days following the meeting. Personal copies may be purchased for the cost of duplication.

FOR FURTHER INFORMATION CONTACT: Laury Parramore, Council Coordinator, at (703) 358–1711.

SUPPLEMENTARY INFORMATION: The Sport Fishing and Boating Partnership Council was formed in January 1993 to advise the Secretary of the Interior through the Fish and Wildlife Service Director about sportfishing and boating issues. The Council represents the interests of the public and private sectors of the sport fishing and boating communities and is organized to enhance partnerships among industry, constituency groups, and government. The 18-member Council includes the director of the Service and the president of the International Association of Fish and Wildlife Agencies, who both serve in ex officio capacities. Other Council members are directors from state agencies responsible for managing recreational fish and wildlife resources and individuals who represent the interests of saltwater and freshwater recreational fishing, recreational boating, the recreational fishing and boating industries, recreational fisheries resources conservation, aquatic resource outreach and education, and tourism. On June 6, 20000, the Council will convene to discuss: (1) Progress on a report containing recommendations for improving the National Fish Hatchery System. The report was requested by the Director of the Fish and Wildlife Service and is being written by the Hatchery Project Steering Committee, a subgroup of the Council's Technical Working Group. (2) The Council's work in its role as a facilitator of discussions with Federal and State agencies and other sportfishing and boating interests concerning a variety of national boating and fisheries management issues. (3) The Council's role in providing the Interior Secretary with information about the implementation of the Strategic Plan for the National Outreach and Communications Program. The Secretary approved the plan in February 1999, and the 5-year, \$36 million federally funded outreach campaign authorized by the 1998 Sportfishing and Boating Safety Act is now being implemented by the Recreational Boating and Fishing Foundation, a private, nonprofit organization.

Dated: May 3, 2000.

John G. Rogers,

Deputy Director.

Bureau of Land Management

(WY-060-1320-EL, WYW141435)

Availability of a Final Environmental Impact Statement on the Horse Creek Federal Coal Lease Application in the Wyoming Powder River Basin

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Availability of a Final Environmental Impact Statement on the Horse Creek Federal coal lease application in the decertified Powder River Federal Coal Production Region, Wyoming.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) and implementing regulations, and other applicable statutes, the Bureau of Land Management (BLM) announces the availability of the Final Environmental Impact Statement (FEIS) for the Horse Creek Federal coal lease application in the Wyoming Powder River Basin pursuant to 43 CFR 3425.3. This Federal coal lease application has been assigned case file number WYW141435. The FEIS analyzes the impacts of issuing a Federal coal lease for the proposed Horse Creek Federal coal tract. The Horse Creek tract is being considered for sale as a result of a coal lease application received from the Antelope Coal Company (ACC) on February 14, 1997. The tract includes approximately 2,838 acres containing approximately 356.5 million tons of geologically inplace Federal coal reserves in Campbell and Converse Counties, Wyoming. It was applied for as a maintenance tract for ACC's adjacent Antelope Mine, located in northern Converse County, Wyoming. ACC is a subsidiary of Kennecott Energy Company.

DATES: A 30-day availability period for the FEIS will start on the date that the Environmental Protection Agency publishes a notice of availability of the FEIS in the **Federal Register**. Following the 30-day availability period, a Record of Decision will be prepared and distributed.

ADDRESSES: Please address questions, comments, or requests for copies of the FEIS to the Casper District Office, Bureau of Land Management, Attn: Nancy Doelger, 2987 Prospector Drive, Casper, Wyoming 82604. Fax them to (307) 261–7587 or e-mail them to casper_wymail@blm.gov (Attn: Nancy Doelger).

FOR FURTHER INFORMATION CONTACT:

Nancy Doelger or Mike Karbs at the above address or phone: 307–261–7600.

SUPPLEMENTARY INFORMATION: The application for the Horse Creek Federal coal tract was filed as a maintenance tract lease-by-application (LBA) under the provisions of 43 Code of Federal Regulations (CFR) 3425.1.

On February 14, 1997, ACC filed coal lease application WYW141435 for the Horse Creek Federal coal tract with the BLM. On May 1, 1998, ACC modified the Horse Creek application. The modified Horse Creek Federal coal tract includes the following lands:

T. 41 N., R. 71 W., 6th PM Wyoming
Sec. 14, lots 5 thru 7, and 10 thru 15;
Sec. 15, lots 6 thru 11, and 14 thru 16;
Sec. 22, lots 1, 3 thru 6, and 9 thru 13;
Sec. 23, lots 2 thru 7, and 10 thru 16;
Sec. 25, lots 11 and 12 (S ½);
Sec. 26, lots 1 thru 8, 12, and 13;
Sec. 27, lots 1 thru 3, 5, 12 thru 14, and
16;
Sec. 24 lots 1, 7, 8 thru 10, and 16;

Sec. 34, lots 1, 7, 8 thru 10, and 16; Sec. 35, lots 8 thru 10.

The area described contains 2,837.91 acres more or less with an estimated 356.5 million tons of geologically in-place coal.

The Antelope Mine, which is adjacent to the lease application area, has an approved mining and reclamation plan from the Land Quality Division of the Wyoming Department of Environmental Quality and an approved air quality permit from the Air Quality Division of the Wyoming Department of Environmental Quality to mine up to 30 million tons of coal per year. According to the application filed for the Horse Creek Federal coal tract, the maintenance tract would be mined to extend the life of the existing mine.

The Powder River Regional Coal Team (RCT) reviewed the Horse Creek Federal coal lease application at their meeting on April 23, 1997, in Casper, Wyoming, and recommended that it be processed. The RCT was notified in writing of the modified tract configuration.

A public hearing was held at 7:00 p.m. on Wednesday, December 8, 1999, at the Holiday Inn, 2009 S. Douglas Highway, Gillette, Wyoming. The purpose of the hearing was to receive comments on the FEIS, on the fair market value, the maximum economic recovery, and the proposed competitive sale of the coal included in the proposed Horse Creek Federal coal tract. Comments on the DEIS were accepted for 60 days following November 12, 1999, the date that the Environmental Protection Agency (EPA) published their notice of availability of the FEIS in the Federal Register. The comment period for the Draft Environmental Impact Statement (DEIS) ended on January 12, 2000. Nine comments were

received on the DEIS and these are included with responses in the FEIS.

The FEIS analyzes three alternatives. The Proposed Action is to hold a competitive sealed-bid sale and issue a lease for the tract as applied for to the successful qualified bidder, if the bid meets or exceeds the fair market value of the tract as determined by the BLM. This is the preferred alternative of the BLM. The second alternative, Alternative 1, is the No Action Alternative which assumes that the tract will not be leased. The third alternative, Alternative 2, is to hold a competitive sealed-bid sale and issue a lease for the tract as modified by BLM to the successful qualified bidder, if the bid meets or exceeds the fair market value of the tract as determined by the BLM.

The Office of Surface Mining Reclamation and Enforcement is a cooperating agency in the preparation of the EIS because it is the Federal agency that would review the mining plans for the tract if it is leased, and recommend approval or disapproval of the mining plans to the Secretary of the Interior.

The lease application area is within the boundaries of the Thunder Basin National Grasslands. Some of the surface lands in the area were formerly under the jurisdiction of the United States and were administered by the U.S. Forest Service (USFS) as part of the Thunder Basin National Grasslands. As a result of recent land exchanges between the USFS and local landowners, however, there are no longer any surface lands within the lease application area that are under the jurisdiction of the USFS, and as a result, the USFS is not a cooperating agency in the preparation of this EIS.

Issues of concern that were identified related to this lease application include the potential impacts to wetlands, aquifers, agricultural producers, wildlife, wildlife habitat, wildlife-based recreation, cultural resources, public land access, and regional visibility that may occur if a lease is issued for this tract, and the potential for conflict with development of existing oil and gas leases in this area including coal bed methane. There are no producing oil or gas wells on the lease application area.

Comments received on the FEIS during the 30-day availability period, including names and street addresses of respondents, will be available for public review at the Bureau of Land Management, Casper Field Office, 2987 Prospector Drive, Casper, Wyoming, during regular business hours (8 a.m. to 4:30 p.m.), Monday through Friday, except holidays. Individual respondents may request confidentiality. If you wish to withhold your name or street address

from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives of officials of organizations or businesses, will be made available for public inspection in their entirety.

Dated: May 5, 2000.

Alan R. Pierson,

State Director.

Bureau of Land Management

[NV-930-1430-ET; Nev-059798]

Public Land Order No. 7443; Partial Revocation of Public Land Order No. 3512; Nevada

AGENCY: Bureau of Land Management, Interior.

ACTION: Public land order.

SUMMARY: This order partially revokes a public land order insofar as it affects 700.12 acres of public land withdrawn for use by the Bureau of Reclamation for the Robert B. Griffith Water Project. The land is no longer needed for the purpose for which it was withdrawn and the revocation is needed to facilitate a pending land exchange. The land will remain closed to location and entry under the mining laws, and from operation of the mineral leasing and geothermal leasing laws in accordance with Section 4(c) of the Southern Nevada Public Land Management Act of 1998.

EFFECTIVE DATE: June 12, 2000.

FOR FURTHER INFORMATION CONTACT:

Dennis J. Samuelson, BLM Nevada State Office, P.O. Box 12000, Reno, Nevada 89520, 775–861–6532.

By virtue of the authority vested in the Secretary of the Interior by Section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714 (1994), it is ordered as follows:

1. Public Land Order No. 3512, which withdrew public land for the Bureau of Reclamation's Robert B. Griffith Project, is hereby revoked insofar as it affects the following described land:

Mount Diablo Meridian

T. 21 S., R. 63 E.,

Sec. 26, lots 1, 6 to 13, inclusive, 16, 18 to 21, inclusive, and 23;

Sec. 27, SE1/4;

Sec. 34, lots 8, 10 to 13, inclusive, 15, 17, 24, and 26.

Sec. 35, lot 11

The area described contains 700.12 acres in Clark County.

2. The land described in paragraph 1 is hereby made available for disposal in accordance with Section 4 of the Southern Nevada Public Land Management Act of 1998, Public Law 105–263, 112 Stat. 2343, et seq.

Dated: April 28, 2000.

Sylvia V. Baca,

Assistant Secretary of the Interior.

Public Land Order No. 7444; Revocation of Executive Order Dated January 19, 1917, and Partial Revocation of Secretarial Order Dated January 19, 1917; Oregon

AGENCY: Bureau of Land Management, Interior.

ACTION: Public Land Order.

SUMMARY: This order revokes an Executive order in its entirety and partially revokes a Secretarial order as to 3,690.67 acres of lands withdrawn for Bureau of Land Management Powersite Reserve No. 582 and Water Power Designation No. 3. The lands are no longer needed for the purpose for which they were withdrawn. This action will open approximately 3,690.67 acres to surface entry, subject to other segregations of record. All of the lands have been and will remain open to mining and mineral leasing subject to other segregations of record.

EFFECTIVE DATE: August 10, 2000. **FOR FURTHER INFORMATION CONTACT:**
