National Park Service

Notice of Inventory Completion for Native American Human Remains in the Possession of the University of Pennsylvania Museum of Archaeology and Anthropology, Philadelphia, PA

AGENCY: National Park Service

ACTION: Notice

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains in the possession of the University of Pennsylvania Museum of Archaeology and Anthropology, Philadelphia, PA.

A detailed assessment of the human remains was made by University of Pennsylvania Museum professional staff in consultation with representatives of the Cayuga Nation of New York.

In 1894, human remains representing one individual were excavated from a burial near Union Springs, Cayuga County, NY by William W. Adams, who donated these human remains to the Academy of Natural Sciences, Philadelphia, PA. In 1997, these human remains were transferred from the Academy of Natural Sciences to the University of Pennsylvania Museum of Archaeology and Anthropology. No known individual was identified. No associated funerary objects are present.

Based on accession information, this individual has been identified as Native American. No further information exists for this individual.

Based on the above mentioned information, officials of the University of Pennsylvania Museum of Archaeology and Anthropology have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of one individual of Native American ancestry. Officials of the University of Pennsylvania Museum of Archaeology

and Anthropology have determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity which can be reasonably traced between these Native American human remains and the Cayuga Nation of New York.

This notice has been sent to officials of the Cayuga Nation of New York and the Seneca-Cayuga Tribe of Oklahoma. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains should contact Dr. Jeremy Sabloff, the Charles K. Williams II Director, University of Pennsylvania Museum of Archaeology and Anthropology, 33rd and Spruce Streets, Philadelphia, PA 19104-6324; telephone: (215) 898-4051, fax (215) 898-0657, before February 14, 2000. Repatriation of the human remains to the Cayuga Nation of New York may begin after that date if no additional claimants come forward.

The National Park Service is not responsible for the determinations within this notice.

Dated: January 5, 2000.

Francis P. McManamon,

Departmental Consulting Archeologist, Manager, Archeology and Ethnography Program.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Animas-La Plata Project, Colorado and New Mexico, INT-DES-00-02

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of Availability and Notice of Public Hearings for the Draft Supplemental Environmental Impact Statement to the 1996 Final Supplement to the Final Environmental Statement for the Animas-La Plata Project.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) of 1969 (as amended), the Department of the Interior, Bureau of Reclamation (Reclamation), has prepared a Draft Supplemental Environmental Impact Statement (DSEIS) to the 1996 Final Supplement to the Final Environmental Statement for the Animas-La Plata Project (ALP). The DSEIS will evaluate the environmental impacts of various alternatives for final implementation of the Colorado Ute Settlement Act. One of the alternatives analyzed is the Administration Proposal, which was announced on August 11, 1998, and is limited to a smaller dam and reservoir

designed to supply municipal and industrial water to the Colorado Ute Tribes, Navajo Nation, and non-Indian entities in the local area. This modified project deviates from those previously evaluated for ALP, thus necessitating the need for supplemental environmental review. The proposal also contains a nonstructural element as part of the settlement implementation which has not been the subject of any previous analysis under NEPA. Three public hearings will be held to receive comments from interested individuals and organizations on the environmental impacts of the proposal.

DATES: A 60-day public review period commences with the publication of this notice. Written comments on the DSEIS are due by March 17, 2000 and should be submitted to the Four Corners Division Manager, Bureau of Reclamation. Public hearings on the DSEIS will be held during the month of February in Durango, Farmington, and Denver. The public hearings schedule is as follows:

February 15, 2000, 7–9 p.m., Double Tree Hotel, Main Ballroom, 501 Camino Del Rio, Durango, Colorado February 16, 2000, 7–9 p.m., Farmington Civic Center, Exhibition Hall 1, 200 West Arrington, Farmington, New Mexico.

February 17, 2000, 7–9 p.m., Denver Convention Center, Room A–209, 700 14th Street, Denver, Colorado.

ADDRESSES: Written comments on the DSEIS should be addressed to Pat Schumacher, Four Corners Division Manager, Four Corners Division of the Western Colorado Area Office, 835 East Second Avenue, Suite 300, Durango, Colorado 81301-5475; telephone (970) 385-6590; faxogram (970) 385-6539; Email ALPDSEISComments@uc.usbr.gov. The document is available on the Internet at http://www.uc.usbr.gov under the Environmental Studies. Summaries & Reports heading. If requesting copies of the DSEIS, contact Mr. Schumacher using any of the methods noted above.

Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from public disclosure, which we will honor to the extent allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of

organizations or businesses, available for public disclosure in their entirety.

Copies of the DSEIS are also available for public review and inspection at the following locations:

- Bureau of Reclamation, U.S. Department of the Interior, Room 7455, 18th and C Streets, N.W., Washington, D.C. 20240.
- Bureau of Reclamation, Denver Office Library, Denver Federal Center, Building 67, Room 67, Denver, Colorado 80225.
- Bureau of Reclamation, Upper Colorado Regional Office, 125 South State Street, Room 6107, Salt Lake City, Utah 84138.
- Bureau of Reclamation, Four Corners Division of the Western Colorado Area Office, 835 East Second Avenue, Suite 300, Durango, Colorado 81301–5475.
- Bureau of Reclamation, Western Colorado Area Office, 2764 Compass Drive, Suite 106, Grand Junction, Colorado 81506.
- Local Affairs Department/Division of Local Government, Attention: Charles Unseld, 1313 Sherman Street, Room 521, Denver, Colorado 80203.
- Energy, Minerals and Natural Resources Department, Attention: Jennifer A. Salisbury, Secretary, 2040 South Pacheco Street, Santa Fe, New Mexico 87505.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Trinity River Basin Fish and Wildlife Task Force; Meeting

AGENCY: Bureau of Reclamation (Reclamation), Department of the Interior.

ACTION: Notice of public meeting.

SUMMARY: In accordance with Section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463), announcement is made of a meeting of the Trinity River Basin Fish and Wildlife Task Force.

DATES: The meeting will be held on Tuesday, February 8, 2000, 1 p.m. to 5 p.m. and Wednesday, February 9, 2000, 8 a.m. to 12 p.m.

ADDRESSES: The meeting will be at the Red Lion Hotel, 1929 Fourth Street, Eureka, California 95501. Telephone 707/441–4712 (FAX 707/441–4712).

FOR FURTHER INFORMATION CONTACT: Mr. Russell P. Smith, Chief, Environmental and Natural Resource Division, Northern California Area Office, 1639 Shasta Dam Boulevard, Shasta Lake, California 96019. Telephone: 530/275—1554 (TDD 530/450–6000).

SUPPLEMENTARY INFORMATION: The Trinity River Basin Fish and Wildlife Task Force will meet to formulate and implement the ongoing Trinity River watershed ecosystem management program for fish and wildlife. This program considers the needs of multiple species and their interactions with physical habitats in restoring the natural function, structure, and species composition of the ecosystem, recognizing that all components are interrelated.

Dated: January 10, 2000.

Lester A. Snow,

Regional Director.

BILLING CODE 4310-94-P

INTERNATIONAL TRADE COMMISSION

[Investigations Nos. 731–TA–861 & 862 (Preliminary)]

Certain Expandable Polystyrene Resins From Indonesia and Korea

Determinations

On the basis of the record ¹ developed in the subject investigations, the United States International Trade Commission determines, ² pursuant to section 733(a) of the Tariff Act of 1930 (19 U.S.C. 1673b(a)) (the Act), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports from Indonesia and Korea of certain expandable polystyrene resins (EPS resins), ³ provided for in subheading 3903.11.00 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (LTFV).

Commencement of Final Phase Investigations

Pursuant to section 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling which will be published in the Federal Register as provided in section 207.21 of the Commission's rules upon notice from the Department of Commerce (Commerce) of affirmative preliminary determinations in the investigations under section 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under section 735(a) of the Act. Parties that filed entries of

 $^{^{1}}$ The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

²Commissioner Thelma J. Askey dissenting; Commissioner Deanna Tanner Okun not participating.

³ For purposes of these investigations, Commerce has defined "certain expandable polystyrene resins" as the raw material manufactured in the form of polystyrene beads, whether of regular (shape) type or modified (block) type, regardless of specification, having a weighted-average molecular weight of between 160,000 and 260,000, containing from 3 to 7 percent blowing agents, and having bead sizes ranging from 0.4 mm to 3 mm. Specifically excluded from this definition is off-grade, off-specification expandable polystyrene resin.
