

maintained by NRO shall not be disclosed by any means to any person or agency outside the NRO except with the written consent of the individual subject of the record, unless as provided in this part.

(b) Except for disclosure made to members of the NRO in connection with their official duties and disclosures required by the Freedom of Information Act, an accounting will be kept of all disclosures of records maintained in NRO systems of records and of all disclosures of investigative information. Accounting entries will record the date, kind of information, purpose of each disclosure, and the name and address of the person or agency to whom the disclosure is made. Accounting records will be maintained for at least five years after the last disclosure or for the life of the record, whichever is longer. Subjects of NRO records will be given access to associated accounting records upon request except for disclosures made pursuant to § 326.4, or where an exemption has been properly claimed for the system of records.

§ 326.15 Fees.

Individuals requesting copies of their official personnel records are entitled to one free copy; a charge will be assessed for additional copies. There is a cost of \$.15 per page. Fees will not be assessed if the cost is less than \$30.00. Fees should be paid by check or postal money order payable to the Treasurer of the United States and forwarded to the Privacy Act Coordinator, NRO, at the time the copy of the record is delivered. In some instances, fees will be due in advance.

§ 326.16 Penalties.

Each request shall be treated as a certification by the requester that he is the individual named in the request. The Privacy Act provides criminal penalties for any person who knowingly and willfully requests or obtains any information concerning an individual under false pretenses.

§ 326.17 Exemptions.

(a) All systems of records maintained by the NRO shall be exempt from the requirements of 5 U.S.C. 552a(d) pursuant to 5 U.S.C. 552a(k)(1) to the extent that the system contains any information properly classified under Executive Order 12958 and which is required by the Executive Order to be withheld in the interest of national defense of foreign policy. This exemption, which may be applicable to parts of all systems of records, is necessary because certain record systems not otherwise specifically

designated for exemptions herein may contain items of information that have been properly classified.

(b) No system of records within the NRO shall be considered exempt under subsection (j) or (k) of the Privacy Act until the exemption and the exemption rule for the system of records has been published as a final rule in the **Federal Register**.

(c) An individual is not entitled to have access to any information compiled in reasonable anticipation of a civil action or proceeding (5 U.S.C. 552a(d)(5)).

(d) Proposals to exempt a system of records will be forwarded to the Defense Privacy Office, consistent with the requirements of 32 CFR part 310, for review and action.
