Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. DEPARTMENT OF ENERGY

National Nuclear Security Administration¹

Record of Decision: Conveyance and Transfer of Certain Land Tracts Administered by the Department of Energy and Located at Los Alamos National Laboratory, Los Alamos and Santa Fe Counties, New Mexico

AGENCY: Department of Energy.

ACTION: Record of decision.

SUMMARY: The U.S. Department of Energy (DOE) is issuing this Record of Decision on the conveyance and transfer of certain land tracts previously identified as being potentially suitable for this action as required by Public Law 105-119, the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations Act, Fiscal Year 1998 (Section 632, 42 United States Code [U.S.C.] § 2391; the

Act). This Record of Decision is based upon the requirements for DOE action as stated in the Act and upon the information contained in the Environmental Impact Statement for the Conveyance and Transfer of Certain Land Tracts Administered by the Department of Energy and Located at Los Alamos National Laboratory, Los Alamos and Santa Fe Counties, New Mexico, DOE/EIS-0293. DOE has decided to implement the Preferred Alternative, i.e., seven tracts will be conveyed or transferred in full, and three tracts (Airport, TA-21, and White Rock Y) will be conveyed or transferred in part, based on DOE's continuing or future need for an individual tract, or a portion of the tract, to meet the national security mission support function at the Los Alamos National Laboratory (LANL). In the "Conveyance and Transfer" EIS discussion of the Preferred Alternative, DOE identified the potential partial transfer of the White Rock Y Tract due to the developing proton radiography project, and the tract was considered as one of the tracts that would be conveyed in whole or in part by 2007. In this Record of Decision, DOE is conveying or transferring only part of the White Rock Y Tract because of the potential national security mission need. Should DOE's siting of the proposed proton radiography project not require a part of the White Rock Y Tract as a buffer area, DOE will reassess the need to retain any buffer areas and amend this Record of Decision, as needed.

Additionally, the disposition of each tract, or portion of a tract, will be subject to the ability of DOE to complete any necessary environmental restoration or remediation. DOE will convey to the Incorporated County of Los Alamos and/or transfer to the Department of the Interior, in trust for the San Ildefonso Pueblo, ten tracts, in whole or in part, totaling about 4,046 acres. Pursuant to the Allocation Agreement between the County of Los Alamos and the San Ildefonso Pueblo submitted to the Secretary of Energy on January 7, 2000, all lands are to be received by the County of Los Alamos except for portions of the TA-74 Tract, the White Rock Y Tract, and the White Rock Tract.

FOR FURTHER INFORMATION CONTACT: For further information on the Conveyance and Transfer EIS or to receive a copy of this EIS or other information related to this Record of Decision, contact: Elizabeth Withers, Document Manager, U.S. Department of Energy, Los Alamos Area Office, 528 35th Street, Los Alamos, NM 87544, (505) 667-8690.
