DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Approval of Record of Decision; Final Environmental Impact Statement and General Management Plan for Redwood National and State Parks, Humboldt and Del Norte Counties, California

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969 (Pub.L. 91-190, as amended), and the regulations promulgated by the Council of Environmental Quality at 40 CFR 1505.2, the Department of the Interior, National Park Service has prepared and approved a Record of Decision for the Final Environmental Impact Statement (FEIS) for the General Management Plan (GMP) for Redwood National and State Parks, California.

Redwood National and State Parks are comprised of Redwood National Park and three state parks included within the national park boundary, Jedediah Smith, Del Norte Coast, and Prairie Creek Redwoods State Parks. The Final GMP is a joint General Management Plan/General Plan (GMP/GP) produced in cooperation with the State of California's Department of Parks and Recreation. This document incorporates all the elements of an Environmental Impact Report/General Plan (EIR/GP) required under state law. The National Park Service (NPS) and the California Department of Parks and Recreation (CDPR) will use the joint plan as a comprehensive guide for managing the 105,516-acre area of contiguous federal and state parklands cooperatively. The California State Park and Recreation Commission issued a resolution following a public hearing on the FEIR/GP on November 17, 1999 unanimously approving the Proposed Action (alternative 1) as it appeared in the FEIS/R as the option under which the three state parks will be managed. The CDPR has completed its conservation planning and environmental impact analysis process required under the California Environmental Quality Act.

The NPS will implement actions identified as the Proposed Action (alternative 1) in the Final General

Management Plan/General Plan, as described in the Final EIS/R issued in November 1999. The Draft EIS/R was issued in August 1998 and analyzed three alternatives in addition to the Proposed Action. Under the no action alternative (alternative 2), the parks would be managed according to the prescriptions in the 1980 Redwood National Park General Management Plan and the 1985 State Redwoods Parks General Plan, and subsequent approved planning documents based on those general plans. Under the Preservation Emphasis alternative (alternative 3), the agencies would emphasize the preservation and restoration of the parks' resources and values; opportunities for public use and enjoyment would be limited to experiences that are consistent with this high degree of resource stewardship. This was the environmentally preferred alternative but it was not selected because it unnecessarily restricted visitor use without a substantial concomitant increase in benefits to the resources when compared to the selected action. Under the Visitor Use Emphasis alternative (alternative 4), the agencies would provide a wide spectrum of appropriate visitor experiences that relate to the parks' resources, consistent with overarching obligations to protect the parks' resources and values.

The Record of Decision is a concise statement of all alternatives considered, what decisions were made, and the rationale supporting the selection of the final plan. It also contains a synopsis of the conservation planning and environmental impact analysis process, identifies the environmentally preferred alternative, notes the important public collaboration undertaken and its part in the decision, and summarizes the critical mitigation measures.

Copies of the complete Record of Decision may be obtained from the Superintendent, Redwood National and State Parks, 1111 Second Street, Crescent City, CA, or via telephone at (707) 464-6101.

Dated: April 6, 2000.

John J. Reynolds,

Regional Director, Pacific West Region.

BILLING CODE 4310-70-P

DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Realty Action; Mojave National Preserve

AGENCY: National Park Service, Interior.

SUMMARY: Proposed Exchange of Federal Property for Private Property at Mojave National Preserve.

FOR FURTHER INFORMATION CONTACT:

Sondra S. Humphries, Chief, Pacific Land Resources Program Center at (415) 427-1416.

SUPPLEMENTARY INFORMATION: Public comments will be accepted for a period of 45 calendar days from the date of this notice. In order to resolve the encroachment of a private residence and ranch headquarters on federal land, it is necessary for the National Park Service to effect a land exchange at Mojave National Preserve, San Bernardino County, California.

Authority for the land exchange is contained in 16 U.S.C. 410aaa-56. The land to be conveyed by the United States of America is located approximately 15 miles northwesterly from Interstate Highway 15 off of Essex Road and contains 40.00 acres, more or less.

The land to be acquired by the United States of America is located seven miles northeast of the intersection of Essex and Black Canyon Roads and also contains 40.00 acres, more or less.

Both sites were surveyed for the presence of hazardous materials and none were found. In addition, natural and cultural resource surveys were conducted and impacts were found to be minimal. The biological survey did not disclose the presence of any rare, endangered or threatened species.

Title to the lands being exchanged will be subject to encumbrances of record as well as existing rights-of-way.

The value of the lands to be exchanged shall be determined by a current fair market appraisal and if they are not equal, the value shall be equalized by payment of cash and/or donation, as circumstances require.

The 40.00 acre parcel to be acquired by the United States of America will enable the National Park Service to further protect critical Desert Tortoise Habitat within the Preserve.

Detailed information concerning this proposal, land descriptions, Land Protection Plan and other information are available at the National Park Service, Pacific Land Resources Program Center, 600 Harrison Street, Suite 600, San Francisco, California, 94107-1372.

Comments will be accepted from interested parties for a period of 45 calendar days from the date of this notice, and may be submitted to the above address. Comments will be evaluated and this action may be modified or vacated accordingly. In the absence of any action to modify or vacate, the realty action will become the

final determination of the Department of the Interior.

Dated: October 6, 1999.

Martha K. Leicester,

Acting Regional Director, Pacific West Region.

DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Availability of Approved Director's Orders 53, the Revised Guidance for All Special Park Uses in Units of the National Park Service

AGENCY: National Park Service, Interior.

ACTION: Public notice of approved policy statement.

SUMMARY: The National Park Service (NPS) announces approval of Director's Order #53, the revised guidance document for all special park uses in National Park. This Director's Order was developed to provide policy guidance to NPS managers who deal with requests for special park uses including but not limited to special events, utility rights-of-way including those for telecommunication antenna sites, commercial filming and photography, and other uses. This material will appear as Director's Order #53, Special Park Uses, and be distributed to all NPS units. This document provides policy and procedures to park managers concerning all aspects of requests for special uses in the National Park System, from the initial contact, through review and approval of permits, on-scene protection of resources, and ending with complete recovery and restoration of the site. This document supersedes and replaces the existing NPS-53, as well as Director's Order 53A dealing only with telecommunications, and consists of a concise treatment of the entire subject of special park uses.

SUPPLEMENTARY INFORMATION: On October 12, 1999, the NPS published a notice in the **Federal Register** (64 FR 55309) that draft Director's Order #53 was available for public review and asking for comment. The NPS received a total of two responses to that notice. These comments and the NPS responses are as follows:

Analysis of Comments

Comment: One respondent objected to use by the NPS of condition number 8 on the existing, pre-printed Special Use Permit form as being inapplicable in most circumstances. Condition number 8 dealt with required compliance with

Executive Order 11246, equal opportunity compliance.

Response: The NPS agrees that compliance with Executive Order 11246 should not be required of Special Use Permit holders and is taking steps to remove that section from the pre-printed special use permit form.

Comment: One respondent, commenting on the proposed policy section dealing with Native American Rights, pointed out the existence of additional authorities over and above what the proposed policy section had already cited.

Response: The NPS agrees and has added the additional authorities suggested. The final Director's Order was approved on April 4, 2000. An electronic copy of the approved order may be viewed and downloaded from the internet at URL www.nps.gov/refdesk/DOrders/index.htm, or a copy may be obtained by writing: National Park Service, Ranger Activity Division, 1849 C St. NW, Suite 7408, Washington, DC 20240, or by calling 202-208-4874.

EFFECTIVE DATE: This policy document is in effect from the date of approval by the Director, National Park Service.

FOR FURTHER INFORMATION CONTACT: Dick Young at 757-898-7846, or 757-898-3400, ext. 51.

Dated: April 7, 2000.

Chris Andress,

Chief, Ranger Activities Division.

BILLING CODE 4310-70-M

INTERNATIONAL TRADE COMMISSION

[Investigations Nos. 701-TA-269-270 (Review) and 731-TA-311-317 and 379-380 (Review)]

Brass Sheet and Strip from Brazil, Canada, France, Germany, Italy, Japan, Korea, the Netherlands, and Sweden¹

Determinations

On the basis of the record² developed in the subject five-year reviews, the United States International Trade Commission determines, pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)) (the Act), that revocation of the countervailing duty orders on brass sheet and strip from Brazil and France, and the antidumping duty orders on brass sheet and strip from Brazil, Canada, France, Germany,

Italy, and Japan, would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.³ The Commission further determines that revocation of the antidumping duty orders on brass sheet and strip from Korea, the Netherlands, and Sweden would not be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁴

Background

The Commission instituted these reviews on February 1, 1999 (64 FR 4892) and determined on May 6, 1999 that it would conduct full reviews (64 FR 27294, May 19, 1999). Notice of the scheduling of the Commission's reviews and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on July 19, 1999 (64 F.R. 38688). The hearing was held in Washington, DC, on February 10, 2000, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these reviews to the Secretary of Commerce on April 12, 2000. The views of the Commission are contained in USITC Publication 3290 (April 2000), entitled Brass Sheet and Strip from Brazil, Canada, France, Germany, Italy, Japan, Korea, the Netherlands, and Sweden: Investigations Nos. 701-TA-269 & 270 (Review), and 731-TA-311-317 and 379-380 (Review).

Issued: April 12, 2000.

By order of the Commission.

Donna R. Koehnke,

Secretary.
