol testing program (acute).

§ 382.305(b)(1)

Failing to conduct random alcohol testing at an annual rate of not less than the applicable annual rate of the average number of driver positions (critical).

§ 382.305(b)(2)

Failing to conduct random controlled substances testing at an annual rate of not less than the applicable annual rate of the average number of driver positions (critical).

§ 382.309(a)

Using a driver who has not undergone a return-to-duty alcohol test with a result indicating an alcohol concentration of less than 0.02 (acute).

§ 382.309(b)

Using a driver who has not undergone a return-to-duty controlled substances test with a result indicating a verified negative result for controlled substances (acute).

§ 382.503

Allowing a driver to perform safety sensitive function, after engaging in conduct prohibited by subpart B, without being evaluated by substance abuse professional, as required by § 382.605 (critical).

§ 382.505(a)

Using a driver within 24 hours after being found to have an alcohol concentration of 0.02 or greater but less than 0.04 (acute).

§ 382.605(c)(1)

Using a driver who has not undergone a return-to-duty alcohol test with a result indicating an alcohol concentration of less than .02 or with verified negative test result, after engaging in conduct prohibited by part 382 subpart B (acute).

§ 382.605(c)(2)(ii)

Failing to subject a driver who has been identified as needing assistance to at least six unannounced follow-up alcohol and/or controlled substance tests in the first 12 months following the driver's return to duty (critical).

§ 383.23(a)

Operating a commercial motor vehicle without a valid commercial driver's license (critical).

§ 383.37(a)

Knowingly allowing, requiring, permitting, or authorizing an employee with a commercial driver's license which is suspended, revoked, or canceled by a state or who is disqualified to operate a commercial motor vehicle (acute).

§ 383.37(b)

Knowingly allowing, requiring, permitting, or authorizing an employee with more than one commercial driver's license to operate a commercial motor vehicle (acute).

§ 383.51(a)

Knowingly allowing, requiring, permitting, or authorizing a driver to drive who is disqualified to drive a commercial motor vehicle (acute).

§ 387.7(a)

Operating a motor vehicle without having in effect the required minimum levels of financial responsibility coverage (acute).

§ 387.7(d)

Failing to maintain at principal place of business required proof of financial responsibility (critical).

§ 387.31(a)

Operating a passenger carrying vehicle without having in effect the required minimum levels of financial responsibility (acute).

§ 387.31(d)

Failing to maintain at principal place of business required proof of financial responsibility for passenger carrying vehicles (critical).

- § 390.15(b)(2) Failing to maintain copies of all accident reports required by State or other governmental entities or insurers (critical).
- § 390.35 Making, or causing to make fraudulent or intentionally false statements or records and/or reproducing fraudulent records (acute).
- § 391.11(b)(4) Using a physically unqualified driver (acute).
- § 391.15(a) Using a disqualified driver (acute).
- § 391.45(a) Using a driver not medically examined and certified (critical).
- § 391.45(b)(1) Using a driver not medically examined and certified during the preceding 24 months (critical).
- § 391.51(a) Failing to maintain driver qualification file on each driver employed (critical).
- § 391.51(b)(2) Failing to maintain inquiries into driver's driving record in driver's qualification file (critical).
- § 391.51(b)(7) Failing to maintain medical examiner's certificate in driver's qualification file (critical).
- § 392.2 Operating a motor vehicle not in accordance with the laws, ordinances, and regulations of the jurisdiction in which it is being operated (critical).
- § 392.4(b) Requiring or permitting a driver to drive while under the influence of, or in possession of, a narcotic drug, amphetamine, or any other substance capable of rendering the driver incapable of safely operating a motor vehicle (acute).
- § 392.5(b)(1) Requiring or permitting a driver to drive a motor vehicle while under the influence of, or in possession of, an intoxicating beverage (acute).
- § 392.5(b)(2) Requiring or permitting a driver who shows evidence of having consumed an intoxicating beverage within 4 hours to operate a motor vehicle (acute).
- § 392.6 Scheduling a run which would necessitate the vehicle being operated at speeds in excess of those prescribed (critical).
- § 392.9(a)(1) Requiring or permitting a driver to drive without the vehicle's cargo being properly distributed and adequately secured (critical).
- § 395.1(h)(1)(i) Requiring or permitting a driver to drive more than 15 hours (Driving in Alaska) (critical).
- § 395.1(h)(1)(ii) Requiring or permitting a driver to drive after having been on duty 20 hours (Driving in Alaska) (critical).
- § 395.1(h)(1)(iii) Requiring or permitting driver to drive after having been on duty more than 70 hours in 7 consecutive days (Driving in Alaska) (critical).
- § 395.1(h)(1)(iv) Requiring or permitting driver to drive after having been on duty more than 80 hours in 8 consecutive days (Driving in Alaska) (critical).
- § 395.3(a)(1) Requiring or permitting driver to drive more than 10 hours (critical).
- § 395.3(a)(2) Requiring or permitting driver to drive after having been on duty 15 hours (critical).
- § 395.3(b)(1) Requiring or permitting driver to drive after having been on duty more than 60 hours in 7 consecutive days (critical).

BILLING CODE 4910-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 648

[Docket No. 990422103-9209-02; 031099B]

RIN 0648-AL75

Fisheries of the Northeastern United States; Fishery Management Plan for the Summer Flounder, Scup, and Black Sea Bass Fisheries; Extension of an Interim Rule

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Extension of expiration date.

SUMMARY: NMFS issues this notification to inform the public that the interim rule published on September 9, 1999, to implement conservation equivalencies for the summer flounder fishery is extended through September 5, 2000. Without this extension, the interim rule would expire on March 9, 2000. The extension allows states to continue to implement measures for the summer flounder recreational fishery that are alternatives to the annual Federal measures, yet achieve a reduction in fishing mortality equivalent to that achieved by the annual Federal measures.

DATES: The rule, effective September 2, 1999, through March 9, 2000, extends its expiration date from March 9, 2000, to September 5, 2000.

ADDRESSES: Copies of the Environmental Assessment (EA) and Regulatory Impact Review (RIR) prepared for the initial action are available from: Patricia A. Kurkul, Regional Administrator, National Marine Fisheries Service, One Blackburn Drive, Gloucester, MA 01930-2298.

FOR FURTHER INFORMATION CONTACT: Myles Raizin, Fishery Policy Analyst, (978) 281-9104.

SUPPLEMENTARY INFORMATION:

Background

An interim rule implementing conservation equivalencies for the summer flounder recreational fishery was published on September 9, 1999 (64 FR 48965), and will expire on March 9, 2000. The interim rule allows states to select a combination of minimum fish

sizes, possession limits, and closed seasons to meet a target reduction in the recreational harvest limit for summer flounder. A combination of these measures must accomplish the same reduction as those implemented for the recreational fishery in the Exclusive Economic Zone (EEZ). Under the interim rule, states that wish to implement equivalent measures must submit proposed management options to the Atlantic States Marine Fisheries Commission (Commission) for approval. Once the Commission approves a state equivalency proposal, the Commission is required to recommend to NMFS that notification be published in the **Federal Register** to waive the default measures implemented for the EEZ and notify the public of equivalent measures.

The interim rule allowed for the implementation and publication of conservation equivalencies for the 1999 fishery. To provide the same mechanism for the 2000 fishery, the effectiveness of this rule must be extended. The Mid-Atlantic Fishery Management Council (Council) has included conservation equivalency as part of its recommended management measures for 2000. In addition, the Council is preparing an amendment to the Fishery Management Plan for Summer Flounder, Scup, and Black Sea Bass to implement conservation equivalency on a permanent basis; however, the amendment is not yet complete. Because the interim rule will expire on March 9, 2000, NMFS finds it necessary to extend the interim rule to allow the establishment of conservation equivalencies for the 2000 fishery. This extension is effective through September 5, 2000.

List of Subjects in 50 CFR Part 648

Fisheries, Fishing, Reporting and recordkeeping requirements.

Dated: March 1, 2000.

Andrew A. Rosenberg,

Deputy Assistant Administrator for Fisheries, National Marine Fisheries Service.

For the reasons set out in the preamble, 50 CFR part 648 is amended as follows:

PART 648—FISHERIES OF THE NORTHEASTERN UNITED STATES

1. The authority citation for part 648 continues to read as follows:

Authority: 16 U.S.C. 1801 *et seq.*

2. In § 648.107(a), the first sentence is revised to read as follows:

§ 648.107 Conservation equivalent measures for the recreational summer flounder fishery.

(a) Through September 5, 2000, states may implement on an annual basis

conservation equivalent measures that reduce the recreational catch to the same extent as the annual Federal summer flounder measures specified under § 648.100(c) to achieve the recreational harvest limit in any year. * * *

50 CFR Part 679

[Docket No. 000211039-0039-01; I.D. 111899A]

Fisheries of the Exclusive Economic Zone Off Alaska; Final 2000 Harvest Specifications for Groundfish; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final 2000 harvest specifications; correction.

SUMMARY: NMFS published final 2000 harvest specifications for the groundfish fishery of the Gulf of Alaska (GOA) on February 18, 2000. These final 2000 harvest specifications for the GOA inadvertently omitted changes made by previous rulemaking. Therefore, NMFS is correcting the published final 2000 total allowable catch amounts (TACs) specified for pollock in the Western and Central Regulatory Areas of the Gulf of Alaska (W/C GOA).

DATES: Effective February 15, 2000, through 2400 hrs A.L.T. December 31, 2000.

FOR FURTHER INFORMATION CONTACT: Sue Salveson, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

On January 3, 2000, NMFS published interim 2000 pollock TACs (65 FR 65).
