[Inv. No. 337-TA-414]

### In the Matter of Certain Semiconductor Memory Devices and Products Containing Same; Notice of Commission Determination To Extend the Target Date for Completion of the Investigation

**AGENCY:** U.S. International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the U.S. International Trade Commission has determined to extend the target date for completion of the above-captioned investigation by 45 days, or until Monday, June 26, 2000.

**FOR FURTHER INFORMATION CONTACT:** Clara Kuehn, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street, S.W., Washington, D.C. 20436, telephone (202) 205-3012. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>).

**SUPPLEMENTARY INFORMATION:** The Commission ordered the institution of this investigation on September 18, 1998, based on a complaint filed on behalf of Micron Technology, Inc., 8000 South Federal Way, Boise, Idaho 83707-0006 ("complainant"). The notice of investigation was published in the **Federal Register** on September 25, 1998, 63 FR 51372 (1998).

The presiding administrative law judge (ALJ) issued his final initial determination (ID) on November 29, 1999, concluding that there was no violation of section 337. He found that: (a) Complainant failed to establish the requisite domestic industry showing for any of the three patents at issue; (b) all asserted claims of the patents are invalid; (c) none of the asserted claims of the patents are infringed; and (d) all of the patents are unenforceable for inequitable conduct. On February 1, 2000, the Commission determined to review the final ID in its entirety and two procedural issues. The notice of the Commission decision to review the final ID was published in the **Federal Register** on February 7, 2000, 65 FR 5890 (2000). On February 15, 2000, respondents, complainant, and the Commission investigation attorney (IA) filed written submissions on the issues under review. Responsive submissions were filed on February 22, 2000.

On April 4, 2000, complainant Micron and respondents Mosel Vitelic, Inc. and Mosel Vitelic Corp. (collectively "Mosel") filed a joint motion to terminate the investigation by settlement and vacate the ID. The IA filed a response to the joint motion on April 14, 2000. The joint motion is currently pending before the Commission. The Commission determined that, given the pending joint motion, the target date for completion of the investigation should be extended until Monday, June 26, 2000. The previous target date for completion of this investigation was May 11, 2000.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in sections 201.14, 210.6, and 210.51(a) of the Commission's Rules of Practice and Procedure (19 CFR 201.14, 210.6, and 210.51(a)).

Copies of the public version of all nonconfidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, S.W., Washington, D.C. 20436, telephone 202-205-2000.

By order of the Commission.

Issued: May 4, 2000.

## NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

### Records Schedules; Availability and Request for Comments

**AGENCY:** National Archives and Records Administration (NARA).

**ACTION:** Notice of availability of proposed records schedules; request for comments.

**SUMMARY:** The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

**DATES:** Requests for copies must be received in writing on or before June 26, 2000. Once the appraisal of the records is completed, NARA will send a copy of the schedule. NARA staff usually prepare appraisal memorandums that contain additional information concerning the records covered by a proposed schedule. These, too, may be requested and will be provided once the appraisal is completed. Requesters will be given 30 days to submit comments.

**ADDRESSES:** To request a copy of any records schedule identified in this notice, write to the Life Cycle Management Division (NWML), National Archives and Records Administration (NARA), 8601 Adelphi Road, College Park, MD 20740-6001. Requests also may be transmitted by FAX to 301-713-6852 or by e-mail to records.mgt@arch2.nara.gov. Requesters must cite the control number, which appears in parentheses after the name of the agency which submitted the schedule, and must provide a mailing address. Those who desire appraisal reports should so indicate in their request.

#### FOR FURTHER INFORMATION CONTACT:

Marie Allen, Director, Life Cycle Management Division (NWML), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001. Telephone: (301) 713-7110. E-mail: records.mgt@arch2.nara.gov.

**SUPPLEMENTARY INFORMATION:** Each year Federal agencies create billions of records on paper, film, magnetic tape,

and other media. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval, using the Standard Form (SF) 115, Request for Records Disposition Authority. These schedules provide for the timely transfer into the National Archives of historically valuable records and authorize the disposal of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

No Federal records are authorized for destruction without the approval of the Archivist of the United States. This approval is granted only after a thorough consideration of their administrative use by the agency of origin, the rights of the Government and of private persons directly affected by the Government's activities, and whether or not they have historical or other value.

Besides identifying the Federal agencies and any subdivisions requesting disposition authority, this public notice lists the organizational unit(s) accumulating the records or indicates agency-wide applicability in the case of schedules that cover records that may be accumulated throughout an agency. This notice provides the control number assigned to each schedule, the total number of schedule items, and the number of temporary items (the records proposed for destruction). It also includes a brief description of the temporary records. The records schedule itself contains a full description of the records at the file unit level as well as their disposition. If NARA staff has prepared an appraisal memorandum for the schedule, it too, includes information about the records. Further information about the disposition process is available on request.

#### Schedules Pending
