

publishes its reasons for so finding or (ii) as to which the sale-regulatory organization consents, the Commission will:

(A) By order approve such proposed rule change, or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW, Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the NASD. All submissions should refer to File No. SR-NASD-00-05 and should be submitted by May 2, 2000.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.⁸

Margaret H. McFarland,

Deputy Secretary.

BILLING CODE 8010-01-M

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

DEPARTMENT OF COMMERCE

Request for Public Views

April 3, 2000.

AGENCIES: Office of the United States Trade Representative and Department of Commerce.

ACTION: Request for public views on procedures for obtaining trade policy advice from nongovernmental organizations.

SUMMARY: Recently the United States Trade Representative (the USTR) and the Secretary of Commerce (the

Secretary) announced a joint initiative to enhance opportunities for nongovernmental organizations to provide their views to the Administration on key trade issues. As part of that initiative USTR and Commerce are seeking comments and suggestions from the public on ways to strengthen channels of communication between these groups and the Administration on trade policy matters.

DATES: Written comments should be sent no later than July 10, 2000 to the Office of the United States Trade Representative at the address indicated below.

FOR FURTHER INFORMATION: Contact Pate Felts, Assistant USTR for Intergovernmental Affairs and Public Liaison ((202) 395-6120), or Patrick Morris, Director of the Office of Export Promotion Coordination, Department of Commerce ((202) 482-4501).

SUPPLEMENTARY INFORMATION: Congress and the Administration have established a variety of advisory committees from which the Executive Branch solicits and obtains advice on trade policy matters, including from environmental, labor, and consumer groups. Section 2155 of title 19, U.S. Code, establishes a three-tier trade policy advisory committee system, with one committee addressing overall policy advice, several committees providing advice on more specific policy issues, and a larger number of committees covering sectoral, technical, or functional issues.

The Administration seeks trade policy advice from environmental, labor, consumer, and other groups through three advisory committees. Specifically, the Advisory Committee for Trade Policy and Negotiations (ACTPN) provides the President and the USTR with broad advice on trade matters. The ACTPN membership is drawn from chief executive officers of agriculture, consumer, environment, industry, and labor groups. The President has also established a Trade and Environment Policy Advisory Committee (TEPAC), which primarily addresses trade and environment issues. TEPAC members are drawn from agriculture, consumer, environmental, industry, and labor groups, and from non-federal governments. A Labor Advisory Committee (LAC) provides advice on trade issues and labor. The LAC is administered by the Department of Labor and is composed exclusively of labor union representatives.

The Administration seeks trade policy advice on environmental, labor, consumer, and other issues in other ways as well. For example, in formulating specific U.S. objectives in

major trade negotiations, USTR routinely solicits written comments from the public, consults with interested constituencies, holds public hearings, and meets with a broad spectrum of non-governmental groups at their request.

On January 11, 2000, the Secretary and the USTR announced an initiative to seek views from the public on ways to enhance the effectiveness of Administration efforts to obtain advice from non-governmental organizations on important trade policy matters. Through this notice, USTR and Commerce are seeking comments from the public on changes to the advisory committee system that would help to ensure that the Administration obtains timely, relevant trade policy advice from consumer, environmental, labor, and other non-governmental organizations.

Public Comments

Persons wishing to submit written comments should provide twenty (20) typed copies no later than July 10, 2000 to Gloria Blue, Office of the U.S. Trade Representative, Room 122, 600 17th Street, NW., Washington, DC 20508.

Written comments submitted in connection with this request will be available for inspection in the USTR Reading Room. An appointment to review the file at USTR may be made by calling Brenda Webb (202) 395-6186. The USTR Reading Room is located at the Office of the United States Trade Representative, 600 17th Street, NW, Washington, DC and is open to the public from 9:30 a.m. to 12 noon, and from 1 p.m. to 4 p.m., Monday through Friday.

Pate Felts,

*Assistant United States Trade Representative,
Intergovernmental Affairs and Public Liaison.*

Michael J. Copps,

*Assistant Secretary for Trade Development,
U.S. Department of Commerce.*

BILLING CODE 3190-01-M

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Proposed Advisory Circular 25.905-X, Minimizing the Hazards From Propeller Blade and Hub Failures

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of availability of proposed Advisory Circular (AC) 25.905-X and request for comments.

⁸ 17 CFR 200.30-3(a)(12).

SUMMARY: This notice announces the availability of and requests comment on a proposed advisory circular (AC) that provides methods acceptable to the Administrator for showing compliance with the airworthiness standards for propeller installations on transport category airplanes. The guidance provided in the AC supplements the engineering and operational judgment that must form the basis of any compliance findings relative to design precautions that should be taken to minimize the hazards to an airplane in the event that a propeller blade fails or is released by a hub failure. This notice is necessary to give all interested persons an opportunity to present their views on the proposed AC.

DATES: Comments must be received on or before June 12, 2000.

ADDRESSES: Send all comments on the proposed AC to: Federal Aviation Administration, Attn: Michael Dostert, FAA, Transport Airplane Directorate, Aircraft Certification Service, Propulsion/Mechanical Systems Branch, ANM-112, 1601 Lind Avenue SW., Renton, Washington 98055-4056. Comments may be inspected at the above address between 7:30 a.m. and 4:00 p.m. weekdays, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Jill DeMarco, Program Management Branch, ANM-114, Transport Airplane Directorate, FAA, 1601 Lind Avenue SW., Renton, Washington 98055-4056; telephone (425) 227-1313.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested persons are invited to comment on the proposed AC by submitting such written data, views, or arguments as they may desire. Commenters must identify the AC by title and submit comments in duplicate to the address specified above. The Transport Airplane Directorate will consider all communications received on or before the closing date for comments before issuing the final AC.

Availability of Proposed AC

The proposed AC can be found and downloaded from the Internet at <http://www.faa.gov/avr/air/airhome.htm>, at the link titled "Draft AC's" under the "Available Information" drop-down menu. A paper copy of the proposed AC may be obtained by contacting the person named above under the caption "**FOR FURTHER INFORMATION CONTACT.**"

Discussion

Proposed AC 25.905-X, "Minimizing the Hazards from Propeller Blade and

Hub Failures," has been prepared to provide guidance on one means of demonstrating compliance with the requirements of § 25.905, "Propellers," of Title 14, Code of Federal Regulations (CFR) part 25, commonly referred to as part 25 of the Federal Aviation Regulations (FAR). Part 25 contains the airworthiness standards applicable to transport category airplanes.

The means of compliance described in proposed AC 25.905-X is intended to provide guidance to supplement the engineering and operational judgment that must form the basis of any compliance findings relative to paragraph § 25.905(d). That paragraph addresses design precautions that should be taken to minimize the hazards to an airplane in the event that a propeller blade fails or is released by a hub failure.

In accordance with § 25.905(d), the hazards that must be considered include:

1. Damage to structure and vital systems due to the impact of a failed or released blade, and
2. The consequent unbalance created by such failure or release.

The proposed AC addresses the hazards associated with damage created by the impact of failed or released propeller blades, and provides a discussion of design practices to minimize such hazards. However, it does not address the hazard associated with unbalance created by such failure or release.

Harmonization of Standards and Guidance

The proposed AC is based on recommendations submitted to the FAA by the Aviation Rulemaking Advisory Committee (ARAC). The FAA tasked ARAC (63 FR 50954, September 23, 1998) to provide advice and recommendations on "harmonizing" certain sections of part 25 (including § 25.1183) with the counterpart standards contained in Joint Aviation Requirements (JAR) 25. The goal of "harmonization tasks," such as this, is to ensure that:

- Where possible, standards and guidance do not require domestic and foreign parties to manufacture or operate to different standards for each country involved; and
- The standards and guidance adopted are mutually acceptable to the FAA and the foreign aviation authorities.

The guidance contained in the proposed AC has been harmonized with that of the JAA, and provides a method of compliance that has been found acceptable to both the FAA and JAA.

Issued in Renton, Washington, on March 31, 2000.

Vi L. Lipski,

Acting Manager, Transport Airplane Directorate, Aircraft Certification Service.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice of Availability of the Record of Decision for the 1999 Final Supplemental Environmental Impact Statement for 1992 Environmental Impact Statement for Master Plan Development, Indianapolis International Airport

AGENCY: Federal Aviation Administration (FAA, DOT).

ACTION: Notice of availability of a record of Decision.

SUMMARY: The FAA is issuing this notice to advise the public that the FAA Regional Administrator has approved and signed the Record of Decision (ROD) for implementation of air traffic control noise abatement procedures and land use mitigation measures at Indianapolis International Airport on March 20, 2000.

ADDRESSES: The Record of Decision is available for review at: Federal Aviation Administration, Airspace Branch, AGL-520, 2300 East Devon Avenue, Des Plaines, Illinois 60018.

FOR FURTHER INFORMATION CONTACT: Ms. Annette Davis, Environmental Specialist, AGL-520.E, 2300 East Devon Avenue, Des Plaines, Illinois 60018, Telephone (847) 294-8091.

SUPPLEMENTARY INFORMATION: The FAA is issuing this notice of availability of its March 20, 2000 Record of Decision to assure that all persons have notification that the FAA has decided to implement the air traffic control noise abatement procedures and land use mitigation measures for Indianapolis International Airport contained in the 1999 Final Supplemental Environmental Impact Statement for the 1992 Environmental Impact Statement for the 1992 Environmental Impact Statement for Master Plan Development.

Issued in Des Plaines, Illinois on March 22, 2000.

David B. Johnson,

Acting Manager, Air Traffic Division.
