

(7) The Appeal Authority shall act on the appeal or provide a notice of extension within 30 working days.

§ 326.14 Disclosure of records to person other than subject.

(a) Personal records contained in a Privacy Act system of records maintained by NRO shall not be disclosed by any means to any person or agency outside the NRO except with the written consent of the individual subject of the record, unless as provided in this part.

(b) Except for disclosure made to members of the NRO in connection with their official duties and disclosures required by the Freedom of Information Act, an accounting will be kept of all disclosures of records maintained in NRO systems of records and of all disclosures of investigative information. Accounting entries will record the date, kind of information, purpose of each disclosure, and the name and address of the person or agency to whom the disclosure is made. Accounting records will be maintained for at least five years after the last disclosure or for the life of the record, whichever is longer. Subjects of NRO records will be given access to associated accounting records upon request except for disclosures made pursuant to § 326.4, or where an exemption has been properly claimed for the system of records.

§ 326.15 Fees.

Individuals requesting copies of their official personnel records are entitled to one free copy; a charge will be assessed for additional copies. There is a cost of \$.15 per page. Fees will not be assessed if the cost is less than \$30.00. Fees should be paid by check or postal money order payable to the Treasurer of the United States and forwarded to the Privacy Act Coordinator, NRO, at the time the copy of the record is delivered. In some instances, fees will be due in advance.

§ 326.16 Penalties.

Each request shall be treated as a certification by the requester that he is the individual named in the request. The Privacy Act provides criminal penalties for any person who knowingly and willfully requests or obtains any information concerning an individual under false pretenses.

§ 326.17 Exemptions.

(a) All systems of records maintained by the NRO shall be exempt from the requirements of 5 U.S.C. 552a(d) pursuant to 5 U.S.C. 552a(k)(1) to the extent that the system contains any information properly classified under Executive Order 12958 and which is

required by the Executive Order to be withheld in the interest of national defense of foreign policy. This exemption, which may be applicable to parts of all systems of records, is necessary because certain record systems not otherwise specifically designated for exemptions herein may contain items of information that have been properly classified.

(b) No system of records within the NRO shall be considered exempt under subsection (j) or (k) of the Privacy Act until the exemption and the exemption rule for the system of records has been published as a final rule in the **Federal Register**.

(c) An individual is not entitled to have access to any information compiled in reasonable anticipation of a civil action or proceeding (5 U.S.C. 552a(d)(5)).

(d) Proposals to exempt a system of records will be forwarded to the Defense Privacy Office, consistent with the requirements of 32 CFR part 310, for review and action.

Approval and Promulgation of Air Quality Implementation Plans; Tennessee; Adoption of Rule Governing Any Credible Evidence

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: On November 16, 1994, the Tennessee Department of Environment and Conservation submitted to EPA revisions to the Nashville-Davidson County Local Implementation Plan (LIP). These revisions consisted of the adoption of section 10.56.290 Measurement and Reporting of Emissions amendments in the Metropolitan/Nashville Code of Laws.

On May 3, 1995, the Tennessee Department of Environment and Conservation submitted to EPA revisions to the Tennessee State Implementation Plan (SIP). These revisions consisted of the adoption of Rule 1200-3-10-.04 Sampling, Recording and Reporting Required For Major Stationary Sources.

The adoptions of section 10.56.290 into the Nashville-Davidson County LIP and Rule 1200-3-10-.04 into the Tennessee SIP are being implemented to meet the requirements of credible evidence. These requirements were set forth in the May 23, 1994 SIP call letter. In the final rules section of this **Federal Register**, the EPA is approving the revision as a direct final rule without prior proposal because the EPA views this as a noncontroversial revision

amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments will be addressed in a subsequent final rule based on this proposed rule. Approval and Promulgation of Implementation Plans Florida: Approval of Revisions to the Florida State Implementation Plan

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes to approve a revision to the Florida State Implementation Plan (SIP) submitted on December 26, 1996, by the State of Florida through the Florida Department of Environmental Protection (FDEP). This source-specific revision amends the SIP to include a variance granted to the Harry S. Truman Animal Import Center (HSTAIC) for its incinerator facility located in Monroe County, Florida. The variance allows HSTAIC to operate under the particulate matter standard applicable to biological waste combustion facilities.

If no adverse comments are received in response to this action, no further activity is contemplated in relation to this proposed rule.
