The table of documents incorporated by reference in § 250.198(e) of the published final rule contained some minor errors and typographical mistakes which we are correcting.

Need for Correction

As published, the final regulations contain errors which may prove to be

misleading and are in need of clarification.

CFR Correction

In Title 33 of the Code of Federal Regulations, parts 125 to 199, revised as of July 1, 1999, part 155 is corrected by

reinstating §§155.235 and 155.240 to read as follows:

§ 155.235 Emergency towing capability for oil tankers.

An emergency towing arrangement shall be fitted at both ends on board all oil tankers of not less than 20,000 deadweight tons (dwt), constructed on or after September 30, 1997. For oil tankers constructed before September 30, 1997, such an arrangement shall be fitted at the first scheduled dry-docking, but not later than January 1, 1999. The design and construction of the towing arrangement shall be in accordance with IMO resolution MSC.35(63).

§ 155.240 Damage stability information for oil tankers and offshore oil barges.

(a) Owners or operators of oil tankers and offshore oil barges shall ensure that their vessels have prearranged, prompt access to computerized, shore-based damage stability and residual structural strength calculation programs.

(b) Vessel baseline strength and stability characteristics must be pre-entered into such programs and be consistent with the vessel's existing configuration.

(c) Access to the shore-based calculation program must be available 24 hours a day.

(d) At a minimum, the program must facilitate calculation of the following:

(1) Residual hull girder strength based on the reported extent of damage.

(2) Residual stability when the vessel's compartments are breached.

(3) The most favorable off-loading, ballasting, or cargo transfer sequences to improve residual stability, reduce hull girder stresses, and reduce ground-force reaction.

(4) The bending and shear stresses caused by pinnacle loads from grounding or stranding.

DEPARTMENT OF VETERANS AFFAIRS

38 CFR Parts 19 and 20

RIN 2900-AJ72

Appeals Regulations and Rules of Practice—Case Docketing

AGENCY: Department of Veterans Affairs.

ACTION: Final rule.

SUMMARY: The Board of Veterans' Appeals (Board) adjudicates appeals from decisions on claims for veterans' benefits filed with the Department of Veterans Affairs (VA). This document updates the Board's procedures to reflect changes made by section 1003 of the Veterans Programs Enhancement Act of 1998 and to reflect the change in the name of the United States Court of Veterans Appeals to the United States Court of Appeals for Veterans Claims.

DATES:

Effective Date: March 17, 2000.

Applicability Date: November 10, 1998, except for §§ 20.609(i), 20.714(a)(5), 20.717(b), and 20.900(d) which are applicable March 1, 1999.

FOR FURTHER INFORMATION CONTACT:

Steven L. Keller, Senior Deputy Vice Chairman, Board of Veterans' Appeals, Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420, 202-565-5978.

SUPPLEMENTARY INFORMATION: Initial decisions on claims for veterans' benefits are made at VA field offices throughout the nation. Claimants may appeal those decisions to the Board. Section 1003 of the Veterans Programs Enhancement Act of 1998, Public Law 105-368, 112 Stat. 3315, 3363-64 (1998), amended 38 U.S.C. 7107 to make these changes in procedures for processing cases before the Board:

(1) Serious illness and severe financial hardship are now included in the statutory grounds for advancing a

case on the Board's docket. 38 U.S.C. 7107(a)(2).

(2) A new provision permits postponement of consideration of a case in order to afford an appellant a hearing. 38 U.S.C. 7107(a)(3).

(3) The order in which the Board conducts field hearings in areas served by VA regional offices has been changed from the order in which requests for hearings in each area are received to the docket order of the cases that are scheduled for hearings within the same area. 38 U.S.C. 7107(d)(2).

(4) The statutory grounds in 38 U.S.C. 7107(d)(3) for advancing a hearing within an area served by a regional office now conform to the grounds in 38 U.S.C. 7107(a)(2) for advancing a case on the Board's docket.

This document amends 38 CFR 19.75, 20.704, and 20.900 to conform to these statutory changes.

Section 511 of the same public law, 112 Stat. at 3341, changed the name of the United States Court of Veterans Appeals to the United States Court of Appeals for Veterans Claims. Amendments to 38 CFR 20.609, 20.714, 20.717, and 20.900 change references to the Court to reflect its new name.

VA finds under 5 U.S.C. 553(b)(3)(B) that notice and public procedure are impracticable, unnecessary, and contrary to public interest inasmuch as these amendments merely reflect statutory changes.

Because no notice of proposed rulemaking was required in connection with the adoption of this final rule, no regulatory flexibility analysis is required under the Regulatory Flexibility Act (5 U.S.C. 601-612). Even so, the Secretary hereby certifies that this final rule will not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act.

There is no Catalog of Federal Domestic Assistance number for this final rule.
