DEPARTMENT OF THE TREASURY

27 CFR Parts 200, 270, 275 and 290

[Notice No. 893: Ref: Notice No. 887]

RIN 1512-AB99

Implementation of Public Law 105-33, Section 9302, Relating to Tobacco Importation Restrictions, Markings, Minimum Manufacturing Requirements, and Penalty Provisions (98R-369P)

AGENCY: Bureau of Alcohol, Tobacco and Firearms (ATF), Department of the Treasury.

ACTION: Notice of proposed rulemaking; reopening of comment period.

SUMMARY: This notice reopens the comment period for Notice No. 887, a notice of proposed rulemaking cross-referenced to temporary regulations, published in the **Federal Register** on December 22, 1999. ATF has received several requests to extend the comment period in order to provide sufficient time for all interested parties to respond to the issues raised in the notice.

DATES: Written comments must be received by April 20, 2000.

ADDRESSES: Send written comments to: Chief, Regulations Division, Bureau of Alcohol, Tobacco and Firearms, P.O. Box 50221, Washington, DC 20091-0221; Notice No. 893.

FOR FURTHER INFORMATION CONTACT: Mr. Daniel J. Hiland, Regulations Division, Bureau of Alcohol, Tobacco and Firearms, 650 Massachusetts Avenue, NW, Washington, DC 20226; Telephone (202) 927-8210.

SUPPLEMENTARY INFORMATION: On December 22, 1999, ATF published a notice of proposed rulemaking cross-referenced to temporary regulations in the **Federal Register**. The notice solicited comments from all interested persons regarding temporary regulations that implemented several provisions of the Balanced Budget Act of 1997. Section 9302 of the new law: (1) Places restrictions on the importation of previously exported tobacco products, (2) requires markings on tobacco

products or cigarette papers and tubes removed or transferred without payment of the federal excise tax, (3) provides penalties for selling, relanding, or receiving, within the jurisdiction of the United States, tobacco products or cigarette papers and tubes which have been labeled and shipped for exportation and were removed after the effective date, and (4) authorizes the Secretary to prescribe minimum capacity or activity requirements as a criteria for issuance of a manufacturer's permit. These new provisions of law became effective on January 1, 2000.

The temporary rule implemented these changes in law by providing new and amended regulations in parts 200, 270, 275 and 290 of title 27 of the Code of Federal Regulations (CFR). Additionally, the Bureau of Alcohol, Tobacco and Firearms (ATF) made several other clarifying changes to the tobacco regulations. The temporary rule will remain in effect until superseded by final regulations.

The comment period for Notice 887 closed on February 22, 2000. Prior to the close of the comment period, ATF received several requests to extend the comment period for an additional 30 days. Several interested parties stated that they would need additional time to prepare a full response for their company or client.

In consideration of the above, ATF finds that a reopening of the comment period is warranted. Therefore, the comment period is being reopened for an additional 30 days until April 20, 2000. The Bureau believes that a comment period totaling 90 days is a sufficient amount of time for all interested parties to respond.

Developing Hispanic-Serving Institutions Program, Strengthening Institutions Program, and Strengthening Historically Black Colleges and Universities Program

AGENCY: Department of Education.

ACTION: Notice of proposed rulemaking.

SUMMARY: We propose to amend the regulations governing the Developing Hispanic-Serving Institutions, Strengthening Institutions, and Strengthening Historically Black Colleges and Universities Programs to incorporate statutory changes made by the Higher Education Amendments of 1998 (1998 Amendments). The 1998 Amendments provide that an institution's use of grant funds for endowment fund purposes under the Developing Hispanic-Serving Institutions, Strengthening Institutions, and Strengthening Historically Black Colleges and Universities Programs can be subject to appropriate requirements under the Endowment Challenge Grant

Program. These regulations propose amendments to implement the statutory changes.

To ensure that your comments have maximum effect in developing the final regulations, we urge you to identify clearly the specific section or sections of the proposed regulations that each of your comments addresses and to arrange your comments in the same order as the proposed regulations.

We invite you to assist us in complying with the specific requirements of Executive Order 12866 and its overall requirement of reducing regulatory burden that might result from these proposed regulations. Please let us know of any further opportunities we should take to reduce potential costs or increase potential benefits while preserving the effective and efficient administration of the program.

During and after the comment period, you may inspect all public comments about these proposed regulations in 1990 K St. N.W., Room 6032, Washington, DC, between the hours of 8:30 a.m. and 4:00 p.m., Eastern time, Monday through Friday of each week except Federal holidays.

Assistance to Individuals With Disabilities in Reviewing the Rulemaking Record

On request, we will supply an appropriate aid, such as a reader or print magnifier, to an individual with a disability who needs assistance to review the comments or other documents in the public rulemaking record for these proposed regulations. If you want to schedule an appointment for this type of aid, you may call (202) 205-8113 or (202) 260-9895. If you use a TDD, you may call the Federal Information Relay Service at 1-800-877-8339.

Background

As amended by the 1998 Amendments, sections 311(d)(3), 323(b)(3), and 503(c)(3) of the Higher Education Act of 1965, as amended (HEA), provide, in effect, that we can subject an institution's use of grant funds for endowment fund purposes under the Developing Hispanic Serving Institutions, Strengthening Institutions, and Strengthening Historically Black Colleges and Universities Programs to appropriate requirements in the Endowment Challenge Grant Program.

We have implemented the requirements contained in the Endowment Challenge Grant Program in 34 CFR part 628. We propose that §§ 628.3, 628.6, 628.10, and 628.41 through 628.47 contain appropriate requirements for grantees to follow that wish to use part of their grant funds for endowment purposes. However, we believe that applicable provisions in three of these sections need revision for purposes of clarification and to reflect statutory requirements.

Based upon questions we received over the years, we propose to revise the definition of the term "endowment fund income" in § 628.6 to clarify that endowment fund income includes fund appreciation and retained fund earnings, including interest and dividends.

We propose that the institutional match in § 628.10(a) be revised to reflect the statutory requirement that it must be made on at least a one-to-one basis. That is, each grant dollar to be used for endowment purposes must be matched with at least one non-Federal dollar.

We further propose that when an institution decides to use grant funds for endowment fund purposes, unlike the provisions in § 628.41, it must immediately match those grant funds with non-Federal dollars. We believe this latter requirement to be appropriate given the grantee institution's flexibility as to when to use its grant funds for

endowment purposes, and the limited amount of grant funds that may be used for that purpose.

We propose to amend §§ 606.10, 607.10, and 608.10 to implement these requirements by adding a new paragraph (d) relating to the use of grant funds by a grantee for establishing or increasing an endowment fund.

Clarity of the Regulations

Executive Order 12866 and the President's Memorandum of June 1, 1998 on "Plain Language in Government Writing" require each agency to write regulations that are easy to understand.

The Secretary invites comments on how to make these proposed regulations easier to understand, including answers to questions such as the following:

- Are the requirements in the proposed regulations clearly stated?
- Do the proposed regulations contain technical terms or other wording that interferes with their clarity?
- Does the format of the proposed regulations (grouping and order of sections, use of headings, paragraphing, etc.) aid or reduce their clarity?
- Would the proposed regulations be easier to understand if we divided them into more (but shorter) sections? (A "section" is preceded by the symbol "\$" and a numbered heading; for example, § 608.10 *What activities may be carried out under a grant?*)
- Could the description of the proposed regulations in the **SUPPLEMENTARY INFORMATION** section of this preamble be more helpful in making the proposed regulations easier to understand? If so, how?
- What else could we do to make the proposed regulations easier to understand?
- Send any comments that concern how the Department could make these proposed regulations easier to understand to the person listed in the **ADDRESSES** section of the preamble.

Regulatory Flexibility Act Certification

The Secretary certifies that these proposed regulations would not have a significant economic impact on a substantial number of small entities. These proposed regulations would affect small institutions of higher education using grant funds for endowment fund purposes under the Developing Hispanic-Serving Institutions, Strengthening Institutions, or Strengthening Historically Black Colleges and Universities Programs. However, the regulations implement statutory amendments applicable to the award of grant funds under these programs and are not expected to have a significant economic impact on the institutions affected.

Paperwork Reduction Act of 1995

These proposed regulations do not contain any information collection requirements.

Intergovernmental Review

These programs are subject to Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives in the Executive order is to foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

This document provides early notification of our specific plans and actions for these programs.

Assessment of Educational Impact

The Secretary particularly requests comments on whether these proposed regulations would require transmission of information that any other agency or authority of the United States gathers or makes available.
