

review. Upon completion of this review, the Department will issue appraisal instructions directly to the Customs Service. In accordance with 19 CFR 351.212(b), if applicable, we will calculate an importer-specific ad valorem duty assessment rate based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total customs value of the sales used to calculate those duties. This rate will be assessed uniformly on all entries of that particular importer made during the POR.

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of these administrative reviews, as provided by section 751(a)(1) of the Act: (1) For Viraj, a deposit equal to the above margin will be required; (2) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (3) the cash deposit rate for all other manufacturers or exporters will continue to be 48.80 percent, the "All Others" rate made effective by the original investigation.

These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: January 3, 2000.

Richard W. Moreland,

Acting Assistant Secretary for Import Administration.

DEPARTMENT OF DEFENSE

Department of the Navy

Record of Decision for the Disposal and Reuse of Naval Hospital Philadelphia, Pennsylvania

SUMMARY: The Department of the Navy (Navy), pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4332(2)(C) (1994), and the regulations of the Council on Environmental Quality that implement NEPA procedures, 40 CFR Parts 1500-1508, hereby announces its decision to dispose of Naval Hospital Philadelphia, which is located in Philadelphia, PA.

Navy analyzed the impacts of the disposal and reuse of Naval Hospital Philadelphia in an Environmental Impact Statement (EIS), as required by NEPA. The EIS analyzed three reuse alternatives and identified the Philadelphia Naval Hospital Community Reuse Plan (Reuse Plan), approved by the City of Philadelphia on June 17, 1999, and described in the EIS as the Naval Hospital Reuse Plan Alternative, as the Preferred Alternative.

The Preferred Alternative proposed to use the Naval Hospital property for residential purposes and for commercial activities and to develop public parks and recreational areas. The City of Philadelphia is the Local Redevelopment Authority (LRA) for the Naval Hospital. Department of Defense Rule on Revitalizing Base Closure Communities and Community Assistance (DoD Rule), 32 CFR 176.20(a).

Navy intends to dispose of Naval Hospital Philadelphia in a manner that is consistent with the Reuse Plan. Navy has determined that the proposed mixed land use will meet the goals of achieving local economic

redevelopment, creating new jobs, and providing additional housing, while limiting adverse environmental impacts and ensuring land uses that are compatible with adjacent property. This Record of Decision does not mandate a specific mix of land uses. Rather, it leaves selection of the particular means to achieve the proposed redevelopment to the acquiring entity and the local zoning authority.

Background

Under the authority of the Defense Authorization Amendments and Base Closure and Realignment Act, Public Law 100-526, 10 U.S.C. 2687 note (1994), the 1988 Defense Secretary's Commission on Base Realignment and Closure recommended the closure of Naval Hospital Philadelphia. This recommendation was approved by the Secretary of Defense, Frank Carlucci, and accepted by the One Hundred First Congress in 1989. The Naval Hospital closed on September 30, 1991.

Naval Hospital Philadelphia is situated on 49 acres in the southern part of the City of Philadelphia. The property is oriented along the east-west axis with a rectangular border. The property is bounded on the north by Hartranft Street; on the east by Broad Street; on the South by Pattison Avenue; and on the west by 20th Street. There are residential neighborhoods north of the Naval Hospital property; a sports stadium complex composed of Veterans Stadium, First Union Spectrum, and First Union Center located east and southeast of the hospital; Franklin D. Roosevelt Park located south and southwest of the hospital; and former Navy family residences known as Capehart Housing to the west of the hospital.

This Record of Decision addresses the disposal and reuse of the entire Naval Hospital property, which is surplus to the needs of the Federal Government. The surplus property, covering 49 acres, contains 56 buildings that provide about 687,000 square feet of space. The 15-story main Hospital building (Building 1) and its wings (Buildings 2 and 3) were built in 1935 and account for about half of the Hospital's floor space. Nearly all of the remaining 53 structures are one-story buildings.

Navy published a Notice of Intent in the **Federal Register** on March 23, 1994, announcing that the Navy would prepare an EIS for the disposal and reuse of Naval Hospital Philadelphia. On April 6, 1994, Navy held a public scoping meeting at the Holy Spirit Roman Catholic Church in Philadelphia, and the scoping period concluded on April 29, 1994. On July 8, 1994, Navy
