FOR FURTHER INFORMATION CONTACT:

Brenda Mumper, Air Traffic Division, Airspace Branch, ACE-520A, DOT Regional Headquarters Building, Federal Aviation Administration, 901 Locust, Kansas City, MO 64106; telephone: (816) 329-2524.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, economic, environmental, and energy-related aspects of the proposal. Communications should identify the airspace docket number and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Airspace Docket No. 00-ACE-6." The postcard will be date/time stamped and returned to the commenter. All communications received on or before the closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this action may be changed in light of comments received. All comments submitted will be available for examination in the Rules Docket both before and after the closing date for comments. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

Any person may obtain a copy of this Notice of Proposed Rulemaking (NPRM) by submitting a request to the Federal Aviation Administration, Office of Public Affairs, Attention: Public Inquiry Center, APA-230, 800 Independence Avenue, SW., Washington, DC 20591, or by calling (202) 267-3484. Communications must identify the docket number of this NPRM. Persons interested in being placed on a mailing list for future NPRMs should also request a copy of Advisory Circular No. 11-2A, which describes the procedures.

The Proposal

The FAA is considering an amendment to 14 CFR part 71 to establish Class E airspace at Salem Memorial Airport, Salem, MO. The FAA has developed RNAV RWY 17, RNAV RWY 35 and VOR-A SIAPs to serve the Salem Memorial Airport, Salem, MO. Controlled airspace extending upward from 700 feet AGL is needed to contain aircraft executing these SIAPs. The intended effect of this action is to provide segregation of aircraft operating under Instrument Flight Rules (IFR) from aircraft operating in visual weather conditions. The area would be depicted on appropriate aeronautical charts thereby enabling pilots to circumnavigate the area or otherwise comply with IFR procedures. Class E airspace designations for airspace areas extending upward from 700 feet or more above the surface of the earth are published in paragraph 6005 of FAA Order 7400.9G, dated September 1, 1999, and effective September 16, 1999, which is incorporated by reference in 14 CFR 71. The Class E airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposed to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9G, Airspace Designations and Reporting Points, dated September 1, 1999, and effective September 16, 1999, is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

40 CFR Part 52

[KY-105-9946b; FRL-6545-4]

Approval and Promulgation of Implementation Plans Commonwealth of Kentucky: Approval of Revisions to the Kentucky State Implementation Plan

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve a revision to the Commonwealth of Kentucky's State Implementation Plan (SIP) submitted through the Kentucky Natural Resources and Environmental Protection Cabinet (KNREPC) on April 29, 1998. This revision adds a new

regulation 401 KAR 50:032, "Prohibitory rule for hot mix asphalt plants," to establish an enforceable production limit for asphalt plants in Kentucky to limit their potential to emit.

In the final rules section of this **Federal Register**, the EPA is approving Kentucky's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: To be considered, comments must be received by April 10, 2000.

ADDRESSES: All comments should be addressed to Joey LeVasseur at the EPA, Region 4 Air Planning Branch, 61 Forsyth Street, SW, Atlanta, Georgia 30303.

Copies of the state submittal are available at the following addresses for inspection during normal business hours:

Environmental Protection Agency, Atlanta Federal Center, Region 4 Air Planning Branch, 61 Forsyth Street S.W., Atlanta, Georgia 30303-3104.

Natural Resources and Environmental Protection Cabinet, 803 Schenkel Lane, Frankfort, Kentucky 40601.

FOR FURTHER INFORMATION CONTACT: Joey LeVasseur at 404/562-9035 (E-mail: levasseur.joey@epa.gov).

SUPPLEMENTARY INFORMATION: For additional information see the direct final rule which is published in the rules section of this **Federal Register**.

Dated: January 14, 2000.

A. Stanely Meiburg,

Acting Regional Administrator, Region 4.

RIN No. 0648-XA49

Endangered and Threatened Wildlife and Plants; 90-Day Findings for a Petition to List North American Populations of Smalltooth Sawfish and Largetooth Sawfish as Endangered Under the Endangered Species Act

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of petition findings; request for information and comments.

SUMMARY: The National Marine Fisheries Service (NMFS) announces 90-day findings for a petition to add North American populations of smalltooth sawfish and largetooth sawfish to the List of Threatened and Endangered Wildlife. NMFS finds that the petition and information available in NMFS records indicate that listing North American populations of smalltooth sawfish as endangered under the Endangered Species Act (ESA) may be warranted; and do not indicate that listing North American populations of largetooth sawfish as endangered may also be warranted. NMFS is now initiating a status review of smalltooth sawfish to determine if the petitioned action for that species is warranted. NMFS will maintain the largetooth sawfish as a candidate species, and continue to solicit more information regarding this species to resolve doubts regarding its range and taxonomy.

DATES: The findings announced in this document were made on March 6, 2000. Comments and information related to this petition finding must be received by May 9, 2000.

ADDRESSES: Information and comments concerning these petition findings should be submitted to Charles A. Oravetz, Assistant Regional Administrator, Protected Resources Division, National Marine Fisheries Service, Southeast Regional Office, 9721 Executive Center Drive North, St. Petersburg, Florida 33702-2432. The petition, findings, supporting data, and comments are available for public inspection, by appointment, during normal business hours at the same address.

FOR FURTHER INFORMATION CONTACT:

Jennifer Lee, NMFS Southeast Region, (727)570-5312; or Marta Nammack, NMFS Office of Protected Resources, (301) 713-1401.

SUPPLEMENTARY INFORMATION:

Background

NMFS designated smalltooth sawfish (*Pristis pectinata*) and largetooth sawfish (*P. perotteti*) as candidate species under the ESA on June 23, 1999. The candidate species list serves to notify the public that NMFS has concerns regarding these species/vertebrate populations that may warrant listing in the future, and it facilitates voluntary conservation efforts. On November 30, 1999, NMFS received a petition from the Center for Marine Conservation requesting NMFS to list North American populations of those two species of sawfish as endangered. The petitioner submitted biological, distributional, and historical information on sawfish and identified potential threats including (1) destruction, modification or curtailment of habitat or range; (2) overutilization for commercial, recreational or scientific purposes; (3) inadequacy of existing regulatory mechanisms; and (4) other natural or manmade factors affecting the species existence. Also, the petitioner cited references in support of the petition.

Section 4(b)(3) of the ESA contains provisions concerning petitions from interested persons requesting the Secretary of Commerce (Secretary) to add a species or to remove a species from the List of Endangered and Threatened Wildlife and designate critical habitat. Section 4(b)(3)(A) requires that, to the maximum extent practicable, within 90 days after receiving such a petition, the Secretary make a finding on whether the petition presents substantial scientific or commercial information indicating that the petitioned action may be warranted. This finding must be promptly published in the **Federal Register**. In determining whether substantial information exists for a petition to list a species, NMFS takes into account information submitted with and referenced in the petition and all other information readily available in NMFS files. NMFS' ESA implementing regulations define "substantial information" as the amount of information that would lead a reasonable person to believe that the measure proposed in the petition may be warranted. 50 CFR 424.14(b). If the petition is found to present such information, the Secretary must conduct
