INTERNATIONAL TRADE COMMISSION

[Investigations Nos. 731-TA-406 & 408 (Review)]

Electrolytic Manganese Dioxide From Greece and Japan; Notice of Commission Determination To Conduct a Portion of the Hearing in Camera

AGENCY: U.S. International Trade Commission.

ACTION: Closure of a portion of a Commission hearing.

SUMMARY: Upon request of domestic producers Kerr-McGee Chemical LLC and Chemetals, Inc., ("Petitioners") and domestic importer Eveready Battery Co., ("Eveready") the Commission has determined to conduct a portion of its hearing in the above-captioned investigations scheduled for March 2, 2000, in camera. See Commission rules 207.24(d), 201.13(m) and 201.36(b)(4) (19 CFR 207.24(d), 201.13(m) and 201.36(b)(4)). The remainder of the

hearing will be open to the public. The Commission has determined that the seven-day advance notice of the change to a meeting was not possible. See Commission rule 201.35(a), (c)(1) (19 C.F.R. 201.35(a), (c)(1)).

FOR FURTHER INFORMATION CONTACT:

Willis S. Martyn, Office of General Counsel, U.S. International Trade Commission, telephone 202-205-2784, e-mail wmartyn@usitc.gov. Hearing-impaired individuals are advised that information on this matter may be obtained by contacting the Commission's TDD terminal on 202-205-1810.

SUPPLEMENTARY INFORMATION: The Commission believes that Petitioners and Eveready have justified the need for a closed session. Petitioners and Eveready seek a closed session to allow for a discussion of their business operations. In this investigation, the aggregate data of the domestic industry and information on purchasers' operations are business proprietary information (BPI). Because discussion by Petitioner and Eveready of their own operations and of the domestic industry's data will necessitate disclosure of business proprietary information (BPI), it can only occur if a portion of the hearing is held in camera. In making this decision, the Commission nevertheless reaffirms its belief that whenever possible its business should be conducted in public.

The hearing will begin with a public presentation by the parties opposing revocation of the antidumping duty order (the Petitioners), with questions from the Commission. In addition, the hearing will include a 40-minute in camera session for a confidential presentation by Petitioners, a rebuttal presentation by foreign producers Tosoh Hellas, A.I.C., and Tosoh Corp. (collectively, "Tosoh"), a confidential presentation by Eveready, a rebuttal presentation by Petitioners, and for questions from the Commission relating to the BPI. Petitioners will receive a total of 20 minutes, with Eveready and Tosoh receiving the remainder. For any in camera session the room will be cleared of all persons except those who have been granted access to BPI under a Commission administrative protective order (APO) and are included on the Commission's APO service list in this investigation. See 19 C.F.R. 201.35(b)(1), (2). The time for the parties' presentations and rebuttals in the in camera session will be taken from their respective overall allotments for the hearing. All persons planning to attend the in camera portions of the hearing

should be prepared to present proper identification.

Authority: The General Counsel has certified, pursuant to Commission Rule 201.39 (19 C.F.R. 201.39) that, in her opinion, a portion of the Commission's hearing in Electrolytic Manganese Dioxide from Greece and Japan, Invs. Nos. 731-TA-406 & 408 (Review) may be closed to the public to prevent the disclosure of BPI.

Issued: March 2, 2000.

By order of the Commission.

Secretary.
