

751(a)(2)(c) of the Act: (1) The cash deposit rate for Yude/Xinyu and Zhenxing/Mancheng will be the rate shown above except that, for firms whose weighted-average margins are less than 0.5 percent and therefore *de minimis*, the Department shall require no deposit of estimated antidumping duties; (2) the cash deposit rate for all other PRC exporters (*i.e.*, the PRC rate) will be 85.20 percent; and (3) the cash deposit rate for non-PRC exporters of subject merchandise from the PRC will be the rate applicable to the PRC supplier of that exporter. These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this determination in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: March 6, 2000.

FOR FURTHER INFORMATION CONTACT: Norbert Gannon or Eric B. Greynolds, Office of AD/CVD Enforcement VI, Import Administration, U.S. Department of Commerce, Room 4012, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone (202) 482-2786.

SUPPLEMENTARY INFORMATION:

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the statute are references to the provisions of the Tariff Act of 1930, as amended by the Uruguay Round Agreements Act (URAA) effective January 1, 1995 (the Act). The Department is conducting this administrative review in accordance with section 751(a) of the Act. All citations to the Department's regulations reference 19 CFR Part 351 (April 1998), unless otherwise indicated. Because the request for this administrative review was filed before January 1, 1999, the Department's substantive countervailing duty regulations, which were published in the **Federal Register** on November 25, 1998 (63 FR 65348), do not govern this review.

Background

On September 8, 1999, the Department published the preliminary results of the administrative review of the countervailing duty order on certain cut-to-length carbon steel plate from Mexico. See *Certain Cut-to-Length Carbon Steel Plate from Mexico: Preliminary Results of Countervailing Duty Administrative Review*, 64 FR 48796 (September 8, 1999) (*Preliminary Results*). This review covers one manufacturer/exporter, Altos Hornos de Mexico, S.A. (AHMSA). The review covers the period January 1, 1997 through December 31, 1997, and twenty-one programs.

Scope of the Review

The products covered by this administrative review are certain cut-to-length carbon steel plates. These products include hot-rolled carbon steel universal mill plates (*i.e.*, flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 millimeters but not exceeding 1,250 millimeters and of a thickness of not less than 4 millimeters, not in coils and without patterns in relief), of rectangular shape, neither clad, plated nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances; and certain hot-rolled carbon steel flat-rolled products in straight lengths, of rectangular shape, hot rolled, neither clad, plated, nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances, 4.75 millimeters or more in thickness and of a width which exceeds 150 millimeters and measures at least twice the thickness, as currently classifiable in the Harmonized Tariff Schedules of the United States (HTSUS) under item numbers 7208.31.0000, 7208.32.0000, 7208.33.1000, 7208.33.5000, 7208.41.0000, 7208.42.0000, 7208.43.0000, 7208.90.0000, 7210.70.3000, 7210.90.9000, 7211.11.0000, 7211.12.0000, 7211.21.0000, 7211.22.0045, 7211.90.0000, 7212.40.1000, 7212.40.5000, and 7212.50.0000. Included in this administrative review are flat-rolled products of nonrectangular cross-section where such cross-section is achieved subsequent to the rolling process (*i.e.*, products which have been "worked after rolling")—for example, products which have been bevelled or rounded at the edges. Excluded from this administrative review is grade X-70 plate. HTSUS subheadings are provided for convenience and Customs purposes.

The written description of the scope of this proceeding is dispositive.

Analysis of Comment Received

All issues raised in the case and rebuttal briefs by parties to this administrative review are addressed in the "Issues and Decision Memorandum" (Decision Memorandum) from Holly Kuga, Acting Deputy Assistant Secretary, Import Administration, to Robert S. LaRussa, Assistant Secretary for Import Administration, dated March 6, 2000, which is hereby adopted and incorporated by reference into this notice. A list of issues which parties have raised and to which we have responded, all of which are in the Decision Memorandum, is attached to this notice as Appendix I. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum which is on file in room B-099 of the Main Commerce Building. In addition, a complete version of the Decision Memorandum can be accessed directly on the World Wide Web at www.ita.doc.gov/import_admin/records/frn, under the heading "Mexico." The paper copy and electronic version of the Decision Memorandum are identical in content.

Changes Since the Preliminary Results

Based on our analysis of comments received, we have made certain changes to the net subsidy rate. Any changes are discussed in the relevant sections of the Decision Memorandum.

Final Results of Review

In accordance with 19 CFR 351.221(b)(4)(i), we calculated an individual subsidy rate for each producer/exporter subject to this review. We will instruct the U.S. Customs Service (Customs) to assess countervailing duties as indicated below on all appropriate entries. For the period January 1, 1997 through December 31, 1997, we determine the net subsidy rate for the reviewed company to be as follows:

MARGIN	
Manufacturer/exporter	Percent
AHMSA	10.42

We will instruct Customs to assess countervailing duties as indicated above. The Department will also instruct Customs to collect cash deposits of estimated countervailing duties in the percentages detailed above of the f.o.b. invoice price on all shipments of the subject merchandise

from reviewed companies, entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review.

Because the URAA replaced the general rule in favor of a country-wide rate with a general rule in favor of individual rates for investigated and reviewed companies, the procedures for establishing countervailing duty rates, including those for non-reviewed companies, are now essentially the same as those in antidumping cases, except as provided for in section 777A(e)(2)(B) of the Act. The requested review will normally cover only those companies specifically named. See 19 CFR 351.213(b). Pursuant to 19 CFR 351.212(c), for all companies for which a review was not requested, duties must be assessed at the cash deposit rate, and cash deposits must continue to be collected at the rate previously ordered. As such, the countervailing duty cash deposit rate applicable to a company can no longer change, except pursuant to a request for a review of that company. See *Federal-Mogul Corporation and The Torrington Company v. United States*, 822 F. Supp. 782 (CIT 1993); *Floral Trade Council v. United States*, 822 F. Supp. 766 (CIT 1993). Therefore, the cash deposit rates for all companies except those covered by this review will be unchanged by the results of this review.

We will instruct Customs to continue to collect cash deposits for non-reviewed companies at the most recent company-specific or country-wide rate applicable to the company. Accordingly, the cash deposit rates that will be applied to non-reviewed companies covered by this order will be the rate for that company established in the most recently completed administrative proceeding conducted under the Act, as amended by the URAA. If such a review has not been conducted, the rate established in the most recently completed administrative proceeding pursuant to the statutory provisions that were in effect prior to the URAA amendments is applicable. See *Final Affirmative Countervailing Duty Determination: Certain Steel Products from Mexico*, 58 FR 37352 (July 9, 1993) (*Certain Steel 1993*). These rates shall apply to all non-reviewed companies until a review of a company assigned these rates is requested. In addition, for the period January 1, 1997 through December 31, 1997, the assessment rates applicable to all non-reviewed companies covered by this order are the cash deposit rates in effect at the time of entry.

This notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)).

Dated: March 6, 2000.

Robert S. LaRussa,

Assistant Secretary for Import Administration.

AGENCY: Office of Ocean and Coastal Resource Management National Ocean Service, National Oceanic and Atmospheric Administration (NOAA), DOC.

ACTION: Notice of availability of final evaluation findings.

SUMMARY: Notice is hereby given of the availability of the final evaluation findings for the Wisconsin, Oregon and Guam Coastal Management Programs, and the Hudson River (New York), Ace Basin (South Carolina), South Slough (Oregon), Wells (Maine), and Weeks Bay (Alabama) National Estuarine Research Reserves (NERRs). Sections 312 and 315 of the Coastal Zone Management Act of 1972 (CZMA), as amended, require a continuing review of the performance of coastal states with respect to approval of coastal management programs, and the operation and management of NERRs.

The states of Wisconsin and Oregon, and the Territory of Guam were found to be implementing and enforcing their federally approved coastal management programs, addressing the national

coastal management objectives identified in CZMA Section 303(2)(A)-(K), and adhering to the programmatic terms of their financial assistance awards.

Hudson River, Ace Basin, South Slough, Wells, and Weeks Bay NERRs were found to be adhering to programmatic requirements of the NERR System. Copies of these final evaluation findings may be obtained upon written request from: Margo E.
