

probative value, as certain information included in the margin calculations in the petition is from public sources concurrent, for the most part, with the POI (e.g., international freight and insurance, customs duty, interest rates). However, with respect to certain other data included in the margin calculations of the petition (e.g., gross United States and home market unit prices), neither the respondents nor other interested parties provided the Department with further relevant information, and the Department is aware of no other independent source of information that would enable it to further corroborate the remaining components of the margin calculation in the petition. The implementing regulation for section 776 of the Act, codified at 19 CFR 351.308(c) states, "[t]he fact that corroboration may not be practicable in a given circumstance will not prevent the Secretary from applying an adverse inference as appropriate and using the secondary information in question." Additionally, we note that the SAA at 870 specifically states that, where "corroboration may not be practicable in a given circumstance," the Department may nevertheless apply an adverse inference. Accordingly, we find, for purposes of this preliminary determination, that this information is corroborated to the extent practicable.

All Others Rate

Section 735(c)(5)(B) of the Act provides that, where the estimated weighted-averaged dumping margins established for all exporters and producers individually investigated are zero or *de minimis* or are determined entirely under section 776 of the Act, the Department may use any reasonable method to establish the estimated all-others rate for exporters and producers not individually investigated. Our recent practice under these circumstances has been to assign, as the "all others" rate, the simple average of the margins in the petition. We have done so in this case. See, e.g., *Notice of Final Determinations of Sales at Less Than Fair Value: Certain Cold-Rolled Flat-Rolled Carbon-Quality Steel Products From Argentina, Japan and Thailand*, 65 FR 5520, 5528 (February 4, 2000).

Suspension of Liquidation

For entries of SSHP from Japan, we are directing the U.S. Customs Service to suspend liquidation of those entries that are entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. We are also instructing the Customs Service to

require a cash deposit or the posting of a bond equal to the dumping margin, as indicated in the chart below. These instructions suspending liquidation will remain in effect until further notice.

Manufacturer/exporter	Margin (percent)
Sanyo Special Tube	156.81
Sumitomo Metal Industries	156.81
All Others	62.14

ITC Notification

In accordance with section 733(f) of the Act, we have notified the ITC of our determination. If our final antidumping determination is affirmative, the ITC will determine whether these imports are materially injuring, or threaten material injury to, the U.S. industry. The deadline for that ITC determination would be the later of 120 days after the date of the preliminary determination or 45 days after the date of our final determination.

Public Comment

Case briefs must be submitted no later than 30 days after the publication of this notice in the **Federal Register**. Rebuttal briefs must be filed within five business days after the deadline for submission of case briefs. A list of authorities used, a table of contents, and an executive summary of issues should accompany any briefs submitted to the Department. Executive summaries should be limited to five pages total, including footnotes.

Section 774 of the Act provides that the Department will hold a hearing to afford interested parties an opportunity to comment on arguments raised in case or rebuttal briefs, provided that such a hearing is requested by any interested party. If a request for a hearing is made in an investigation, the hearing will tentatively be held two days after the deadline for submission of the rebuttal briefs, at the U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230. Parties should confirm by telephone the time, date, and place of the hearing 48 hours before the scheduled time.

Interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request within 10 days of the publication of this notice. Requests should specify the number of participants and provide a list of the issues to be discussed. Oral presentations will be limited to issues raised in the briefs. If this investigation proceeds normally, we will make our final determination no later than 75 days after the date of issuance of this preliminary determination.

This determination is published pursuant to sections 733(f) and 777(i)(1) of the Act.

Dated: April 21, 2000.

Troy H. Cribb,

Acting Assistant Secretary for Import Administration.

351.213(h)(2) and 351.214(i)(2) of the Department's regulations. See the *Memorandum from Edward C. Yang to Joseph A. Background

On March 30, 1999, the Department received a request from Yancheng Haiteng Aquatic Products & Foods Co., Ltd. to conduct a new shipper review of the antidumping duty order on freshwater crawfish tail meat from the People's Republic of China. On May 6, 1999, the Department published its initiation of this new shipper review covering the period of September 1,

1998 through February 28, 1999 (64 FR 24328). On March 15, 2000, the Department published the preliminary results of review (65 FR 13939).

Extension of Time Limits for Final Results

Because of the complexities enumerated in the *Memorandum from Edward C. Yang to Joseph A. Spetrini, Extension of Time Limit for the Final Results of New Shipper Review of Freshwater Crawfish Tail Meat from the People's Republic of China*, dated April 7, 2000, we find this review to be extraordinarily complicated and thus are unable to complete these reviews within the time limits mandated by section 351.214(i)(2) of the Department's regulations.

Therefore, in accordance with section 351.214(i)(2) of the Department's regulations, the Department is extending the time period for issuing the final results of review until June 23, 2000.
